Robin,
Neal checked on the condition of Karen's back yard today (viewed from CKSD property). Based on his description, I understand the following:

- One of the trees on Karen's property fell into her back yard parallel with her east property line.
- It did not appear to damage her house or fence.
- The terms of the signed tree agreement stated:
    - When the aforementioned work is finished, this will conclude the District's agreement and responsibilities regarding this matter. Future tree assessment or removal, if desired by the property owner, will be the responsibility and expense of the property owner.
    - CKSD is not responsible for the condition or longevity of trees that remain on residential property.

Please let me know how we should proceed.

Sydney - I have been out of town. Also we need to talk about the tree that's down in my yard now and about the arborist who evaluated the trees.

He is aware of the need to complete the work in a timely manner, however, as of this writing I have not heard back. I wanted you to be aware that I am actively working on it. As soon as a date is proposed, I

will let you know.

Thank you,
