Subject: [EXTERNAL] Public Records Request

I am requesting an opportunity to inspect or obtain copies of public records concerning Certified Law Enforcement Officers within The State.

All Publicly Available Columns within the POST Profile database for all Current Certified Law Enforcement Officers within The State. Please redact any attributes protected by privacy laws and forward a copy of the readily available database to me for inspection **in Excel .xls format**. If these records are not readily available in the format I am requesting them in, please respond and explain what records are readily available in the format requested without extensive clerical work. If the files are too large for email, please use a Dropbox link to forward them to me. NOTE: These are public records I am seeking, so Dropbox should not violate any security requirements, but if so, please explain to me what security requirements need to be met to send this file to me electronically.

I request a waiver of all fees for this request since the disclosure of the information I seek is not primarily in my commercial interest, and is likely to contribute significantly to public understanding o-f the operations or activities of the government, making the disclosure a matter of public interest.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

I will contact your office 1 week to discuss when I may expect fulfillment of my request, and payment of any statutorily prescribed fees. If you have any questions in the interim, you may contact me at the number below or via email.

**This is a legal communication to request records from a government entity under Federal and State open records laws. If you are not the custodian of the sought records, please forward this request to the proper custodian, as this is the contact we have on file for your agency. Thank you.*
