Subject: shared Routing
Importance: High

At today's SBO meeting I announced we have the shared Routing CoSer built and ready to implement. The models we have done for both district shared runs as well as shared CTE sharing has shown significant savings for the districts we used in the models using live data.
We plan on presenting the program TBA via Webex. I ask you to please let me know if you have interest in watching the presentation, with cost continuing to rise this might be a big savings for your budgets.
If you can confirm your interest by Friday 7/10/2020 I would appreciate it so I can get invites out for the Webex…thank you…Gregg
