MuckRock News

To whom it may concern:

We cannot process your request and have to deny the request. I researched our records and still could not find anything. I had my supervisor, who does expungements, check to see if this was possibly a record that had been expunged.

She was able to find that this record had in fact been expunged on 08/08/2006. Therefore, the record no longer exists, and there is nothing for us to release.

However, if you would still like to request all records for the date of 02/11/2006 our records show that for that day there is 255 CFS and 28 Reports. There is a \$15 charge per record, so the estimated cost of that request would be \$3,825 for the CFS and \$420 for all the case reports for that day. The total estimated cost would be \$4,245.

The reason it is an estimated cost is that we would have to factor in the hours of processing that high of a volume of records. If the processing of the records based on an hourly rate of the person processing these records was at a comparable rate, we would re-estimate at that time.

We are sorry for any inconvenience that this may cause you.

You have the right to appeal this denial within 30 days to the City Appeals Board of the governmental entity. A written request must be sent to the following:
