---

Dear Village Board members:

Attached for your information is the Winter 2022-23 edition of NewSkokie that will be delivered to more than 27,000 Skokie addresses next week. The newsletter also will be featured/posted on the web site home page beginning on Monday, November 21, and highlighted in the November 22 edition of *SkokieNews*.

As you'll see, the edition contains a summary of economic development that occurred in 2022, an invitation to participate in the current community review of the Skokie Police Department Mission and Values Statement, Skokie Police use of automated license plate reading cameras and an update on body cameras, 2022 Skokie Business of the Year and Public Health Partners in Public Health Awards, and more.

The next quarterly edition for spring 2023 will arrive in homes on or around March 1. Please contact me if you would like any additional information.

Best regards,
Ann
