Subject: UPDATE: RRT Meeting - one time call-in number for this weeks meeting

Hello Executive Committee,

I realize I sent out an email yesterday to an incomplete list of folks and I had meant to sent it out to this list!

Yesterday's message stated:

We've had some extenuating circumstances occur this week that are prompting us to send out a call-in number for the RRT/Executive Committee meeting on Thursday.

*It has been brought to my attention that a conscious decision was made in the past to ***not*** provide a call-in number and encourage members to travel for the face-to-face value of the RRT meeting itself. This discussion seems to have resurfaced and we will take this opportunity to talk about the merits of making the RRT/Executive Committee meeting remotely available. We will discuss it as a topic during the meeting.*

For this meeting there will be no webinar, only a conference line.
The phone number is:
RCW 42.56.420(4)
Conference ID is:
RCW 42.56.420(4)
Also, for the 2:15pm Strategic Planning time slot there will be a presentation by Sarah Brace. I've included a pdf of that presentation so that folks who call in can follow along.

Thanks and sorry for the last minute information!
