Sahleem
Tindle was killed by Bart Officer Joseph Mateu Jan 2 2018.He reported initially that Tindle was shot because he asked him to drop A gun he was pointing st the officer.After viewing the officer body cam,it reveal Mateu lied.Tindle was infact on the grown in an altercation with another man with his back to the officer at the time he was killed.Not once did Mateu identify himself as an officer,not one descalation technique was used prior to the shooting,and upon the officers command "show me your hands"Tindle raised both hands in the air and was still murdered!!This is Bad Policing and he needs to be removed from the force.He killed a man with out using any proper police protocol then lied about it..

Action needs to be taken to fire Mateu! not represent good policing and should not be allowed to serve the public in anyway , shape or form
