RE: Records Request

To Whom It May Concern:

In response to your records request dated January 26, 2024, I am presenting the following:

Context: The Town of Brewster, where the Brewster Police Department has jurisdiction, has two elementary schools, and no middle or high school. Most students in the Town of Brewster attend a regional middle and high school located outside of our jurisdiction. As a result, many of the requested documents do not apply to our agency, as the children in our schools are not at an age of criminal responsibility.

In response to item "1", the Brewster Police Department does not categorize calls as "school-related", so no database search can be done for such a category.

In response to item "2", we do not maintain records related to school incident reports.

In response to item "3", see attached MOU.

In response to item "4", see attached MOU.

In response to item "5", we do not maintain these records.

In response to item "6", zero for the Town of Brewster.

In response to item "7", see attached "911" document.

In response to item "8", we do not maintain these records.

If you have any questions, please contact the Brewster Police Department at 508-896-7011.

Very Truly Yours,

Heath J. Eldredge
