Good evening, Karen,

I am following up on your request to see the solution that has been engineered to improve the drainage condition between the south property line of your property and the District's tennis courts. Please refer to the attached sketch which illustrates a swale being constructed in the low area south of your property and directed to a swale the parallels the north curb of the tennis courts to direct water toward Frontier Place.

This work is being released to Skanska shortly. I do not have a specific timeframe for it to occur but the intent is to address it quickly.

Please let me know if you have any follow up questions.
