Ms. Soule

Central Kitsap School District is developing the land adjoining your property. Our development activity exposed the trees on your property to weather and southerly winds.

The school district employed an arborist to assess your trees. We offered to remove the specific trees on your property identified as potentially susceptible to weather and or southerly winds. Removal of these specific, identified trees would be at school district expense. We also specifically stated in our offer that the removal of additional trees would be at homeowner expense.

In order for the school district to proceed with removing these specific trees, we asked you to sign an agreement. Without signing the agreement, we cannot proceed.

Please sign and return the agreement (without conditions related to the removal of additional trees) by November 3, 2017. If we do not receive a signed agreement, we will remove our offer.

Executive Director, Business and Operations

Good morning, Karen,

I am writing to let you know that I have contacted John Rosebeary at Viking Fence a few times this week to schedule the fence work on your property. He is aware of the need to complete the work in a timely manner, however, as of this writing I have not heard back. I wanted you to be aware that I am actively working on it. As soon as a date is proposed, I will let you know.

I am not letting you manipulate me into signing this absolving your responsibility of the additional tree removal. Remove the trees as discussed and agreed upon. My legal counsel will advise if you can get away with not removing and performing the additional removal of trees in the letter sent to me in May and September.

Per the letters we were sent we were told that CKSD would at their expense remove any additional trees we wanted removed. I expect CKSD to honor what was sent to us in writing. With the last wind storm we had and the down tree in my yard, the ground root system has been compromised with the removal of the trees behind my property.

Karen,
I am sending the email below on behalf of Robin Shoemaker:

Good evening, Karen – I will be out of town after today until November
1. Sydney is trying to arrange for the tree removal for sometime next week, so I wanted to reach out to you and discuss your edits to the agreement which I had already signed without the edits.

1. To the point of Area of Work Property C last sentence on fencing:

CKSD will work with a fencing company to assess your fence for repair and/or replacement of fencing sections needing attention. We expect that assessment may, in fact, include some replacement of materials that are damaged beyond the ability to repair. As an example where the top rail is bent, I would not imagine this is repairable and still look new. We also expect that some fencing components may be repairable. But, we need the fencing company to advise first. We are not trying to avoid proper attention to make your fence whole. At the same time, we must be diligent to the public and treat both you and the public fairly in expensing the resolution. So, I am anticipating that where the word "repair" is used, this will include some replacement. We have revised the wording in the attached agreement to clarify our intentions better. The revisions are noted in red to distinguish the revised content.

2. To the point of Terms of the Agreement, bullet 4:

Bullet point 4 refers to any trees that the you may elect to have removed that are in addition to outlined scope. In the case of your property, the arborist report identified 6 trees that were recommended for removal, which includes the dead madrone tree that we previously discussed removing. CKSD will cover the expense of removing the 6 trees. Any additional tree removal, beyond what has been identified to date will be the responsibility and expense of the property owner. We believe that this is a very fair and reasonable agreement.

I would ask that you recheck the trees identified for removal, as your numbers listed in the bullet at the top of page 2 are all different than the ones that we have identified for removal. The intent of this listing was to tie to those listed in the

Area of Work Property C. If this is what you are referencing in Terms of Agreement (item 2 above) regarding removing these added trees, in addition to the six that were identified, this is well beyond what we could consider necessary from the arborist recommendation, or fair and reasonable. If this is the case, we may need to meet again to resolve, but hoping that we can move forward to get the work done before winter weather sets in making it less feasible this fall.

To this end, attached is an updated agreement that we hope you will sign given the above feedback.

Thank you for working with us on moving forward.

Greetings Karen,
We have received the results and recommendations from A.B.C. Consulting Arborist's assessment of the trees along the southern border of your property. I have attached the findings for your reference.

To summarize, your property is noted as "property C" on the attached report. The arborist has recommended the removal of **5-6 trees** on your property for reasons that are further explained in the document. Please review these recommendations.

If you wish to proceed with removal of the noted trees, please confirm via email on or before **October 13th**. After that date, CKSD will organize a logger to remove the trees in the subsequent weeks at the School District's expense. Please note that this offer pertains to the above-ground portion of trees only. Stumps will remain in the ground. Please also note that this tree removal work will conclude the District's courtesy regarding this matter; future tree assessment or removal, if desired, will be the responsibility of the property owner.

If you have any questions, please do not hesitate to contact me.

NEIGHBOR AGREEMENT FOR TREE REMOVAL

Reference Document: "Northern Property Line Offsite Tree Assessment" prepared by A.B.C. Consulting Arborists LLC dated September 26, 2017

AREAS OF WORK

Property A

Owner/Address: Carolyn & Ron Greene, 10398 Frontier Place NW, Silverdale, WA 98383

Scope: Remove 8 trees identified as #24, 26, 28, 29, 33, 34, 35, 40 in reference document

Property B

Owner/Address: Sandra & Doc Collins, 10392 Frontier Place NW, Silverdale, WA 98383

Scope: Remove 1 tree identified as #50 in reference document

Property C

Owner/Address: Karen Soule, 10388 Frontier Place NW, Silverdale, WA 98383

Scope: CKSD will temporarily remove sections of existing black chain link fence prior to falling trees to accommodate a path to fall the trees. Remove 6 trees identified as #59, 62, 63, 68, 69, 72 in reference document. Remove existing fallen tree from CKSD property that fell into back yard of property C.

Reinstall black chain link fence upon completion of the tree removal. The section of fence and top rail that was damaged along the southern property line will be replaced as soon as the fencing vendor can be scheduled. However, it is unlikely that the fencing replacement will occur on the same day as the tree work, therefore the damaged section of fence will be temporarily reinstalled until the damaged section can be replaced.

TERMS OF THE AGREEMENT

- Property Owners grant access to their property for logging equipment and personnel to perform the following work.
- Property owners agree that CKSD is permitted to remove the identified trees.
- CKSD will pay for the removal of trees identified at each aforementioned property (A, B, C). The work pertains to the above-ground portion of trees only. Stumps shall remain in the ground.
- * Additional tree removal, if desired by the property owner, will be the responsibility and expense of the property owner. *I do not agree to this*
- The location of the identified trees is based upon CKSD's best judgement of property line locations. CKSD is not responsible for verifying property line boundaries. Property Owners are responsible for verifying that the identified trees are located within their property boundaries.
- Fallen trees may remove or damage limbs of adjacent trees when they fall down. Reasonable efforts will be taken to minimize damage to surrounding vegetation, trees, and fences, however CKSD and its logging contractor are not responsible for ensuing damage should it occur.

- Care will be taken to avoid driving over the septic field, provided that the Property Owner clearly and accurately marks the boundary of said area.
- Unless clarified below, all tree trunks, limbs, and debris associated with the aforementioned scope of work will be removed from the site. Stumps will remain in place. If property owners wish to retain fallen trunk sections for their purposes, please state the trunks to remain by referencing the specific tree ID#(s) as follows:

If trunk sections are retained by the Property Owner, CKSD is not responsible for cutting the logs into sections smaller than 8'.

- When the aforementioned work is finished, this will conclude the District's agreement and responsibilities regarding this matter. Future tree assessment or removal, if desired by the property owner, will be the responsibility and expense of the property owner.
- CKSD is not responsible for the condition or longevity of trees that remain on residential property.
- If there is a dispute as to whether CKSD removed an incorrect tree, CKSD's liability to the property owner shall only be to remove a tree that the property owner believes was required to be removed per this agreement. CKSD and its contractor shall not be liable for any damages for removing an incorrect tree.
- Except for the costs of performing the work described in this agreement, CKSD is not responsible to the property owner for any other costs or expenses of any kind.

Should you accept his recommendation, the work will be performed at the School District’s expense, as previously discussed.”

The School District is committed to honoring this statement.

If you would like additional trees removed, that were not identified as a risk, we can ask the logger talk with you directly, however you would need to pay the logger for the additional work.

Sydney & Robin

Per the letters we were sent we were told that CKSD would at their expense remove any additional trees we wanted removed. I expect CKSD to honor what was sent to us in writing. With the last wind storm we had and the down tree in my yard, the ground root system has been compromised with the removal of the trees behind my property.

Thank you

Karen,

I am sending the email below on behalf of Robin Shoemaker:

Good evening, Karen – I will be out of town after today until November 1. Sydney is trying to arrange for the tree removal for sometime next week, so I wanted to reach out to you and discuss your edits to the agreement which I had already signed without the edits.

1. To the point of Area of Work Property C last sentence on fencing:

CKSD will work with a fencing company to assess your fence for repair and/or replacement of fencing sections needing attention. We expect that assessment may, in fact, include some replacement of materials that are damaged beyond the ability to repair. As an example where the top rail is bent, I would not imagine this is repairable and still look new. We also expect that some fencing components may be repairable. But, we need the fencing company to advise first. We are not trying to avoid proper attention to make your fence whole. At the same time, we must be diligent to the public and treat both you and the public fairly in expensing the resolution. So, I am anticipating that where the word "repair" is used, this will include some replacement. We have revised the wording in the attached agreement to clarify our intentions better. The revisions are noted in red to distinguish the revised content.

2. To the point of Terms of the Agreement, bullet 4:

Bullet point 4 refers to any trees that the you may elect to have removed that are in addition to outlined scope. In the case of your property, the arborist report identified 6 trees that were recommended for removal, which includes the dead madrone tree that we previously discussed removing. CKSD will cover the expense of removing the 6 trees. Any additional tree removal, beyond what has been identified to date will be the responsibility and expense of the property owner. We believe that this is a very fair and reasonable agreement.

I would ask that you recheck the trees identified for removal, as your numbers listed in the bullet at the top of page 2 are all different than the ones that we have identified for removal. The intent of this listing was to tie to those listed in the Area of Work Property C. If this is what you are referencing in Terms of Agreement (item 2 above) regarding removing these added trees, in addition to the six that were identified, this is well beyond what we could consider necessary from the arborist recommendation, or fair and reasonable. If this is the case, we may need to meet again to resolve, but hoping that we can move forward to get the work done before winter weather sets in making it less feasible this fall.

To this end, attached is an updated agreement that we hope you will sign given the above feedback.

Thank you for working with us on moving forward.

To summarize, your property is noted as “property C” on the attached report. The arborist has recommended the removal of **5-6 trees** on your property for reasons that are further explained in the document. Please review these recommendations.

If you wish to proceed with removal of the noted trees, please confirm via email on or before **October 13th**. NEIGHBOR AGREEMENT FOR TREE REMOVAL

Reference Document: "Northern Property Line Offsite Tree Assessment" prepared by A.B.C. Consulting Arborists LLC dated September 26, 2017

AREAS OF WORK

Property A

Owner/Address: Carolyn & Ron Greene, 10398 Frontier Place NW, Silverdale, WA 98383
Scope: Remove 8 trees identified as #24, 26, 28, 29, 33, 34, 35, 40 in reference document

Property B

Owner/Address: Sandra & Doc Collins, 10392 Frontier Place NW, Silverdale, WA 98383
Scope: Remove 1 tree identified as #50 in reference document

Property C

Owner/Address: Karen Soule, 10388 Frontier Place NW, Silverdale, WA 98383
Scope: CKSD will temporarily remove sections of existing black chain link fence prior to falling trees. Remove 6 trees identified as #59, 62, 63, 68, 69, 72 in reference document. Remove existing fallen tree from CKSD property that fell into back yard of property C. ~~Reinstall~~ **REPLACE** black chain link fence and repair section of fence on southern property line that was damaged due to fallen tree.

CKSD will replace black chainlink not reinstall.
Black rail/bar will be replaced at the top of fence.

TERMS OF THE AGREEMENT

- Property Owners grant access to their property for logging equipment and personnel to perform the following work.
- Property owners agree that CKSD is permitted to remove the identified trees.
- CKSD will remove the trees identified at each aforementioned property (A, B, C). The work pertains to the above-ground portion of trees only. Stumps shall remain in the ground.
- ~~Additional tree removal, if desired by the property owner, will be the responsibility and expense of the property owner.~~
- The location of the identified trees is based upon CKSD's best judgement of property line locations. CKSD is not responsible for verifying property line boundaries. Property Owners are responsible for verifying that the identified trees are located within their property boundaries.
- Fallen trees may remove or damage limbs of adjacent trees when they fall down. Reasonable efforts will be taken to minimize damage to surrounding vegetation, trees, and fences, however CKSD and its logging contractor are not responsible for ensuing damage should it occur.

→ This was not the original agreement. We were advised that any additional tree removal was at the expense of CKSD.

- Unless clarified below, all tree trunks, limbs, and debris will be removed from the site. Stumps will remain in place. If property owners wish to retain fallen trunk sections for their purposes, please state the trunks to remain by referencing the specific tree ID#(s) as follows:

REMOVE 66, 67, 73, 70, 74, 65, 64, 60

If trunk sections are retained by the Property Owner, CKSD is not responsible for cutting the logs into sections smaller than 8'. LEAVE TRUNK SECTIONS FOR #'S

- When the aforementioned work is finished, this will conclude the District's agreement and 73, 71 responsibilities regarding this matter. Future tree assessment or removal, if desired by the property owner, will be the responsibility and expense of the property owner.
- CKSD is not responsible for the condition or longevity of trees that remain on residential property.
- If there is a dispute as to whether CKSD removed an incorrect tree, CKSD's liability to the property owner shall only be to remove a tree that the property owner believes was required to be removed per this agreement. CKSD and its contractor shall not be liable for any damages for removing an incorrect tree.
- Except for the costs of performing the work described in this agreement, CKSD is not responsible to the property owner for any other costs or expenses of any kind.

Dear Neighbors,

Through a recent assessment of trees on the School District's property, it was brought to CKSD's attention that some of the recently-exposed trees north of our mutual property line may be vulnerable to prevailing winds. With your permission, the School District would like to have the trees more thoroughly evaluated by a Registered Consulting Arborist to ascertain a recommendation for keeping or removing them.

The assessment would involve the Arborist walking on your property to have a closer look at the trees. If this assessment is acceptable to you, it will take place on Wednesday, September 13th beginning between 9-10am. You do not need to be home to accompany his visit, unless you want to be in which case you are welcome to attend. He is also available to answer questions that you may have during or after his visit.

The School District will share the findings of his assessment with you and give you the option to remove any of the trees that he recommends for removal. Should you accept his recommendation, the work will be performed at the School District's expense, as previously discussed.

I apologize in advance for the short notice of this request. The Arborist's schedule is very limited and tomorrow's date is the only date available for him to perform this work for several weeks. Despite the short notice, the School District believes that gathering this information soon will enable you to consider the information more fully to make an informed decision regarding your trees.

Please do not hesitate to contact me at 360-662-1705 or sydneyt@ckschools.org with any questions.

Dear Karen A. Soule:

Beginning in June 2017, the Central Kitsap School District will commence construction activities on the Central Kitsap High School and Middle School campus. One of the early activities on the campus will include removal of trees, including clearing of district-owned land south of your property.

A diagram of the tree removal area is provided on the following page for your reference.

The trees that exist on your property will remain undisturbed, unless you wish for CKSD to remove them in conjunction with the tree removal work. Exact dates for this work have not been determined at this time, however, it is anticipated to occur in mid-June.

If you have any questions about these activities or wish to discuss removal of trees on your property, please do not hesitate to contact me. I may be reached by phone or email at 360-662-1705 or sydneyt@ckschools.org.

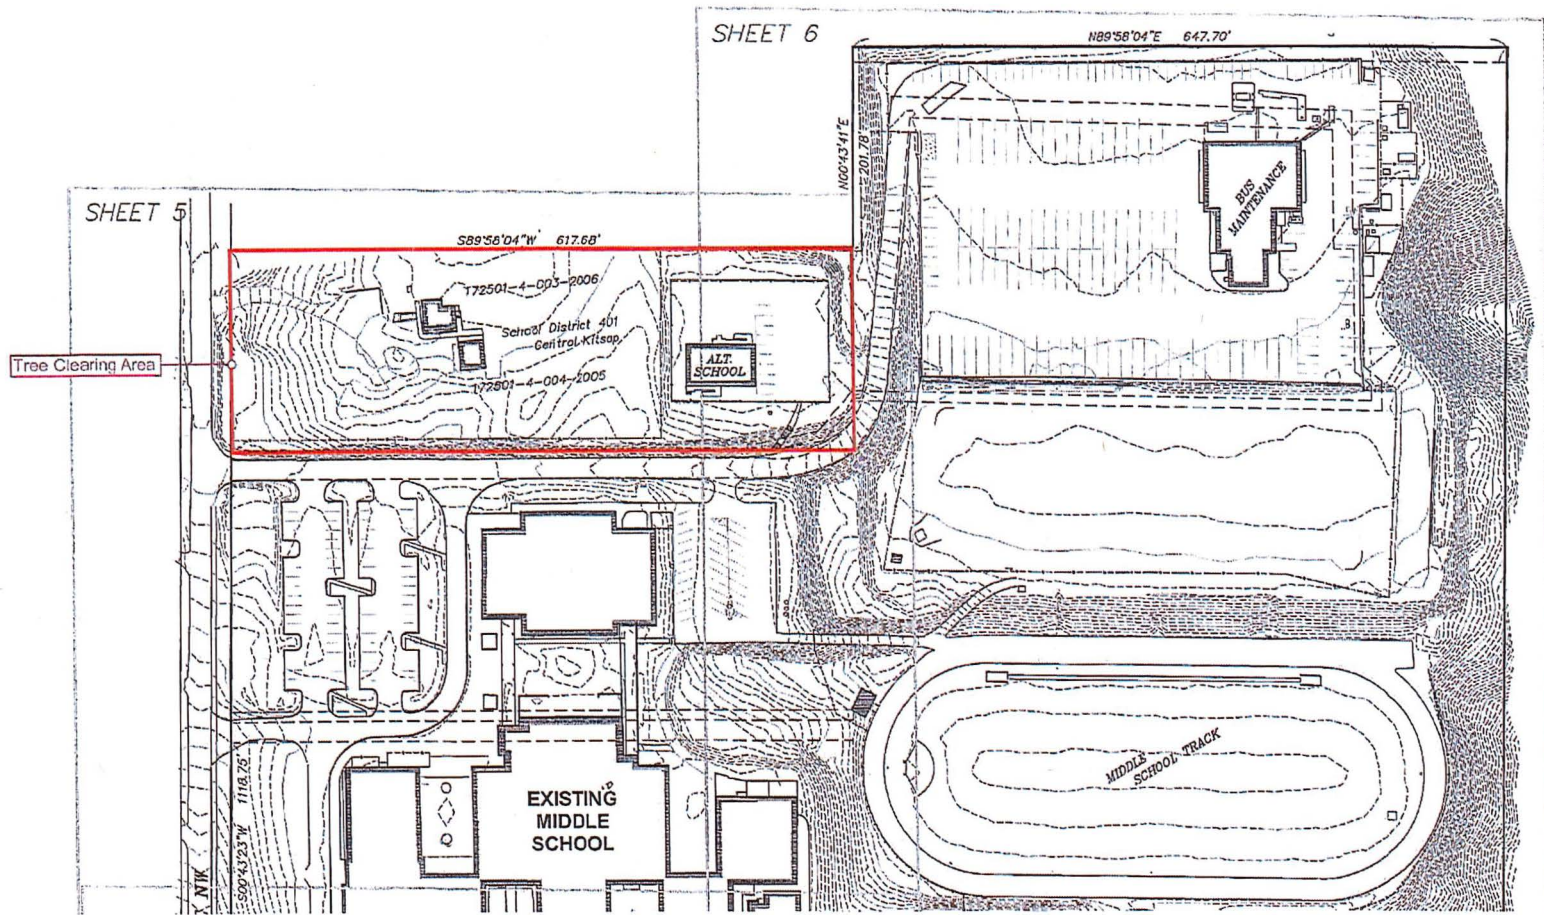

Sincerely,

For clarification, I will want some of the wood for myself for personal use. More than anything this process needs to be expedited so you can replace my fence. Remember I have 3 dogs and I must have an enclosed area for them.

Thank you Sydney

Karen,
I will make arrangements to have the arborist-recommended trees removed from your property as well as the tree from CKSD property that fell into your yard.
I am not clear which "other trees" you are referring to in your email below.

Karen,
I just left a voice message for you. I will come up to take a look at the damage later this morning.. If you have time to discuss options regarding the arborist's assessment (per Friday's email) it would be good to do so at that time as well.

Thank you,
Sydney

Sydney - I left you a vm on Friday. A tree from the CK campus fell on my fence and yard on Friday during the wind storm. My understanding was dangerous trees were to be removed? Please reach out to me this week so we can get this remedied and my fence fixed.

Thank you

Greetings Karen,
We have received the results and recommendations from A.B.C. Consulting Arborist's assessment of the trees along the southern border of your property. I have attached the findings for your reference.

To summarize, your property is noted as "property C" on the attached report. The arborist has recommended the removal of **5-6 trees** on your property for reasons that are further explained in the document. Please review these recommendations.

If you wish to proceed with removal of the noted trees, please confirm via email on or before **October 13th**. After that date, CKSD will organize a logger to remove the trees in the subsequent weeks at the School District's expense. Please note that this offer pertains to the above-ground portion of trees only. Stumps will remain in the ground. Please also note that this tree removal work will conclude the District's courtesy regarding this matter; future tree assessment or removal, if desired, will be the responsibility of the property owner.

If you have any questions, please do not hesitate to contact me.

Thank you,
Sydney
