Subject: Documentation of Restraint form

Hi **Kim**.

Attached is the new form used to document incidents of restraint or isolation. Ninette described the situation to us over the phone and it sounds like there was ILOSH – Imminent Likelihood of Serious Harm – which is the criteria we are to use to determine if the use of restraint should occur or not.

Ninette said you were witness, so I am sending this to you. When complete, please send it to Rebecca Ensminger who will file it appropriately (we have to report all restraints to the OSPI).

If you have any questions on how to fill it out – I'm happy to help you.

Ninette – I shared the student's KAP plan with Kathryn and she is planning on calling you tomorrow to discuss the available options.

Sorry that such an awful incident occurred.

Sincerely,
Rick
