Karen,

I will make arrangements to have the arborist-recommended trees removed from your property as well as the tree from CKSD property that fell into your yard.

I am not clear which "other trees" you are referring to in your email below.

Karen,

I just left a voice message for you. I will come up to take a look at the damage later this morning. If you have time to discuss options regarding the arborist's assessment (per Friday's email) it would be good to do so at that time as well.

Thank you,

Sydney

Sydney - I left you a vm on Friday. A tree from the CK campus fell on my fence and yard

on Friday during the wind storm. My understanding was dangerous trees were to be removed? Please reach out to me this week so we can get this remedied and my fence fixed.

Thank you

Greetings Karen,

We have received the results and recommendations from A.B.C. Consulting Arborist's assessment of the trees along the southern border of your property. I have attached the findings for your reference. To summarize, your property is noted as "property C" on the attached report. The arborist has recommended the removal of **5-6 trees** on your property for reasons that are further explained in the document. Please review these recommendations.

If you wish to proceed with removal of the noted trees, please confirm via email on or before **October 13th**. After that date, CKSD will organize a logger to remove the trees in the subsequent weeks at the School District's expense. Please note that this offer pertains to the above-ground portion of trees only. Stumps will remain in the ground. Please also note that this tree removal work will conclude the District's courtesy regarding this matter; future tree assessment or removal, if desired, will be the responsibility of the property owner.

If you have any questions, please do not hesitate to contact me.

Thank you,
Sydney
