Karen,

Thank you for your email.

Skanska received approval from the County to perform work on Saturday. That said, the typical Saturday start time is 9am, however, so I have a message into them to clarify the 7:30 start. I apologize for the disruption that their work caused you.

Also, in regards to our previous conversation all contractors on the CK campus have been reminded of the standard hours of construction:

7am – 5pm on non-holiday weekdays and

9am – 5pm on Saturdays

Please note that construction workers are permitted to arrive on site prior to the standard start times, however noisy set-up activities are expressly prohibited prior to 7am on weekdays and 9am on Saturdays.

Lastly, I was unable to reach Dale on Friday regarding the dead madrona tree that you mentioned, but will do so this week.

Thank you,

Sydney
