Good evening,

A citizen sent this email to one of my officers. I do not know if what she wants is even possible. I believe this is in response to the two recent shootings in the park.

Thank you.  
Sergeant Szabo

Hey Officer Murray,

I'm hoping you can help me out by sending me to right person in the CPD that is in charge of the Shotspotter program. I know from the article below that getting one installed in [REDACTED] could be an option and would be great for community, especially now. I already have private funds to pay for it, so that is not an issue. I just need directed to the right person to help me get it done.

Thanks  
Donna

So I figured out a way to share on my iCloud but you need an Apple device to open it. If you don't have an Apple device, try forwarding to someone who does.

Let me know if this works for you
