Agency CellHawk Subscription	1	\$5,995.00	\$5,995.00
Tigercam ACT TCV 514C POLE CAMERA SET	1	\$12,408.00	\$12,408.00
██	1	\$26,542.00	\$26,542.00
			\$0
			\$0
		\$73,346.65	\$0
		Equipment Total:	\$73,346.65

Provide justification for the equipment requested.

The software purchases are required for the intelligence led policing and the predictive analysis efforts to identify and suppress hot persons , hot places and hot habits. The Snagit system is a screen capturing and recording software used for grabbing social media pages, chat messages and other text modes to assist in in investigating hot persons and cyber- banging efforts within micro-locations. The ██████████ serves as a surveillance vehicle and to haul pistol/rifle seizures to evidence labs/ gun destruction facilities. Additionally it serves to ██████████. The other two undercover vehicles we own are reserved to the narcotics unit efforts and cannot be contaminated by use in gun reduction enforcement activity . The use of sterile narcotics vehicles in open enforcement would endanger the lives of undercover narcotics detectives engaged in dangerous buy operations. Additionally two officers sitting in a sedan are an obvious sign of law enforcement in the area . However two ██████████ receives no notice from passers-by.
