Katherine Stathulis, Esq.
Center for Public Interest, Advocacy, and Collaboration
Northeastern University School of Law

On January 16th, 2024 we received an email request for the following records which I have responded to chronologically in the order received.

An extract of your records management system or database that includes each school-related arrest and each referral to law enforcement conducted during the 2018-2019, 2019-2020, 2020-2021, and 2021-2022 school year (up until the day the records are produced). Specifically, we request an extract of the database to include the following columns:

There were no school related arrests or criminal charges during the school years requested.

If such an extract of the database in question 1 is not possible, please provide school incident reports on each school-related arrest and referral to law enforcement conducted during the 2018-2019, 2019-2020, 2020-2021, and 2021-2022 school year (up until the day the records are produced).

No responsive records as stated above.

A copy of any active standard operating procedures developed with the police department and/or other law enforcement agencies regarding police placement or activity in your corresponding school; and, any records instructing or informing police personnel of, or otherwise describing data reporting requirements and procedures for complying with G.L. c. 71 § 37P(b).

The Gill Police Department does not have a policy or a school resource officer. These responsibilities are handled on a multi-town school district level. The agency responsible for this would be the the Montague Police Department.

The cost to the school district of assigning a school resource officer to each school; and, The total number of school resource officers and total number of guidance counselors for each school in your district for school years 2018-2019, 2019-2020, 2020-2021.

No responsive records, suggest contacting the Montague Police Department for this information, as they have a school resource officer for the multi-town school district.

The total number and a brief description of 911 calls from schools in your district to local police departments conducted during the 2018-2019, 2019-2020, 2020-2021, and 2021-2022.

Please see attached document. NOTE: This data is from 07-01-2018 to 06-30-2022 all inclusive, as I do not know when school started and ended each school year.

A description of the proposed budget for mental, social, or emotional health support personnel for the school district.

No responsive records

If you have any questions about this response, please feel free to email me at policedept@gillmass.org. There are no costs associated with this response.

Respectfully;

Christopher J. Redmond
Public Records Access Officer
Chief of Police
