RE: **Public Records Request** - Police data collection (2017-2022) (Gilroy Police Department)

To Whom It May Concern,

This letter is in response to your request for records received by the Gilroy Police Department on March 19, 2024.

Your request was for police data collection from 2017 – 2022.

Due to the extensive request, we expect to provide the data you requested by May 10, 2024.

The agency is not required to create an electronic record that does not exist under Government Code 7922.580. Nonetheless, every effort will be made to deliver the data in the most convenient manner possible.

Should you have any additional questions or comments, please feel free to contact the Records Department.

Sincerely,

A handwritten signature in blue ink that reads "Vien Myles".
