Re: Hanford Police Department Public Records Act Request

Dear Samuel:

Our office represents the Hanford Police Department. We have received your request for records related to use of force reports and citizen complaints. The Department is in possession of records responsive to your request and is working to gather such records.

Please note that you request the total number of various use of force reports and citizen complaints based on certain data. From the time period of 2017 - 2021, the Department did not utilize a system which can generate reports containing the numbers requested. The records responsive to the requests for that time frame will only be the use of force reports and citizen complaints themselves. Please confirm that you would like to receive the reports and complaint forms for these requests.

For 2022, the Department is working to compile the requested information and will produce such no later than April 2, 2024. Please do not hesitate to contact our office if you have any questions.

Sincerely,

GRISWOLD, LaSALLE, COBB,  
DOWD & GIN, LLP
