Re: Response to open records request

To whomever it may concern:

The Department of Public Safety, Office of the Director ("DPS"), received your records request and is only responding on behalf of DPS. Your open records request was received via email after 5PM on September 11, 2023. This response is being submitted within the three-day period required by the Missouri Sunshine Law. § 610.023.3, RSMo.

You requested the following: records detailing compensation and occupation details for the most recent fiscal year available for individuals in the employ of this agency: Please provide the following pieces of information for each employee:

1. Employee first and last name;
2. Unique ID (if applicable);
3. Race/Ethnicity;
4. Gender;
5. Hire date;
6. Job title or position;
7. Organizational unit;
8. Employee assigned location;
9. Salary;
10. Overtime;

We have located DPS records that may be responsive to your request. Please be aware that some records may be closed or confidential under Missouri law, if any records responsive to your request are closed you will be notified of the basis for the closure.

It is estimated that it will take fifteen business days to process your request. The ability to process and review the present record request is dependent upon the availability of other staff members to locate items, the volume of this specific request, other active open records requests, and the ongoing work of staff reviewers. The estimated time provided above considers these circumstances to provide the responsive records at the earliest date possible.

Further, section 610.026, RSMo, also allows for the collection of fees, including search, research, and staff time for retrieving, identifying, and providing the requested records. DPS will notify you of the cost for fulfilling this request prior to production.

When the referenced information has been compiled, I will notify you accordingly and advise how to expect to receive the records.

Please contact me with any concerns.

Sincerely,

  
Judy Murray  
Custodian of Records
