Subject: Complaint about police damaging and taking property

Message Body:

On March 11, 2021 the Antioch police entered my house without being invited or without having a warrant, when we called 911 for my son's medical emergency. The police were asked to leave, but they did not leave. They tore up a room in my house. They punched holes into my ottoman, damaged the room, and took a bag out of my house. I am concerned they also hurt my son and caused his death. I have been requesting the police report, dispatch records and return of my property, but the police is not complying. Please advise.

Subject: Re: Twin Creek Apartments Complaint
Date: Friday, January 6, 2023 5:56:10 PM

Hello Tatyana,

Has anyone from the city replied to your request for support.

If not I have included the city manager and the police chief on to this communication to see how we can be of service.

Sincerely,

Hello my name is Tatyana Jackson I currently live in twin creek apartments on James Donlon Blvd I been living here for almost a year now and been having problems with these apartments and the apartment manager Brenda Chavez isn't helpful. I been telling her about the parking lot here it's completely dark. I have been robbed multiple times it's only me and my 1 year old son and my purse been snatched in the parking lot as long with my keys. The apartment manager Brenda Chavez and the ownership of these apartments (greystar property management) have told me just to call 911 and they are fixing the lights. It has been around 7 months now these lights have not been fix. The person I spoke with at Greystar property management name is Chad Ross and he had told me that they just brought the property around June and it was the last owner responsibility to fix the lights. I tried talking to everyone over these apartments about the lights and nobody is doing anything it's very very unsafe seeing I been robbed multiple times and lucky that was it so now I'm reaching out to the city of Antioch to try to get the lights fix. Below is pictures I took of the parking lot and it's only in certain parts of the apartment where it isn't any lights soon as you drive around to the back and pass the pool then it's completely dark. I'm hoping somebody can help me get this fix. If you have any questions you can contact me at [REDACTED]. I have made multiple police reports with Antioch Police department as well. Thank you in advance.

Subject: Re: church services in a residential neighborhood
Date: Sunday, November 20, 2022 10:36:01 AM

Good Morning Ms Wright,
Thank you so much for your email and bringing this to our attention. I have copied our city manager and staff staff on this email so they can look into the matter.

I have sent MANY e-mails to the mayor's office in the last three years as well as the zoning office and even police regarding the people who live at 4623 Shetland Way in Antioch. They have been having very loud church services in their residence and yard for at least three years. The noise coming from them is so loud that even my t.v. can't drown it out. No one seems to feel this is an important enough issue to address as the problem continues every Sunday at 10:00a.m. without fail. I don't think this residential area is zoned for a church. However, if they are allowed to continue, I would like someone to contact these people to get them to be quiet. If they must have their Super Spreader events, they should at least have some respect for their neighbors so that we're not forced to listen to it.

I would appreciate a response to at least confirm that someone is taking me seriously.

Attachments: [Letter to Antioch Businesses.docx](#)

Hello Chief,

Here is the letter that will be sent to Antioch business that are invited to this meeting. Can you please transfer to city letterhead & return completed letter. If there are changes to be made it is a PDF format.

We need to get this back ASAP to get to all parties.

Ty,
Lori O

Hi Lori,

Please review the attached and send on to the police department / chamber to get printed and disbursed to the businesses.

This is in a Word format in case you see any adjustments are needed.

Cynthia Wheeler
