Governor Phil Murphy  
 NEW JERSEY State Governor

 Trenton, NEW JERSEY [08625]

February 22, 2022

Dear Governor Murphy:

Re: New Jersey Open Records Act Request

We have in our possession numerous responses from your archives of searches under the "New Jersey Open Records Act" confirming certain suspicions with regard to the "Cession of Legislative Jurisdiction" to the federal United States and the respective "Notice of Acceptance" over certain parcels of property or "alleged" federal territory located in the State of New Jersey. I wish to thank you for your administration's prompt response and cooperation.

The purpose of this Open Records Act request is to expand our search on behalf of some 13 other requests made to the undersigned from other New Jersey State residents located all around but within the State of New Jersey. As stated within the following authorities:

1. In Article I, §8.17 (Clause 17) of the U.S. Constitution, it states in pertinent part,

"To exercise exclusive Legislation [of Congress] in all Cases whatsoever, over such District [] as may, by Cession of particular states, and the Acceptance of Congress...";

2. In the only United States Code (USC) statute that is singularly titled "Federal Jurisdiction" at title 40 USC §3112(b) it states in pertinent part,

".. that individual may accept or secure from the state [by] cession of any land" and "the individual shall indicate acceptance of jurisdiction on behalf of the government by filing a [N]otice of [A]cceptance with the Governor of the State", and at §3112(c), "Presumption. It is conclusively presumed that jurisdiction has not been accepted until the Government accepts jurisdiction over land as prescribed in this section."; -and-

3. In a copy of an actual "Notice of Acceptance" dated in March 1997 authored by then U.S. Attorney General Janet Reno addressed to then Washington State Governor Gary Locke accepting legislative territorial jurisdiction of both civil and criminal service to run "concurrently" with the State of Washington over the SEATAC federal detention center on behalf of the the U.S. Dept. of Justice, in which it states in pertinent part on page 1, at para.3,

"Federal law provides that a State's cession of legislative jurisdiction to the United States [Congress] does not take effect until a [N]otice of [A]cceptance is filed with the Governor of the State as provided in [formerly] 40 USC §255 [superseded by 40 USC §3112] by the head of the federal department that has custody [interest] over the land."

This is consistent with both the U.S. Constitution and the Statute as demonstrated above.

These three authorities describe your office as controlling the records for all legislative jurisdiction held by the federal government within the State of New Jersey. They also appoint you as official custodian of the respective "Notice of Acceptance" and state legislature archives that record the actual "Cession" acts passed by New Jersey's legislature with respect to the "territories" alleged by the federal government that are within the boundaries of New Jersey.

Relief Requested

It is with these authorities that we now come to formally request, a complete list of all property descriptions ceded by the New Jersey State legislature (with the respective bill identification) together with each respective 'Notice of Acceptance' and the date each territorial legislative jurisdiction became effective that are all within the state of New Jersey.

We respectfully request that this listing is on official State of New Jersey letterhead or under the Great Seal of the State of New Jersey and your Office or your Secretary of State Seal.

Although this request seems somewhat extensive and arduous, we respectfully request that best efforts are made to comply with the time constraints stated within the New Jersey Open Records Act.

We wish to also advise that we have already received the complete cooperation and lists respective to at least 5 other states that include GEORGIA, ILLINOIS, NEW YORK, OHIO and RHODE ISLAND.

We are making this request for a complete listing of these stated records to avoid sending separately at least, to date, 13 other specific requests for the same material on behalf of each of those individuals; and to alleviate the investigative time and correspondence burden of your records personnel. We hope we can count on your kindest assistance in this regard.

We wish to thank you in advance, and look forward to either your own or your Chief Legal Counsel's signed response in a timely manner, as,

We Remain, Without Prejudice:

Requested Information: I am an Oscar nominated documentary filmmaker and I am producing & directing what I hope will be the definitive documentary on the Lindbergh kidnapping case. My co-producer on the project is Wayne McDaniel.

On November 24, 1981, former Gov. Brendan Byrne, in his last executive order, opened the Lindbergh files to the public and, at the same time, declared the Lindbergh case to be a historical case and no longer a legal one.

After 90 years there is still DNA evidence that has not been tested and could reveal new and additional information to this case, as the NJSP believed in the opening paragraph of their Major Initial Report dated March 1, 1932. The Kidnappers consisted apparently of a party of at least two or more persons.

This is how our DNA testing would work: At the NJ State Police Museum in West Trenton, NJ, there are 13 sealed ransom envelopes with 10 attached stamps sent to Charles Lindbergh in March 1932. There is also one sealed envelope from Bruno Richard Hauptmann containing one stamp, making a total of 14 sealed envelopes and 11 stamps. Additionally, there is a length of attic board taken from Hauptmann's apartment (known as State Exhibit S-226 and now at the NJSP Museum) that was linked to one of the rails of the kidnap ladder found at the scene of the crime (Rail 16 State Exhibit S-211 and also at the NJSP Museum).

We are requesting permission to perform non-evasive DNA testing on the 14 sealed envelopes and 11 stamps. All testing would be done at the NJSP Museum; nothing would be taken out of the museum. Additionally, after our DNA sampling, the envelopes and stamps would remain in the same condition they have been for the last 90 years, and they will not be damaged or altered in anyway.

We are also requesting DNA testing of the kidnap ladder to determine if one of its rails came from the same piece of lumber found in Hauptmann's attic (the DNA testing on the lumber would require removal of a total of six 1/16 slivers).

The NJ State Police Museum has been closed since about March, 2020, due to Covid 19. We are working with Mark Falzini, who until recently was the archivist who was the administrator of the museum, who knows where everything is. All of this testing, which would normally cost thousands of dollars, would be done at NO COST to

the State.

Our DNA findings would be released at the appropriate time to the NJSP Museum for their Lindbergh archive, making the findings accessible to the public.

We have several leading DNA experts with state-of-the-art laboratories ready to test the DNA samples. These experts and labs include:

Arthur Young at Guardian Forensics a leading expert in non-evasive removal of DNA from sealed documents would non-evasively retrieve DNA from the 14 envelopes and 11 stamps at the NJSP Museum. Guardian Forensics in Abington, Pennsylvania, would then produce STR DNA Profiles from the DNA collected at the NJSP Museum.

If all 23 samples taken from the ransom notes match Hauptmann's DNA, then we will prove for the first time that Hauptmann definitely sealed the ransom notes and attached the stamps. Case closed.

If one or more of the 23 samples taken from the ransom envelopes do not match Hauptmann's DNA, then we will know for the first time that someone in addition to Hauptmann was involved in the crime as the original State Police investigators first believed.

In this case, Barbara Rae-Ventor (the genealogist responsible for tracking down the Golden State Killer and others) would genealogically trace the unknown DNA to try to reveal Hauptmann's accomplice (in the same way she tracked the Golden State Killer).

Roger Young, the world's foremost wood DNA expert and CEO of Agroisolab in York, England, would conduct the DNA test on S-226 and Rail 16.

After 90 years, the answers are within our reach.

Dear Mr. Racioppi:

We appreciate your efforts in narrowing your request. Excluding Kate McDonnell and Zakiya Smith-Ellis reduces the total number of emails from 658 to 535 as follows:

Dan Bryan - 103

Parimal Garg - 101

Mahen Gunaratna - 235

George Helmy - 96

Reviewing 535 emails would still be substantially disruptive to agency operations. Given the relatively even distribution of emails, excluding other individuals would not resolve this concern. We are willing to work with you to accommodate your request. Providing additional keywords or specifying recipients could be a more effective means to narrow your request. Please let us know how you would like to proceed. Thank you.

Fee benefit requested

Dear Custodian of Records:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I request access to and copies of the following records:

Any emails, memos, or other communications between the office of the governor, including from Chief of Staff George Helmy, and any of the following Treasury officials on May 27, 2021 or May 28, 2021:

Andrew Lawson  
Christin Deacon  
Dini Ajmani  
John Megariotis  
Jo-Ann Povia  
Elizabeth Muoio

I would appreciate your communicating with me by email ([jtozzi2@bloomberg.net](mailto:jtozzi2@bloomberg.net)) or telephone ([REDACTED]) rather than by mail. I would like to receive the information in digital format, provided by email or file transfer if possible, or by CD if file sizes are too large.

I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$250. Please notify me prior to your incurring any expenses in excess of that amount. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the New Jersey State Health Benefits Program. This information is being sought on behalf of Bloomberg News for dissemination to the general public. This information is not being sought for commercial purposes.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please consider my interest in this request continual until it has been completed by production of records. Please do not withdraw or otherwise close this request without my explicit consent to do so. My non-response to a continued interest communication from you should not be construed as consent to withdraw or close this request.

Please let me know if I can provide any additional information to assist in processing this request. Thank you for your assistance.

Records request: Communications related to app-store bill

To Whom It May Concern:

This is a request under the Arizona Public Records Law. Per the statute, please provide responsive records as soon as possible.

Please search the timeframe of January 1, 2022 to present for this request. If necessary, please forward to the appropriate record custodian.

Please provide all communications, including memos and emails, related to S1423 a bill concerning app store in-application payments that would prohibit a digital application platform from requiring a developer of a software application to engage in an exclusive distribution agreement with certain distribution platforms.

This request for records applies to all internal and external emails and communications related to this specific app store bill within the office.

Please exclude all press releases and product notifications, including from the following domains:

calendar-notification@google.com  
googlealerts-noreply@google.com  
notification@facebookmail.com  
noreply@apple.com

noreply@email.apple.com  
auto-confirm@amazon.com

If necessary, to narrow the search for responsive communications related to the above pieces of legislation, including but not limited to email, please consider the following keywords:

- Application store
- HB2662
- Antitrust
- Monopoly
- App store
- Fair Business Practices Act of 1975
- Digital application
- Distribution platform
- In-application
- Smartphone
- Apple
- Google
- Google play store

Please provide all records in a machine readable format, including, whenever possible, having performed Optical Character Recognition (OCR) on .pdf files. Word or .doc and/or .docx files are acceptable. If applicable, spreadsheets, whenever possible, should be provided in .csv or .xlsx format.

I request all communications and responsive records regarding this request to be sent electronically to the email provided.

This request is sent on behalf of the Tech Transparency Project. The Tech Transparency Project is a research initiative of Campaign for Accountability, a 501(c)(3) non-profit, nonpartisan watchdog organization that uses research, litigation and aggressive communications to expose how decisions made behind the doors of corporate boardrooms and government offices impact Americans' lives.

I preemptively agree to pay fees up to \$100 for the search and production of the above-described records and ask to be notified only if the estimated fees exceed that amount. Once records are compiled, please justify each deletion separately by reference to specific exemptions of the law and release all reasonably segregable portions of otherwise-exempt material.

I look forward to your response within the act's statutory time limit.

Thank you for your acting in a timely manner on this request.

Sincerely,

Jeremy Borden

Records request: Communications related to app-store bill

To Whom It May Concern:

This is a request under the Arizona Public Records Law. Per the statute, please provide responsive records as soon as possible.

Please search the timeframe of January 1, 2022 to present for this request. If necessary, please forward to the appropriate record custodian.

Please provide all communications, including memos and emails, related to S1423 a bill concerning app store in-application payments that would prohibit a digital application platform from requiring a developer of a software application to engage in an exclusive distribution agreement with certain distribution platforms.

This request for records applies to all internal and external emails and communications related to this specific app store bill within the office.

Please exclude all press releases and product notifications, including from the following domains:

calendar-notification@google.com  
googlealerts-noreply@google.com  
notification@facebookmail.com  
noreply@apple.com

noreply@email.apple.com  
auto-confirm@amazon.com

If necessary, to narrow the search for responsive communications related to the above pieces of legislation, including but not limited to email, please consider the following keywords:

- Application store
- HB2662
- Antitrust
- Monopoly
- App store
- Fair Business Practices Act of 1975
- Digital application
- Distribution platform
- In-application
- Smartphone
- Apple
- Google
- Google play store

Please provide all records in a machine readable format, including, whenever possible, having performed Optical Character Recognition (OCR) on .pdf files. Word or .doc and/or .docx files are acceptable. If applicable, spreadsheets, whenever possible, should be provided in .csv or .xlsx format.

I request all communications and responsive records regarding this request to be sent electronically to the email provided.

This request is sent on behalf of the Tech Transparency Project. The Tech Transparency Project is a research initiative of Campaign for Accountability, a 501(c)(3) non-profit, nonpartisan watchdog organization that uses research, litigation and aggressive communications to expose how decisions made behind the doors of corporate boardrooms and government offices impact Americans' lives.

I preemptively agree to pay fees up to \$100 for the search and production of the above-described records and ask to be notified only if the estimated fees exceed that amount. Once records are compiled, please justify each deletion separately by reference to specific exemptions of the law and release all reasonably segregable portions of otherwise-exempt material.

I look forward to your response within the act's statutory time limit.

Thank you for your acting in a timely manner on this request.

Sincerely,

Jeremy Borden

- "a public agency has a responsibility and an obligation to safeguard from public access a citizen's personal information with which it has been entrusted when disclosure thereof would violate the citizen's reasonable expectation of privacy."

Burnett v. County of Bergen, 198 N.J. 408 (2009). Without ambiguity, the court held that the privacy provision "is neither a preface nor a preamble." Rather, "the very language expressed in the privacy clause reveals its substantive nature; it does not offer reasons why OPRA was adopted, as preambles typically do; instead, it focuses on the law's implementation." "Specifically, it imposes an obligation on public agencies to protect against disclosure of personal information which would run contrary to reasonable privacy interests."

**REQUEST FOR RECORDS UNDER THE COMMON LAW**

If, in addition to requesting records under OPRA, you are also requesting the government records under the common law, please check the box below.

A public record under the common law is one required by law to be kept, or necessary to be kept in the discharge of a duty imposed by law, or directed by law to serve as a memorial and evidence of something written, said, or done, or a written memorial made by a public officer authorized to perform that function, or a writing filed in a public office. The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material:

---

---

***Note that any challenge to a denial of a request for records under the common law cannot be made to the Government Records Council, as the Government Records Council only has jurisdiction to adjudicate challenges to denials of OPRA requests. A challenge to the denial of access under the common law can be made by filing an action in Superior Court.***

1. All government records are subject to public access under the Open Public Records Act ("OPRA"), unless specifically exempt.
2. A request for access to a government record under OPRA must be in writing, hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian. N.J.S.A. 47:1A-5.g. The seven (7) business day response time does not commence until the records custodian receives the request form. If you submit the request form to any other officer or employee of the **Name of Agency**, that officer or employee must either forward the request to the appropriate custodian, or direct you to the appropriate custodian. N.J.S.A. 47:1A-5.h.
3. Requestors may submit requests anonymously. If you elect not to provide a name, address, or telephone number, or other means of contact, the custodian is not required to respond until you reappear before the custodian seeking a response to the original request.
4. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special service charges or other additional charges authorized by State law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the **Name of Agency**.
5. **You may be charged a 50% or other deposit when a request for copies exceeds \$25.** The **Name of Agency** custodian will contact you and advise you of any deposit requirements. You agree to pay the balance due upon delivery of the records. Anonymous requests in excess of \$5.00 require a deposit of 100% of estimated fees.
6. Under OPRA, a custodian must deny access to a person who has been convicted of an indictable offense in New Jersey, any other state, or the United States, and who is seeking government records containing personal information pertaining to the person's victim or the victim's family. This includes anonymous requests for said information.
7. By law, the **Name of Agency** must notify you that it grants or denies a request for access to government records within seven (7) business days after the agency custodian of records receives the request. If the record requested is not currently available or is in storage, the custodian will advise you within seven (7) business days after receipt of the request when the record can be made available and the estimated cost for reproduction.
8. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
9. If the **Name of Agency** is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form or other written correspondence and send you a signed and dated copy.
10. Except as otherwise provided by law or by agreement with the requester, if the agency custodian of records fails to respond to you within seven (7) business days of receiving a request, the failure to respond is a deemed denial of your request.
11. If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the **Name of Agency** to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council ("GRC") by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at [REDACTED] by mail at PO Box 819, Trenton, NJ, 08625, by e-mail at [grc@dca.state.nj.us](mailto:grc@dca.state.nj.us), or at their web site at [www.state.nj.us/grc](http://www.state.nj.us/grc). The Council can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.
12. Information provided on this form may be subject to disclosure under the Open Public Records Act.

OPEN PUBLIC RECORDS ACT REQUEST [Submitted online via [https://www-njilib.state.nj.us/NJ\\_OPRA/department.jsp](https://www-njilib.state.nj.us/NJ_OPRA/department.jsp)]

Fee benefit requested

Dear Custodian of Records:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I request access to and copies of the following records:

All communications from May 21, 2021 to June 30, 2021 between Chief of Staff George Helmy and Ulises (Ulye) Diaz, a government affairs representative from Horizon Blue Cross Blue Shield of New Jersey, regarding Horizon's business with the state health plan.

My request includes emails and attachments, text messages, electronic chats, voicemail, mail, or other communications, whether on official or personal devices or accounts if personal devices or accounts were used to discuss official matters.

I request this search include any communications where the subject matter is Horizon's business with the state, including but not limited to:

--The Contract Compliance Audit Unit Complaint filed against Horizon by the Treasury department on May 21, 2021

--The decision to pend the complaint on June 3, 2021

--Arrangements for a meeting between state officials and Horizon officials on June 29, 2021

I would appreciate your communicating with me by email (jtozzi2@bloomberg.net) or telephone ([REDACTED]) rather than by mail. I would like to receive the information in digital format, provided by email or file transfer if possible, or by CD if file sizes are too large.

I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$250. Please notify me prior to your incurring any expenses in excess of that amount. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the New Jersey State Health Benefits Program. This information is being sought on behalf of Bloomberg News for dissemination to the general public. This information is not being sought for commercial purposes.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please consider my interest in this request continual until it has been completed by production of records. Please do not withdraw or otherwise close this request without my explicit consent to do so. My non-response to a continued interest communication from you should not be construed as consent to withdraw or close this request.

Please let me know if I can provide any additional information to assist in processing this request. Thank you for your assistance.

Sincerely,

OPEN PUBLIC RECORDS ACT REQUEST [Submitted online via [https://www-nilib.state.nj.us/NJ\\_OPRA/department.jsp](https://www-nilib.state.nj.us/NJ_OPRA/department.jsp)]

Fee benefit requested

Dear Custodian of Records:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I request access to and copies of the following records:

All communications from June 30, 2021 to Sept. 1, 2021 between Chief of Staff George Helmy and Ulises (Ulye) Diaz, a government affairs representative from Horizon Blue Cross Blue Shield of New Jersey, regarding Horizon's business with the state health plan.

My request includes emails and attachments, text messages, electronic chats, voicemail, mail, or other communications, whether on official or personal devices or accounts if personal devices or accounts were used to discuss official matters.

I request this search include any communications where the subject matter is Horizon's business with the state, including but not limited to:

--The Contract Compliance Audit Unit Complaint filed against Horizon by the Treasury department on May 21, 2021

--The decision to pend the complaint on June 3, 2021

--Meetings or subsequent discussions between the state and Horizon regarding the state health plan

I would appreciate your communicating with me by email (jtozzi2@bloomberg.net) or telephone ([REDACTED]) rather than by mail. I would like to receive the information in digital format, provided by email or file transfer if possible, or by CD if file sizes are too large.

I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$250. Please notify me prior to your incurring any expenses in excess of that amount. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the New Jersey State Health Benefits Program. This information is being sought on behalf of Bloomberg News for dissemination to the general public. This information is not being sought for commercial purposes.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please consider my interest in this request continual until it has been completed by production of records. Please do not withdraw or otherwise close this request without my explicit consent to do so. My non-response to a continued interest communication from you should not be construed as consent to withdraw or close this request.

Please let me know if I can provide any additional information to assist in processing this request. Thank you for your assistance.

Sincerely,

I AM REQUESTING RECORDS CONCERNING A POSSIBLE FRAUDULENT CLAIM THAT I, NAQUEA ELAINE JOHNSON, THREATENED A FEDERAL JUDGE IN YOUR STATE.

AS A RESULT OF THIS POSSIBLE ALLEGATION, I WAS SUBJECTED TO AN INTRUSION OF PRIVACY UNDER THE 4TH AMENDMENT. IF A WARRANT WAS ISSUED THAT ALLOWED THIS INTRUSION, PLEASE PROVIDE A COPY OF THE WARRANT, AND AN EXPLANATION FOR THE GROUNDS IT WAS ISSUED IMMEDIATELY.

FURTHER, AS AN ACCUSED SUSPECT (PAST OR PRESENT), I HAVE THE RIGHT TO OBTAIN INFORMATION ABOUT THE ACCUSATION, THE RIGHT TO SEE DOCUMENTS, THE RIGHT TO EVIDENCE, AND THE RIGHT TO CONSULT WITH LAW ENFORCEMENT AGENCIES REGARDING THE ALLEGED OFFENSE.

THE NEED FOR CONFIDENTIALITY DIDN'T SEEM IMPORTANT WHEN MY PRIVACY WAS WHOLLY VIOLATED, NOR WHEN PSA'S WERE BEING AIRED ON CNN ABOUT VIOLATING HARMED LITIGANT'S FREEDOM OF SPEECH.

LASTLY, BEING THAT WAS RECENTLY THREATENED THAT I WOULD BE REPORTED FOR MAKING A THREAT IN OCTOBER (ALTHOUGH A THREAT WAS NEVER MADE) FURTHER SUPPORTS MY REQUEST FOR THESE RECORDS TO BE GRANTED.

PLEASE PROVIDE THE RECORDS I AM REQUESTING AT EXPEDITIOUSLY.

Preferred Delivery: E-Mail  
Maximum Authorized Cost: \$25

Requested Information: On behalf of the Delaware Riverkeeper Network ( DRN ) and the Delaware Riverkeeper, Maya van Rossum, I respectfully submit the following Open Public Records Act request.

Under the New Jersey Open Public Records Act, N.J.S.A. §§ 47:1A-1 47:1A-13, I respectfully request electronic copies of public records regarding the development of regional clean hydrogen hubs ( H2Hubs ) between New Jersey's Governor's Office and the following entities:

- 1) New York State Energy Research and Development Authority;
- 2) New York Department of Public Service;
- 3) New York Port Authority;
- 4) Empire State Development; and
- 5) New York State Department of Environmental Conservation.

This request follows the February 15, 2022 Department of Energy ( DOE ) Request for Information ( RFI ) to obtain public input regarding the solicitation process and structure of a DOE Funding Opportunity Announcement (FOA) to fund regional clean hydrogen hubs, in accordance with the Infrastructure Investment and Jobs Act.

To narrow this request, I specifically seek all responsive records between the New Jersey Governor's Office and the above-listed entities from January 1, 2020, to the present date.

For purposes of this request, records means, but is not limited to, all communications including emails, telefaxes, phone calls, and voice messages meeting requests, meeting agendas, and meeting minutes in the New Jersey Office of the Governor's possession, custody, or control now or at any previous time.

If there are any fees for searching or electronically sharing these records, please inform me if the cost will exceed \$25.00. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of regional H2Hubs. This information need not be certified and is not being sought for commercial purposes.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny this request in whole or in part, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Requested Information: To whom it may concern: I am requesting records regarding an alleged fraudulent claim that I threatened or made an inappropriate comment about a judge in your state. My ex-husband, ALAN CLINTON WILSON of Lawrenceville, GA apparently colluded with my son's father ANSON BRETT ORR of West Caldwell, NJ, to have my son removed from my home. Despite requesting records, my requests continue to be denied. Meanwhile, I am dealing with a HIGHLY FLAWED narrative from my ex-husband where he alleges I called him to talk from support (FALSE), when I truly cannot stand him, and only called per his request via one of my older daughters. This recent narrative he brought to my attention further supports the need for me to have access to these records. You may recall, litigation began in your state when JUDGE SHARIFA RASHIDA SALAAM ordered the removal of my 11-month old infant. What your government has done is a classic example of DARVO, and the lack of transparency, documented conversation between the judiciaries, and continued denial of records if of concern. As we enter the era of COERCIVE CONTROL, it is more necessary than ever before for these records to be provided. Further, litigation in the CITY OF NORFOLK requires these records so I can have a fair trial - - one I was denied in your state. RELEASE THE RECORDS

Requested Information: Provide the warrant that permitted for a search and seizure in 2018, for my 11-month old infant, Josh Ali Orr; AND the warrant for a search and seizure of my privacy in March of 2022 after I was allegedly accused of threatening and/or making an inappropriate comment about a Judge in your state.

As recently as October, 2022, I was threatened by a citizen of your state, DIANTHE DAWN MARTINEZ-BROOKS, that she would report me to authorities, for what she deemed a threat, when I made mention of JUDGE SHARIFA RASHIDA SALAAM, in correspondence, although no threat was made. Despite requesting records for the past 7-months, I continue to be DENIED these records I am entitled to. PROVIDE THE WARRANT.

As new laws are shedding light on COERCIVE CONTROL, the lack of transparency within family courts, DARVO, and the ongoing legislature surrounding attacks on public figures, the public should be made aware of MERITLESS REPORTS OF THREATS made by citizens. More specifically, citizens on house arrest, abusive ex-spouses, and anyone else that made the threat in bad-will.

Further, I believe release of these records will assist the Commonwealth of Virginia in revising GAL cross-examination when a GAL uses a formerly ABUSIVE spouse, as a muse to discredit abuse claims, and show prove biased when the GAL was aware of the threat, but never disclosed it the accused. GAL's should be required to state FACTS on reports, and litigants should be allowed to cross-examine false statements made in their reports, and not discount clients as paranoid and delusional for stating facts.

Lastly, the public should be aware that a single mother with three other kids, was forced to defend herself and advocate for the return of her child, yet was still denied a hearing on HOME STATE, because the RESPONDENT was given the opportunity to CONCEDE to jurisdiction in the state of jurisdiction. FOUR YEARS LATER.

If child custody matters involving parenting time agreements regarding jurisdiction are treated like marriage settlement agreements (as illustrated by the communications from Antionette Moore-Littlejohn of West Orange, NJ) we should make updates to the UCCJEA so it is reflected correctly that jurisdiction CAN BE DEFERRED, COERCION IS ACCEPTABLE.

My mental health has been attacked and compromised. The former GAL has diagnosed me as having emotional

problems , although I am not certain of his credentials to make this determination. SYSTEMATIC TRAUMA is probably what he meant.

As a result of the LIES, withheld documents, and secret conferences amongst the judiciaries, I am a mother with many unanswered questions.

My reputation has been ruined, my daughter has been forced to make an educational transition, and the record remains INCOMPLETE with no access to the DYFCS records, the Plaintiff-NJ s May 2, 2018 filing, the transcript for the May 9th hearing, the courtroom notes that resulted in the transcripts erroneously being reflected from the CRIMINAL DIVISION, and the FRAUD ON THE COURT CLAIM, that was hidden as an application for attorneys fees I never submitted. A cross application is not the original filing party.

You had no right to remove my child.

FOR THE REASONS I STATED ABOVE, PLEASE PROVIDE THE WARRANT(s) REQUESTED.

**NJ OPRA Request Seeking Incident Records : Forsberg NJ Case 220861581**

VIA EMAIL (Opra.Custodian@nj.gov)

Re: Open Public Records Law Request

Dear Custodian of Records Officer:

Pursuant to the New Jersey Open Public Records Act (OPRA), NJSA §§ 47:1A-1 et seq.,

AmmoLand Inc makes the following request for records.

**Requested Records**

I am writing to request access to public records related to a criminal investigation case #220861581 that occurred on October 29th, 2022, at Calloways Bar located in Tuckerton, New Jersey. Specifically, I am seeking all records related to the investigation conducted by the New Jersey State Police, including but not limited to:

1. All incident reports related to the incident at Calloways Bar on October 29th, 2022.
2. Any video footage, photographs, or audio recordings related to the incident.
3. All witness statements collected during the investigation.
4. All police reports, arrest reports, and booking information related to any individuals involved in the incident.
5. Any court documents related to the investigation, including search warrants or subpoenas.
6. The name and contact info of the investigating officer or prosecutor in the case.

**Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, AmmoLand Inc provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the

request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding department business. Do not exclude records regarding department business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the New Jersey Open Public Records Act (OPRA), NJSA §§ 47:1A-1 et seq.,. It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; AmmoLand Inc has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.
- Please use all tools available to your department to conduct a complete and efficient search for potentially responsive records. departments are subject to government-wide requirements to manage department information electronically, and many departments have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your department’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still

necessary; departments may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- ***In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.***
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the department before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to AmmoLand Inc, please do not hesitate to contact AmmoLand Inc to discuss this request. AmmoLand Inc welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, AmmoLand Inc and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email.

Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by physical mail to AmmoLand Inc, 1290 Main Street Unit# 781038 Sebastian, Florida 32958. If it will accelerate release of responsive records to AmmoLand Inc, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. AmmoLand Inc looks forward to working with your department on this request. If you do not understand any part of this request, please contact Fredy Reihl, Editor-in-Chief at [news@ammoland.com](mailto:news@ammoland.com).

Documents from this request will serve the aforementioned purposes.

In the event there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request be filed electronically, by email attachment if possible.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request and please CC my colleagues CC'd here in your response. I look forward to hearing back from you.

Best,

Leo Menninger

Requested Information: The Governor's proposed budget contains a recommended appropriation of \$250,000 for "Deal Sephardic Youth Center Inc. - Playground Expansion." Deal is one of the wealthiest communities in the State and the nonprofit named recipient of the \$250,000 grant reported in its most recently available IRS 990 that it paid its Executive Director \$300,000. As part of my review of the Governor's proposed budget, I am trying to understand what playground is being improved, how the funds will be spent, and whether the playground is in an area of the State or run by an organization that is underserved and in need of state financial assistance. The Department of Community Affairs -- whose department was appropriated the funds and would oversee the grant - has indicated they have no responsive document explaining the purpose of the funding and suggested that that documentation would be in possession of the Governor's Office or key budget personnel who respond to them.

Please provide a copy of any request in possession of the Governor's Office for funding for the above-referenced line item. No extension of time for providing the document will be accepted as the document is needed to assist with a review of the Governor's proposed budget. It is believed that the document is in possession of the Governor's Office of Chief of Staff and resides with either the Chief of Staff or Deputy Chief of Staff.

- "a public agency has a responsibility and an obligation to safeguard from public access a citizen's personal information with which it has been entrusted when disclosure thereof would violate the citizen's reasonable expectation of privacy."

Burnett v. County of Bergen, 198 N.J. 408 (2009). Without ambiguity, the court held that the privacy provision "is neither a preface nor a preamble." Rather, "the very language expressed in the privacy clause reveals its substantive nature; it does not offer reasons why OPRA was adopted, as preambles typically do; instead, it focuses on the law's implementation." "Specifically, it imposes an obligation on public agencies to protect against disclosure of personal information which would run contrary to reasonable privacy interests."

**Executive Order No. 21 (McGreevey 2002)**

(Please provide detailed information regarding the exemption from disclosure for which you are relying to deny access to government records. If multiple records are requested, be specific as to which exemption(s) apply to each record.)

**REQUEST FOR RECORDS UNDER THE COMMON LAW**

If, in addition to requesting records under OPRA, you are also requesting the government records under the common law, please check the box below.

A public record under the common law is one required by law to be kept, or necessary to be kept in the discharge of a duty imposed by law, or directed by law to serve as a memorial and evidence of something written, said, or done, or a written memorial made by a public officer authorized to perform that function, or a writing filed in a public office. The elements essential to constitute a public record are that it be a written memorial, that it be made by a public officer, and that the officer be authorized by law to make it.

Yes, I am also requesting the documents under common law.

If the information requested is a "public record" under common law and the requestor has a legally recognized interest in the subject matter contained in the material, then the material must be disclosed if the individual's right of access outweighs the State's interest in preventing disclosure.

Please set forth your interest in the subject matter contained in the requested material:

\_\_\_\_\_  
\_\_\_\_\_  
*Note that any challenge to a denial of a request for records under the common law cannot be made to the Government Records Council, as the Government Records Council only has jurisdiction to adjudicate challenges to denials of OPRA requests. A challenge to the denial of access under the common law can be made by filing an action in Superior Court.*

1. All government records are subject to public access under the Open Public Records Act ("OPRA"), unless specifically exempt.
2. A request for access to a government record under OPRA must be in writing, hand-delivered, mailed, transmitted electronically, or otherwise conveyed to the appropriate custodian. N.J.S.A. 47:1A-5.g. The seven (7) business day response time does not commence until the records custodian receives the request form. If you submit the request form to any other officer or employee of the **Name of Agency**, that officer or employee must either forward the request to the appropriate custodian, or direct you to the appropriate custodian. N.J.S.A. 47:1A-5.h.
3. Requestors may submit requests anonymously. If you elect not to provide a name, address, or telephone number, or other means of contact, the custodian is not required to respond until you reappear before the custodian seeking a response to the original request.
4. The fees for duplication of a government record in printed form are listed on the front of this form. We will notify you of any special service charges or other additional charges authorized by State law or regulation before processing your request. Payment shall be made by cash, check or money order payable to the **Name of Agency**.
5. **You may be charged a 50% or other deposit when a request for copies exceeds \$25.** The **Name of Agency** custodian will contact you and advise you of any deposit requirements. You agree to pay the balance due upon delivery of the records. Anonymous requests in excess of \$5.00 require a deposit of 100% of estimated fees.
6. Under OPRA, a custodian must deny access to a person who has been convicted of an indictable offense in New Jersey, any other state, or the United States, **and** who is seeking government records containing personal information pertaining to the person's victim or the victim's family. This includes anonymous requests for said information.
7. By law, the **Name of Agency** must notify you that it grants or denies a request for access to government records within seven (7) business days after the agency custodian of records receives the request. If the record requested is not currently available or is in storage, the custodian will advise you within seven (7) business days after receipt of the request when the record can be made available and the estimated cost for reproduction.
8. You may be denied access to a government record if your request would substantially disrupt agency operations and the custodian is unable to reach a reasonable solution with you.
9. If the **Name of Agency** is unable to comply with your request for access to a government record, the custodian will indicate the reasons for denial on the request form or other written correspondence and send you a signed and dated copy.
10. Except as otherwise provided by law or by agreement with the requester, if the agency custodian of records fails to respond to you within seven (7) business days of receiving a request, the failure to respond is a deemed denial of your request.
11. If your request for access to a government record has been denied or unfilled within the seven (7) business days required by law, you have a right to challenge the decision by the **Name of Agency** to deny access. At your option, you may either institute a proceeding in the Superior Court of New Jersey or file a complaint with the Government Records Council ("GRC") by completing the Denial of Access Complaint Form. You may contact the GRC by toll-free telephone at 866-850-0511, by mail at PO Box 819, Trenton, NJ, 08625, by e-mail at [grc@dca.state.nj.us](mailto:grc@dca.state.nj.us), or at their web site at [www.state.nj.us/grc](http://www.state.nj.us/grc). The Council can also answer other questions about the law. All questions regarding complaints filed in Superior Court should be directed to the Court Clerk in your County.
12. Information provided on this form may be subject to disclosure under the Open Public Records Act.

OPRA REQUEST COPIES OF Contract Review Fiscal Year 2023  
I am making this an official request pursuant to the Open Public Records Act.  
According to the OSC the following was noted:

During fiscal year 2023, OSC's Procurement Division received 878 contracts from all levels of New Jersey government, and 364 of these contracts required review prior to bidding or negotiation. That represents an all-time high for OSC.

I would like to receive electronically all contract reviews, that required bidding, of public school districts, including charter schools issued by the Office of the State Comptroller from the time period of

July 1, 2022, through June 30, 2023

With that request, I am asking that the reports be sent to me electronically at my e-mail address.

Thank you

Requested Information: I received a letter from your office in response to one of many of my OPRA requests that stated you were not going to release the records to void my being condemned by the public. I would like to know who approved that letter, and WHY Sharifa Rashida Salaam took my son and had an undocumented hearing on MAY 9, 2018, where she gave ANSON BRETT ORR full custody.

Further, how often do citizens of your state threaten to FRAUDLANTLY report? people threatening Judges in your state without being held responsible?

How often does the Commissioner of DCF REFUSE to release records on a case that was never investigated?

How often do agencies in your state REFUSE to reply to OPRA requests, mainly Christine Norbut, the Commissioner of DCF?

How often do your courts remove evidence from files after children are removed from their Home State due to LIES and DECIET?

Judge Russo found great pride in stating that I was more dishonest than ANSON ORR, which is FALSE. But, what he left out is the dishonesty of the courts. Why wasn't it disclosed that the Division of Criminal Justice contacted DCF and the courts in 2018, and NEITHER agency did ANYTHING, except try to cover the crime?

How often does your state collude with ex-spouses of DV victims with PROTECTIVE ORDERS against them? Did you know I had a standing protective order against Alan Clinton Wilson from 2017-2019?

How often do you allow ex-in-laws to speak poorly of victims who required testimony against them for alleged crimes against children?

How often does your state allow Judges to "retire" instead of being held accountable for REMOVING INFANTS FROM THEIR SAFE PARENT?

When will your state implement laws against COERCIVE CONTROLLERS?

What is your view on how the FAMILY COURTS, mainly, ESSEX COUNTY, cause harm to families for acting inappropriately?

How often did your government communicate with my government and judges on my case regarding the removal of my infant, JOSH ALI ORR?

RELEASE THE RECORDS!!!!!!

OPEN PUBLIC RECORDS ACT REQUEST [Submitted online via [https://www-nilib.state.nj.us/NJ\\_OPRA/department.jsp](https://www-nilib.state.nj.us/NJ_OPRA/department.jsp)]

Fee benefit requested

Dear Custodian of Records:

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I request access to and copies of the following records:

Any logs of visitors to the governor's office since July 1, 2023 until the date on which the search is conducted.

I would appreciate your communicating with me by email ([jtozzi2@bloomberg.net](mailto:jtozzi2@bloomberg.net)) or telephone ([REDACTED]) rather than by mail. I would like to receive the information in digital format, provided by email or file transfer if possible, or by CD if file sizes are too large.

I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$250. Please notify me prior to your incurring any expenses in excess of that amount. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the New Jersey state government. This information is being sought on behalf of Bloomberg News for dissemination to the general public. This information is not being sought for

commercial purposes.

The New Jersey Open Public Records Act requires a response time of seven business days. If access to the records I am requesting will take longer than this amount of time, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please consider my interest in this request continual until it has been completed by production of records. Please do not withdraw or otherwise close this request without my explicit consent to do so. My non-response to a continued interest communication from you should not be construed as consent to withdraw or close this request.

Please let me know if I can provide any additional information to assist in processing this request. Thank you for your assistance.

Sincerely,

I am requesting a copy of the database that contains all information submitted to the Opioid Settlement Online Portal. The database collected public input and proposals between August 31, 2022 and October 31, 2022 through a form that was previously available at this link:

The database would contain all such information submitted through that online form.

If access to the above-requested records will take longer than seven business days, please contact me about the expected date of delivery and the ability to inspect the requested records.

If any or all of this request is denied, please cite each specific exemption that justifies the refusal to release this information and notify me of the appeal procedures available to me under the law.

Under the New Jersey Open Public Records Act, N.J.S.A. 47:1A-1 et seq., I filed a request for records on January 11, 2023 as follows:

All files systems, indices and records repositories of the New Jersey Governor's Office be searched, and all records produced regarding communications with or reports about either or both of the organizations CHILD USA and/or CHILD USA Advocacy.

(The CEO for CHILD USA is Marci Hamilton and the CEO for Child USA Advocacy is Kathryn Robb, if you need to locate files under these names).

According to my records, I have yet to receive a response from your agency. Could you please let me know the status of this request?

Very truly yours,  
Kendrick L. Moxon

To Whom It May Concern:

Pursuant to the New Jersey Open Public Records Act, I am requesting an opportunity to inspect or obtain copies of public records that contain all communication, messages, emails, text messages, phone calls between Governor Hochul and Governor Murphy that mention congestion pricing. I would also like to request all communication, messages, emails, text messages, and phone calls between officials and staffers in the governors office that mention congestion pricing.

As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,  
Skylar Woodhouse

Requested Information: I am an American citizen from New Jersey, applying to marry a French citizen. We are applying for the civil wedding ceremony to take place in France. One of the required documents for civil wedding application is a Customary Certificate. This certificate is an affidavit prepared by a public officer of my home country of origin (the US) allowing the French Administration to know if our marriage will be recognized in United States.

I found on the following US government website (<https://travel.state.gov/content/travel/en/international-travel/while-abroad/marriage-abroad.html>) that "If you get married abroad and need to know if your marriage will be recognized in the United States and what documentation may be needed, contact the office of the Attorney General of your state of residence in the United States."

Therefore, I'm hoping this is something you could help me with. Please let me know what further information you would need.

Thank you, Michelle

Requested Information: Kindly email any Open Public Records Act requests made by Shane Walsh or Shane P. Walsh to the Office of the Governor from January 15, 2018 until October 1, 2023. Note that I am not requesting the documents that were ultimately produced for Mr. Walsh I am only asking for copies of the OPRA requests Mr. Walsh submitted or filed. For that reason, I don't believe the volume associated with this request will be administratively burdensome, but if it is helpful to response to this request sequentially beginning in calendar year 2018, that is fine. Thank you for any assistance, it is very much appreciated.
