Hi Johnny,

I believe CON AOSD has stopped issuing new equipment numbers mid-year. All that is necessary is budget office approval, so I'd say just leave the # off of the acquisition form for now.

Subject: RE: Drone Support Vehicles

Hi Matthew,

Thanks for the approvals on the drone support vehicles. Is it possible to get budget numbers issued for these equipment changes? Typically, we include this information on our vehicle acquisition request forms for Central Shops. In years past, I think MBO worked with CON to generate these numbers. In this case, we'd be looking something in the format of POL25XXX, and we'd request two separate numbers. One would be for the purchase of 3 SUV's and the other would be for the purchase of a trailer.

Please let me know if there are any questions.

Thanks,

Johnny Wong

Subject: Drone Support Vehicles

Hi Matthew,

Attached is the cost for the Drone Support Vehicles and we are requesting to reduce our vehicle budget POL25008 by 6 units to cover the estimated cost of \$695,087.

The request includes three (3) SUV's Tahoe's, one (1) Trailer, outfitting with lights and sirens package, generators and workstations for Drone Support. Please review and approve this change to our vehicle budget for FY24-25.

Thanks,

Kimmie Wu
