Nature of Allegation(s): I went to pick up my daughter Alexa from school, and while I was sitting in traffic we got hit from behind - there were three other cars involved in this accident. I asked my daughter if she was OK and she said yes, so I got out of my car to go check on the damage and to check on the other cars to see if anyone was injured. The other drivers were all high school students and it was obvious that they were scared (a couple of them were shaking). I asked if anyone was hurt and told them to call their parents. I got back in my car and called 911. The 911 operator asked me if the road was blocked, so I said "yes, there are four cars involved" and I was told that someone would be there shortly. A few minutes later a Deputy Sheriff showed up, so I got out of my car and said "hello officer" and was about to start explaining what happened when he yelled something at me that sounded like "did you move your car?" I said "no" and was starting to feel a little afraid because he was very aggressive. He then screamed at me and said "Are you telling me you don't want to move your fucking car?" I told him that I didn't understand him and asked "are you asking me if I moved my car, or are you telling me to move my car?" He then walked over to me very aggressively, placed his hand on his gun and screamed "Move your fucking car or I will fucking arrest you!" I was terrified and thought he was going to shoot me right here in front of my daughter, in my own neighborhood. I turned around, opened my car door and as I was getting in my car I said "I'm going to call my husband" and he yelled "Call your fucking husband, I don't give a shit!" I have never been so afraid in my entire life. I called my husband crying and told him what was going on and he said he was on his way. Eventually the State Police and the paramedics showed up. By the time my husband got here the deputy who screamed at me and threatened me was gone. Two different deputies had arrived to take his place. I was so afraid when it was happening I couldn't see the name of the deputy who screamed at me, so I asked the new deputies if they knew who it was. They told me his name was Deputy Quick.

Nature of Allegation(s): Fort Walton PD took about 8 minutes to get there. The entire time all I could hear was him moving stuff in the building. The roll up door was open about 10 inches so I put my phone down and record what was being said and the movement. Once FWPD arrived I informed them that the bins that were in view were stolen. If one of the officer knocked on the door or if he came out to see them. I was told by them that I need a complaint # for the bins or there was nothing they could do. I then called Sheriff Johnson to ask for the complaint number. He then sent it to me and I gave it to them.

Bob informed me he would have Detective Horn call me. And he did about 25 minutes later. agency from any person.

- (2) (a) A complaint filed against a law enforcement deputy or detention deputy with a law enforcement agency or correctional agency and all information obtained pursuant to the investigation by the agency of such complaint shall be confidential and exempt from the provisions of s. 119.07(1) until the investigation ceases to be active, or until the agency head or the agency head's designee provides written notice to the deputy who is the subject of the complaint, either personally or by mail, that the agency has either:

- (b) This subsection does not apply to any public record which is exempt from public disclosure pursuant to Fla. Stat. 119.07(3). For the purposes of this subsection, an investigation shall be considered active as long as it is continuing with a reasonable, good faith anticipation that an administrative finding will be made in the foreseeable future. An investigation shall be presumed to be inactive if no finding is made within 45 days after the complaint is filed.
- (c) Notwithstanding other provisions of this section, the complaint and information shall be available to law enforcement agencies, correctional agencies, and state attorneys in the conduct of a lawful criminal investigation.

(4) Any person who is a participant in an internal investigation, including the complainant, the subject of the investigation, the investigator conducting the investigation, and any witnesses in the investigation, who willfully discloses any information obtained pursuant to the agency's investigation, including, but not limited to, the identity of the deputy under investigation, the nature of the questions asked, information revealed, or documents furnished in connection with a confidential internal investigation of an agency, before such complaint, document, action, or proceeding becomes a public record as provided in this section commits a misdemeanor of the first degree, punishable as provided in F.S.S. 775.082 or F.S.S. 775.083. However, this subsection does not limit a law enforcement or detention deputy's ability to gain access to information under paragraph (2)(a). Additionally, a sheriff, police chief, or other head of a law enforcement agency, or his or her designee, is not precluded by this section from acknowledging the existence of a complaint and the fact that an investigation is underway.

Nature of Allegation(s): I'll start by saying on Sep 16 2019 I had a job interview with Armark. The job interview went very well. I was told by Natile to give the jail a call to see how my background check goes. Assuming it would go good. Well in 2016 I was stopped while sitting in my car with an ex friend when someone call and supposedly said they seen us smoking in a car which was false. In fact I was arrested because I was found with one Ant-inflammatory pill that was prescribed to me. They later told me I had a pipe that was found in my car, that is were my 2 counts of poss charges come from. I was young at the time and was confused about the law I signed papers placing me on PTD. which later in 2017 I completed the program with early determination my charges ~~were~~ were dropped and not pressed.

→ Back

Well ~~later~~ On Sep 18, 2019 Just 2 Days after my job interview, I called the jail to check on my job application when I was transferred to Ms Gunn. When I started to introduce myself she cut me off and told me she already knew who I was. She then asked me if I realized I was hanging out with an 18 time felon, I ask her what she was talking about when she stated that I also was charge with a crack pipe, still very confused, she told me I was a convicted felon, she also told me I was to never work with the Santa Rosa county jail. I felt very belittled, Ms Gunn just kept on and on about how bad of a person I was and nothing she said was true. She brought my family members up. Also went as far to bring the 911 call up, that I had no clue about. then told me I wedged a crack pipe in the back of a police car which was false. I feel like noone should ever have to be treated the way I was. **EVER!** especially coming from the human resources department. I have followed all the steps that a professional has told me to. with filing this ~~and~~ complaint on this matter. The issue was not only discrimination but also false information.

Nature of Allegation(s): I was returning from picking up my brother, William R Curd, and sister, Isabelle C Curd. I thought I had already entered the 55mph zone. Since there was lots of traffic, I decided to turn onto sound side to go home. I sped up to go in front of a car in the slow lane to get into the right turn lane. In doing so I unknowingly passed an ~~officer~~ officer not realizing until I was a little bit in front of her. She got behind me, turned her lights on and pulled me over. She asked me if I had a reason for speeding and for my information. I told her I had no reason and gave her my information. She returned to her vehicle and wrote the ticket. When she returned with the ticket, she told me, "For future, you should never pass an officer. We are almost always going over the speed limit."

Nature of Allegation(s): I was arrested on a bogus charge due to my ex boyfriend, officer Holland Harold was not professional in his demeanor or treatment of me a victim of Domestic Violence. First, the witness 'Mrs. Kennedy' stated in her witness statement what I said happen, that I tried to get away from him after Robert Cullier, my ex boyfriend went into the house and he ran out to stop me. He did not include my written statement in ~~his~~ report when he was trying to have the warrant issued, which I believe would not have resulted in my arrest. For one, it matched the witness statement and does NOT show intent. In addition to the false charges and my arrest, He out right lied stating Robert exited the vehicle and walked North on Banyan Drive. Both I And Susan stated he (Robert) went back in the house, then I pulled up!

Officer Holland made fun of me, laughing with other officers stating I tried to run my boyfriend over because I was jealous over a girl, which was a lie. He was loud in front of my door for my neighbors to hear, which again was totally unprofessional. When I politely tried to ask him not to verbalize and untrue statement for all to hear, he then yelled for me to go back into the house, told me to sit down and then said "you are not gonna treat me like you treat him". He requested that I write my version, in which I did. Again he purposely skipped my version on his report and went straight to the arrest. I believe that officer Holland was upset because I lied to him previously about Robert being in the home (They did not have my address listed and stated that when they arrived.) He continually said that I was a liar during the whole process but the facts spoke for themselves. My statement matched the witness and I was a victim of Domestic Violence (True statement there) and also a victim of the officer abusing his authority based on emotions and lost his professionalism. Now, I am facing trial + probation, loss my jobs and I am suffering because of his decision. See See

Nature of Allegation(s): First of all I would like to say Santa Rosa County Sheriff's Office is extremely professional and I enjoy working with the officers in the field. Unfortunately this has been the worst experience related to a traffic stop I have ever ~~been~~ experienced. I have been pulled over on several occasions. I looked in my rear view and noticed blue lights and then in a safe area pulled over to let the police officer Kim perform his stop. Officer Kim approached the vehicle and began barking commands in which I complied. I gave him my license & registration. I asked him why I was pulled over and he said the underglow lights. I have been told from previous officers that if it is not red or blue the lights underneath the car & not directly in the front of rear are fine. The lights \* everytime he addressed me he called me "Mr Bail Bonds man" in a condescending manner.

were green. The officer Kim became enraged and asked in a threatening manner if I had any drugs or weapons in the car? I said no. I ask why he was acting hostile and he asked me to get the fuck out of the car. I began to open my door to get out & the officer then put both hands on my door & slammed my door and said now I want you to stay in the fucking car. At that point I became upset & I did say I was a bondsman and owned a business. He sneered & said I don't care & I said just do what you gotta do. He proceeded that as threatening and called for backup. After ~~pac~~ backup arrived and he wrote up the ticket he said I give you a warning Mr bondsman for the ~~are~~ blue lights. I asked if he found the statute & said the lights are not blue. He said the lights are blue if he says they are blue & gave me the ticket. After receiving the ticket I took pictures of the vehicle and informed the officer I was making a complaint. After asking a few people at the jail about Kim I realized that he is aggressive on the street to people he pulls ~~of~~ over. One officer at the jail said he pulled her over & he pulled (a gun) on her. I feel that officer Kim definitely has a problem dealing with the public and I am sure many more of these will appear if he does not change his actions.

I am filing a complaint on Officer Nelt and Jerry Salter he used my statement ~~against~~ against my mother when it was ~~made~~ against the downstairs neighbor's Ashley Taylor and Shontia Bivin's. I have the right to remain silent. Anything I say will be held against me.

On a Sunday Me and my Brother's were eating KonaIce that's when my mother told us to eat outside so we don't make a mess. When we were outside we happened to walk off when we walked off my mother came out she called out name multiple times but we did not respond. So my mother walked to the park and found us, my mother thought we got kidnapped so we got in trouble. When we were walking to our home, that's when a kid said something to my mother and she responded "I am a grown woman don't talk to me," and we ~~did~~ walked away. When we got to the steps the woman named Ashley Taylor told my mom don't talk to my children and my mother responded to her let me put it on my bra.

When my mother got outside there were 3 Adults outside of a lady's and 4 men when they were outside the man threatened to shot and kill my mother so my mother felt threatened and scared ~~and~~ so she went inside and grabbed a small brick and held it behind her back that's when Shontia Bivin's made it up the stairs and pushed my mother. The effect of the push ~~caused~~ her to fall ~~and~~ and he broke ~~her~~ her collarbone over the rail.

Sheriff Johnson,

November 8, 2019

I would like to file a formal complaint on Sergeant Monica Toole for perjury under oath during an official proceeding.

On June 1, 2018, I arrested on an allegation of Aggravated stalking based on a report filed by Sergeant Monica Toole. During the last 17 months, there have been several discoveries made in the case, some of which are contradicting in nature. Specifically, in the offense report, Sgt. Toole claimed that I had the water service at the alleged victim's house disconnected as a way to "harass and control her." Later in the report, Sgt. Toole claimed that I had made it difficult for the alleged victim to have the water service at our house switched over into her name.

Because of this contradiction, I cross examined Sgt. Toole at a DVI hearing on June 19, 2019 in Courtroom 101 at the Santa Rosa County Courthouse. His hearing was presided over by The Honorable Judge John F. Simon. During the cross examination, I specifically asked Sgt. Toole if the alleged victim told her that I cut the water service at her house. Sgt. Toole's response was "yes".

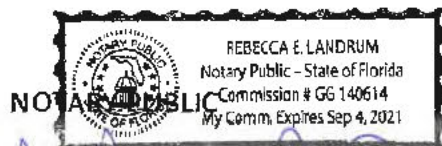

After being bonded out of jail, I requested all copies of evidence and discovery from the State regarding these false allegations of "stalking". Part of this "evidence" was a sworn recorded statement made by the alleged victim, Angela Broughton D.O.B. 3/19/1977. During this sworn recorded statement, which was taken on May 11, 2018, Sgt. Toole asked Ms. Broughton if I cut the water service off at the house she lived in or if I had just made it hard for her to get water service switched over into her name. Ms. Broughton, in a response to the first part of Toole's question about whether or not I cut the water service off, replied "No" "it is still on, today". According to SRSO policy and procedure,

"A member who is under internal investigation for committing a felony crime, or a misdemeanor crime involving dishonesty, a false statement or an immoral act, or a member who has already been arrested for committing one or more of these criminal acts, shall be placed on investigative administrative leave with pay pending the finding of the IA investigation."

I would respectfully request that This complaint be taken seriously and that proper procedure be followed while addressing Sgt. Toole's act of Perjury. It should be noted that I have already spoken to Special Agent Mark Brown with FDLE about Sgt. Toole's false statements under oath and he has directed me to file this complaint with you.

Sincerely, Michael C. Broughton

Sheriff Johnson,

I would like to make a complaint on one of your Deputies. I feel like I am being harassed and I have been wrongfully incarcerated by your staff, specifically Sergeant Monica Toole. Sergeant Toole has willfully committed perjury by falsifying official reports, manipulated her Supervisors, the State Attorney's Office and the Court system, and used her position with your office to intimidate me, bully me, and have me wrongfully incarcerated.

My wife and I have been going through a divorce for the past 6 months. Things have been pretty dramatic with our situation and as a result, there is an Injunction for Protection Against Domestic Violence between us. My wife has shown a pattern of lying to your agency and the Court system, and as a result, criminal charges have been filed against me. My wife's co-worker, Starley Cherry, knows Sergeant Toole personally and has contacted Toole in regards to our situation.

On May 24, 2018, I met with Sergeant Toole and provided a statement to her regarding the issues going on with my marriage. I made her aware that my wife had filed conflicting reports in the past with the Santa Rosa County Sheriff's Office and with the Clerk of court. Both of these statements were sworn statements and were provided to Sergeant Toole with my wife's signature on them. I reminded Sgt. Toole that what my wife had done and the evidence I was providing her was Perjury by contradictory statements which is a Felony in the State of Florida. After making Sgt. Toole aware of the felony that my wife had committed and providing her evidence of the crime, I requested to file a report of the crime and Sgt. Toole refused to do so.

About a week after our interrogation, I was arrested on a warrant that Sgt. Toole had filed for and taken to jail on 4 charges of violating a DVI and one charge of stalking. The warrant did not explain how I violated the Injunction four times and the four counts of violating the DVI were dropped before arraignment, however I still had to pay unnecessary bonds and fees to be released from jail on these charges which is a violation of my constitutional rights.

In Sgt. Toole's report, she willfully commits perjury by stating that I was served with the Temporary DVI on March 22, 2018. I was actually out of town on this day, so it is not possible for this to have happened. Later, in the arrest report, Sgt. Toole stated again that I was served with the Temporary DVI and had violated it before being "officially served" on April 1, 2018. Sgt. Toole also exaggerated facts and doctored her statement in the sworn affidavit for the warrant to manipulate the Court into believing that I instilled fear in my wife, which is a prime element in Stalking. However, in a later report, she states how my wife admitted to initiating contact with me as well as hugged and kissed me, which suggests no element of fear.

On June 11, 2018, my wife was ordered by the court to pay me \$120 per month in temporary alimony until our divorce was finalized. On June 23, 2018, while waiting on the signed order from the Judge, I composed and submitted to the court a temporary order requesting that the payments be made through the state disbursement unit or the central depository because of the DVI in place. That Proposed order was ignored by the court and an order written by the Judge stated that the payments be made directly to me. In July, I had sold some items and had some extra money. So, when I received my

first payment on July 13, 2018, I purchased a cashier's check for the same amount as the alimony check and labeled it "voluntary non-court ordered child support". I then gave this check to my dad, who later mailed it to my wife thinking that it was okay to do so (My parents have been approved by the court to handle transfer of the children and other issues regarding the children). My wife filed a report with ~~Sgt. Toole~~ when she received this check, but no charges were filed at the time. Two days after filing this report, the State Attorney's Office made a motion to revoke my bond on a different issue, but the motion to revoke was denied by the Court. (At no time during this hearing was the check I purchased mentioned.) On September 15, 2018, I was having issues with my wife's co-worker, Starley Cherry (a personal friend of Sgt. Toole) and it became necessary to file for an Injunction on Mrs. Cherry. On September 18, the day after the Temporary Injunction was approved, Sgt. Toole contacted my wife and requested a copy of the check and the envelope she had received 2 months prior. Sgt. Toole completed an affidavit for a warrant on September 18<sup>th</sup>, but chose not to give it to the Judge for approval until September 21, 2018 (a Friday). Sgt. Toole waited until Friday to process this, because she knew that by me being arrested on Friday, I would not get a bond until Saturday and I would have to wait in jail until Monday when I could be hooked back up to a GPS ankle monitor (a condition of bond in my original charge).

SRSO  
MIB  
AK

With all due respect, Sheriff, I request that Sgt. Toole be placed under investigation by Santa Rosa County Sheriff's Office Internal Affairs Bureau for Perjury, Misuse of Public Office, and Harassment. I would be more than happy to speak with you or any Supervisor by the rank of Lieutenant or above with Internal Affairs about this issue.

Furthermore, if we are unable to reach a mutual agreement on this issue, I intend on filing a civil suit against your Department and Sgt. Toole for the following:

1. Monetary Compensation for unlawful incarceration due to Sgt. Toole's action.
2. Reimbursement of all legal fees and costs incurred due to Sgt. Toole's action.
3. Dismissal of all pending criminal charges due to Sgt. Toole's Perjury and Misuse of Office.
4. Termination of Sgt. Toole's employment with the Santa Rosa County Sheriff's Office.
5. Revocation of all of Sgt. Toole's Certifications through CJSTC.

I hope you will take this complaint seriously, as I am aware of the danger I have placed myself in by filing a complaint on an Officer. I look forward to hearing back from you on this matter.

Sheriff Johnson,

I would like to make a complaint on two of your Deputies. On October 31, 2018, at approximately 8:45am, I was at Santa Rosa County Courthouse waiting on a hearing for a DVI case in which I was the Petitioner in. I was sitting on the far righthand side of the courtroom, when I noticed Sgt. Monica Toole, whom I had issued a subpoena for this case, sitting on the far left hand side of the courtroom. Sgt. Toole was dressed in plain clothes carrying a concealed Glock firearm and wearing a SRSO Identification card and badge. Sgt. Toole was approached by another uniformed Deputy, later identified as J. Holland II. Deputy Holland asked Toole what she was doing there and she replied that she was issued a subpoena. She then asked if she was in the correct place or if she needed to wait elsewhere until called by the Court. Holland told her that she could wait there. Toole then stated to Holland that the case she was subpoenaed on was "BS" and she wouldn't be there long. Holland replied "well at least you get to stay and watch the 'circus'." Toole held up her paperwork and replied "I know right... especially this case".

The behavior of these two Deputies is extremely unprofessional and disrespectful to the civil rights of the citizens of this county. Furthermore, not only did Sgt. Toole fail as a Supervisor to correct Deputy Holland's blatant disrespect and unprofessionalism, but she felt the need to encourage it, by joining in with him by disrespecting the Court and the specific case that she was there to testify in as well. This was done in an open courtroom full of civilians who were there seeking protection by the Court and the SRSO; and if I could hear the disrespect from across the room, then I am certain that several other citizens could hear the two deputies' unprofessionalism as well.

Well I did almost just run her over. She was walking down the side of E. Spencer Field Rd. with Daniel in his little red car with no lights on. She almost got plowed.

I talked to your mom the other day and said if you see her just don't hit breaks

I was like oh look it's Michael's little Mexican
