Thank you for sending us the link to the client that plays the actual video however, I don't believe you guys sent the file or the link to the file.

Can we please resend the content

thank you.

Good afternoon,

This is Shoreline School District's final response to your request for public records received June 25, 2024 requesting footage of Shorecrest High School South Student lot on June 18, 2024.

Below is a link that will give you access to the footage responsive to your request.

Because the cost of producing the enclosed documents is less than \$2.00, charges are waived.

This request is closed.

There are two different cameras that may be of interest. One is a four-lens camera (camera1). The other is a single-lens camera.

There are two different formats included.

One is a PSX file that requires the free ePlayer Pro from the Exacqvision Client installer for MAC computers. It can be downloaded here:

<https://www.exacq.com/support/downloads.php>

The other is a standalone video with an embedded player that will open on a Windows PC.

Thank you,

Public Records Office
Shoreline School District

Thank you for reaching back. It's our understanding that the vice principal Ciristi Camp already downloaded it.

To avoid searching, it might be best to obtain it from her ? if that's not the route here is the time window.

2:15pm to 2:45pm on 6/18/24

The location is the student parking lot near the gymnasium

Message to requester

Good afternoon,

Due to the large size of the files responsive to your request, we are asking if you have a more precise time as to when the incident occurred? There are several cameras which multiplies the amount of footage for this request. If you have a more specific time of the dash cam video you provided, that would be extremely helpful.

Pursuant to FERPA and RCW 42.56.230, names and personal, identifiable information of District students will be redacted.

The cost of a drive to store the hour long footage is \$50.00. Redaction of the videos will be outsourced as we do not have that capacity here at the District. Once a vendor is contacted we can share that cost as well.

You may review our fee schedule beginning on page 8:

<https://app.eduportal.com/documents/view/886377>.<https://app.eduportal.com/documents/view/886377>

Thank you!

Message from requester

Hello Angela Von Essen, is there anyway to expedite this request? I know that it might be challenging with it being summer session for the school and the 4th of July this week.

we are aware that the footage has been captured, . We're are now looking for it to be released to us

thank you

Message to requester

Good afternoon,

This is an acknowledgment of your public records request received on June 25, 2024, requesting camera footage of the south student parking lot at Shorecrest High School on June 18, 2024.

As authorized by RCW 425.56.520, the District will require additional time to respond to your request for the purposes of locating and assembling the information requested, notifying affected parties related to this request, and determining if any of the information requested is exempt under Washington or federal law. At this time, the District anticipates it will have records prepared for you on or before July 26, 2024.

The District has various fees for different types of records produced. Once we have completed our search for records, we will have a better idea as to the size and scope of the record production and can provide you an update at that time prior to incurring charges. You may review our fee schedule beginning on page 8:
<https://app.eduportal.com/documents/view/886377>.

Thank you.
