Hi Megan,

Thank you. Yes, I really would appreciate the opportunity to talk to you and gain some insights into the situation. Lenore will set up a time for us to chat via Zoom before my meeting with the parent.

I will miss working with you!

Miriam,

I just talked to Jeff, and I know you are meeting with a family from GP about Anthem and how they feel we shouldn't be teaching it. Jeff and Holly have been nothing but supportive of teachers - and I am sure they will fill you in. If you want to get some background on the whole scenario before the meeting feel free to check in with me.

Megan
