What time works best for you to meet about [REDACTED] from Riverview? Also, I'm a bit confused... [REDACTED] has an IEP, but when Terri stopped by my office last week she said that he doesn't have an IEP case manager, and that I would be his case manager. Doesn't he have to have a yearly IEP meeting? Let me know the date/time and I'll create an invitation.

Fri Feb 6<sup>th</sup> anytime 7:30-9:30 AM

Hi Erica,

[REDACTED] is on an IEP. His triennial Eval will take place this school year at RV and his IEP meeting will be in May at RV as well. His next evaluation will be in 2018. This initial meeting is to just start to the conversations on the scope of considerations that are needed to have a smooth transition.

I can be flexible with a meeting time. I teach all day so I will make arrangements with the vision staff to follow through with my lessons during our meeting time.

Emma is out of the district on Wednesdays. Her attendance is important. If we can avoid a Wednesday meeting that would be best.

Mr. Sage and I spoke briefly on the phone the other day. I let him know that what day and times work best for you will work for me.

Many thanks for your time! I know this is a busy time of year and appreciate your willingness to carve out some time for us.

Take care,

Hi Terri,

Does this student have an IEP, 504, or Health Care Plan? I just wanted to be sure to include our School Psych in the meeting if she will be evaluating [REDACTED] at some point while he's with us. Can you meet during school hours, like between 7:30-9:30 AM or 11:40-1:30 PM? Or, do you need an after-school meeting at 2:15? I will check our calendars when I hear back to help set up the meeting.

Thanks!

Good Morning,

We have a braille student transitioning from RV to CMS in September. [REDACTED] is currently attending a highly-capable program at RV and receives all of his academic materials in braille.

I am a Teacher of the Visually Impaired (TVI) and Emma Packard is a TVI and Orientation & Mobility instructor. Emma has already been in contact with Erica in order to begin teaching [REDACTED] how to navigate the CMS Campus.

There are many areas to consider when a braille student transitions between grade levels and schools. It would be beneficial to meet in the next week or two to start the conversations of transition for this student.

Right now a conversation with Mr. Sage, Erica, Emma and myself (and Bethenee if possible) would be a good beginning. Emma and I can provide some information to be considered for a smooth transition. I've cced Bethenee as [REDACTED] will have a triennial evaluation in June and is a part of all transitions from RV.

Would you be willing to take a look at your calendars and let me know a good day and time when we could meet in the next week or so? I think ½ hour will be plenty of time to start these initial conversations.

Many Thanks,

Terri Lang
