**NARRATIVE/STATEMENTS**

On 11-15-2022, at approximately 1411 hours, I was working uniformed patrol for the UC Irvine Police Department. I was dispatched to the UC Irvine Police Department lobby in reference to a second hand report of a vandalism. UC Irvine Food and Dining Services was reporting four of the Starship Food Delivery Bots had been written on, had stickers placed on the lids, and taped signs on them.

I met with Kelly Kuehnert and Sarai Ramirez, representatives of UC Irvine Food and Dining Services, who provided the following information:

UC Irvine Food and Dining employees notified Ramirez and Kuehnert that they had seen an unknown suspect write on the lid of a Starship Delivery Bot. The suspect was described as a female, approximately 20 years old, with black hair, wearing a pink sweater, blue pants, and black shoes.

After receiving this notification, Kuehnert and Ramirez contacted Starship University Account Manager, Lexie Smith. Smith requested a police report be filed for their records. There were four Bots in total that were vandalized. Smith estimated the total cost to repair would be approximately \$275.00. Starship is desirous of prosecution.
