Mike

First I apologize for the timing of this email. I had this on my list for about three weeks ago. I told you sometime back there were two issues I felt like I would be reporting because I considered them fraudulent.

Reported were the event regarding the 18 credit graduation process being used as a fall back to manage the grad rate for the district.

The other event was the breach created by Peggy Vermont on the inappropriate share where she intentionally shared FERPA protected information. To make sure I was not out of line regarding this, opinion from other places supported the same finding. Termination was mentioned as the result of this.

Probably nothing will happen. There is no need for a reply or any followup conversation. Simply a difference in the work integrity of following policy that exists between us.

Lanier
