Student Success Initiatives
UNIVERSITY OF CENTRAL FLORIDA

Florida Sunshine Law Request: EAB risk score reports (University of Central Florida)
Exhibit 1: Predicted risk scores, broken down in aggregate by race, gender, race and gender, GPA group , and major

Population: University of Central Florida undergraduate, degree-seeking students in EAB Navigate 360; enrolled spring 2024; data pulled on 4/22/24; n= 56,763.

Predicted Support Level: EAB no longer refers to these scores as risk levels. Predicted Support Level is estimating the amount of support the institution would need to provide the student to reach the graduation goal in their current major. (Graduation goal = 4 years for First-Time in College students; 3 years for Transfer students) For example, a predicted support level of "high" means the institution would need to provide a high level of support for the student to reach the graduation goal in their current major. A support level of "unknown" is generated for undeclared students.

Predicted Support Level Breakdown

Predicted Support Level	Total Students
Low	14,087
Moderate	12,501
High	29,931
Unknown	244

Predicted Support Level by Gender

Predicted Support Level	Female	Male	Other
Low	9,330	4,757	0
Moderate	7,207	5,293	1
High	14,223	15,705	3
Unknown	84	160	0
