Chief Moser,

Can you provide some direction regarding Sgt. Rodriguez's email?

Also, there are other loose odds and ends that need to be addressed regarding Sgt. Obidi's case. We will not do anything further without your direction.

Thank you,

Hi Joe-

In light of all the stuff going on with this case, we have not gone any further with this first request with the two laptops. All that happened here is that I forensically imaged both laptops and Penni prepared to process them. We stopped once we heard the evidence was being picked up. As you know, all submitted evidence was returned to SFPD on 5/20/19. Nothing at all was done on the second request (SV-19-0033-2) with the tower PC and loose

HDDs - a written report is forthcoming detailing that.

I do have a question on this first request (with the two laptops)...since I forensically imaged both laptops, we have a couple of options:

- 1) Close our exam (which hasn't really started) and return the master copy tape (containing the forensic images of the laptops) along with a written report in case you/someone wants to examine these laptops for evidence at a later date.
- 2) Close our exam (which hasn't really started) and DESTROY the master copy tape (containing the forensic images of the laptops), which means the laptops can never be examined unless they are seized from the subject again.
- 3) Hold - since we have forensic images of the two laptops (only) and wait for further instruction to possibly examine them.

Please advise!

Thanks!

B-Rod
