"Club Kid Killer" Michael Alig — the infamous promoter who was [busted for a 1996 slaying](#) — has been found dead of a suspected drug overdose in his Manhattan apartment, officials said Friday.

The 54-year-old was discovered by a pal just before midnight Christmas Eve in his Washington Heights pad, authorities said.

Detectives recovered several zip-lock plastic bags possibly containing heroin from the scene, as well as drug paraphernalia, officials said.
