November 2014

Dear CDER FOIA Requester:

In addition to a pdf format, the Detailed FOIA Report is now available in an Excel/Comma Separated Value (CSV) format (see attached). You should specify the Excel/CSV format in any future FOIA requests if you would like a Detailed FOIA Report in this format. If no format is specified in the FOIA request, the report will be provided in the pdf format.

In the Excel/CSV format, the search criteria and other administrative information is located after the last case listed and may need to be deleted to further use the data. Please keep a copy of the original file you received that includes this information. This will assist us if there are any questions on the information that was provided to you.
