THREAD: Between 2001 and 2003, Republican Senate staffers hacked into and stole 4,670 files on controversial Bush judicial nominees from 6 Democrats, including me. This scandal amounted to a digital Watergate, not unlike Russia's hacking of the DNC.

The ringleader worked closely with #Kavanaugh in pushing these controversial nominees. Kavanaugh testified he had no reason to suspect anything "untoward." Today I began confronting him with the many reasons why he would have known there was something deeply wrong here.

Days before the hearing for a hyper-controversial nominee, the ringleader of the hack sent Mr. #Kavanaugh specific details on what I was planning to ask about at her hearing. Said he learned it from "Intel."

Any answer to this below? And why the Leahy people are looking into it?
What is the connection between Owen and Tenans for Lawsuit Perform (larger issue) and the Texas Civil Justice League (smaller)? Is there any coincidence in her donors and theirs?
