## Entertainment Industry Liaison

As an organization that plays a key role in America's defense, the CIA is a frequent subject of books, motion pictures, documentaries, and other creative ventures. For years, artists from across the entertainment industry — actors, authors, directors, producers, screenwriters, and others — have been in touch with the CIA to gain a better understanding of our intelligence mission. Our goal is an accurate portrayal of the men and women of the CIA, and the skill, innovation, daring, and commitment to public service that defines them.

If you are part of the entertainment industry, and are working on a project that deals with the CIA, the Agency may be able to help you. We are in a position to give greater authenticity to scripts, stories, and other products in development. That can mean answering questions, debunking myths, or arranging visits to the CIA to meet the people who know intelligence — its past, present, and future. In some cases, we permit filming on our headquarters compound. (Please visit our [Headquarters Virtual Tour \(/about-cia/headquarters-tour/headquarters-photo-tour/index.html\)](/about-cia/headquarters-tour/headquarters-photo-tour/index.html).) We can also provide stock footage of locations within and around our main building.

Intelligence is challenging, exciting, and essential. To better convey that reality, the CIA is ready for a constructive dialogue with a broad range of creative talents.
