Good afternoon.

We are declining to open a criminal investigation regarding the above referenced complaint. These allegations appear to be administrative in nature and would be better suited for an administrative inquiry by the Forest Service (FS). This matter was forwarded to FS - Office of Professional Responsibility for a comprehensive review. If additional information is developed during the course of that review, which would warrant a criminal investigation, we can reassess. Should you have any questions, please feel free to contact Acting ASAC Kevin Fullerton directly at (b)(6)

Thank you.

Take care,
