Hello Christian,

I wanted to circle back. I found out this morning that we have been told we need to prepare a briefing for RO and HQ regarding the overall picture for the set of multiple 404 projects involving impacts to panthers we are currently evaluating. Larry has asked if we can please finalize Bellmar and provide our comments back to the State **BEFORE** we hold that briefing session. He is working with Catherine Phillips on this and will also ask Catherine if there is someone in the RO who you could contact if you so desire. Either Catherine, or perhaps Mike Oetker. I will let you know if I hear anything additional. Thank you.

Robert L. Carey
Manager, Division of Environmental Review
Florida Ecological Services Field Office
U.S. Fish and Wildlife Service
Gainesville, Florida
