Subject: Oral Public Comments? ? RE: DOD Massive False Reporting. Public Comment to FOIA Advisory Committee & OGIS Annual Open Meeting

NARA, OGIS and DOJ:

What is the total allotted time for oral Public Comments at each meeting and how much will be allocated to each member of the public?

Is there a registration for the March 14, 2022, Sunshine Week meeting (announcement is below)? If not how will members of the public be recognized to speak?

It appears once again that OGIS/DOJ OIP are filling up the agendas so as not to permit much time for the Public to comment.

I have repeatedly asked for time to present my public comment briefings, which are of great interest to all and provide executable recommendations to address serious shortcomings of the FOIA process. More useful than “several short videos on the meaning of open government and transparency.”

Thank you.

With my deep respect,

Robert Hammond

OGIS & DOJ OIP.

Please post the attached Public Comment “DOD Massive False FOIA Reporting. Part1. Letter to SECDEF, Complaint to DOJ OIG + “ for the March 10, 2022, FOIA Advisory Committee meeting and the March 14, 2022, OGIS Sunshine Week Open Meeting.

-

FOIA Advisory Committee,

Pls see recommendations in the presentation.

Pls also review my prior presentations for recommendations that you might include in your recommendations to the Archivist. These address shortcomings in FOIA processes fundamentals, where you can make a tremendous difference in a very short period.

As to DOD’s false reporting, which I have been complaining about since 2013, please see admissions of material error wrt DOD’s FY 2020 Annual FOIA Report to NINE sections by numerous components, as cited in DOD’s FY 2021 Annual FOIA Report, (which was not produced or posted on time). I am just getting started wrt false reporting regarding my own FOIA requests (boy howdy!). I will be seeking OGIS mediation regarding those FOIA requests and broad malfeasance in their processing (including omitting the mandatory right of OGIS mediation).

I proudly served DOD for over 45 years. Integrity matters. Don’t let the bad behavior of a few tarnish our great military. Let’s fix this now.

With my deep respect,

Robert Hammond
