Would identify ANOTHER P. TARTAGLIO

There is much antagonism between the right wing group in San Diego and Los Angeles. The Orange County True Press has ~~disintegrated~~ some of the Los Angeles groups are trying to dis-credit FRANK YACOPOC, who was working on the paper and have made JERRY TARTAGLIO mad at him. It looks like JOHN ZEMANEC of AVG and LLOYD PULLER of STAFF are trying to move in on the Orange County True Press. Those two and GLEN JACKSON of the National Patriotic Party and LAWRENCE NORTON connected with the Minute-men and AVG were at a meeting with JERRY TARTAGLIO at two o'clock in the morning last week and apparently want to stop all right wing activity in San Diego.

I was told that EUGENE BROWN, editor of the Orange County True Press and TARTAGLIO have been trying to get FRANK YACOPOC and BARRY GODFREY's address in San Diego.

VIVA is a front group for ED BUTLER who puts out the Orange County True Press. Attached are copies of the June and July 1970 issues of the paper.

I was talking to BILL CLAY this morning about the situation and he suggested trying to push the San Diego Minute-men organization in Orange County. He was talking about setting up a mail drop in Yuma or Phoenix, Arizona.

~~SECRET~~ PETER RUPLINGER is presently living with Professor FRED AKERS at 5137 Rincon Street, San Diego, California. He has made contact with an organization of right wing professors at San Diego State College who have gotten together to try and do something about the situation on college campuses. He thinks there may be a similar group at the University of California at San Diego.
