RE: SF Sunshine Ordinance petition against SFPD, ref 76435/P008260-071519

To the Supervisor of Records and Sunshine Ordinance Task Force:

NOTE: Every response you send or provide (including all responsive records) may be automatically and immediately visible to the general public on the MuckRock.com web service used to issue this request. (I am not a representative of MuckRock)

This is simultaneously:

- a new petition under SF Admin Code (SFAC) 67.21(d) to the Supervisor of Records for a written determination that records are public, and an order against **SFPD, Police Chief William Scott, Sgt. Michael Andraychak, and Custodian Does 1–20 (together “Respondents”)** for disclosure of all records determined public, and
- a new complaint under SFAC 67.21(e) to the Task Force for a hearing, an order of determination that records are public and requiring Respondents to disclose those records, and a finding that Respondents violated and are presently violating **SFAC 67.21, 67.26, 67.27, Gov Code 6253 and 6253.9;**

which orders may be enforced at Superior Court under SFAC 67.21(f). Examples of improperly withheld parts of records are provided, but I am asking that all such withholdings of each type discussed be deemed a public part of a record and disclosed. Please ask Respondents for a copy of the records as provided as they are too voluminous to include here.

Respondents include SFPD, the department head Police Chief William Scott, and the specific person who responded to my request Sgt. Michael Andraychak.

Respondents also include unnamed custodians (Custodian Does 1–20) named by title in my request: Asst. Chief/Chief of Staff, Asst. Chief/Operations, Deputy Chief/Administration, Executive Director/Strategic Management, Deputy Chief/Field Operations, Deputy Chief/Investigations, Deputy Chief/Special Operations, Deputy Chief/Airport, every Commander, every Civilian Director. These Does are “custodian[s] of a public record” within the meaning of the Sunshine Ordinance because they “hav[e] custody of [a] public record” that I have requested – namely their own business and personal communications (to the extent the latter are regarding the public’s business).

I do not wish to negotiate with Respondents and I request all determinations, findings, and orders specified in the Sunshine Ordinance without delay. Each requested finding and determination is numbered below for your convenience. There is no mootness provision in the Sunshine Ordinance; even if the Respondents eventually turn over all public records without requiring an order, I would still like all written determinations that records are public and that Respondents violated the law.

1. Respondents violated SFAC 67.21(b) — The request was made via e-mail to SFPD on July 2, 2019. The initial responses were sent July 15, 2019. They were due July 12, 2019. Email trail is in Exhibit A.

2. Respondents violated SFAC 67.21(k), incorporating Gov Code 6253(c) — As of July 26 (24 days, with all extensions, after July 2), Respondents failed to “determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor.” It is unclear whether as of filing this complaint Respondents have completed this process, although they may have provided the determination finally on Sept. 3.

3. Respondents violated SFAC 67.21(l) and/or Gov Code 6253.9(a); and must disclose the .eml or .msg, or original email records — The request asks for the records in their original format, or to use .eml or .msg format. .eml or .msg formats are “easily generated” via simple file export by major brand email systems. Furthermore, Respondents were warned that, if contrary to our request, they would use PDFs, they should use searchable or text PDFs instead of image PDFs. Respondents do appear to have used searchable or text PDFs, but did not provide .eml, .msg, or the original format.

4. Respondents violated SFAC 67.21(k), incorporating Gov Code 6253(b); and must disclose exact (redacted) copies — Disclosed email records lack the original color, hyperlinks, images, metadata, email addresses, and other parts of records. In addition, at least in the case of Cmdr Daryl Fong, the actual emails requested were not disclosed. Instead Fong’s emails were forwarded first and those forwarded emails were disclosed instead. Forwarding an email creates a new email record, with completely different headers and metadata. I want Fong’s original emails, like many of the other custodians (partially) disclosed.

5. Respondents violated SFAC 67.26; and must justify all redactions with footnote or clear reference — General redaction justifications are insufficient. They must be made with particularity pointing out which redactions match to which justifications.

6. Respondents violated SFAC 67.27; and must justify its failure to provide original formats or .eml or .msg — No justification was provided.

7. Respondents violated SFAC 67.26 and 67.27; and must provide metadata, which are public parts of records, and/or justify its failure to provide metadata in general — No justification was provided. Respondents failed to even indicate that the metadata had in fact been withheld.

8. Respondents violated SFAC 67.26 and 67.27; and must provide city employee email addresses in the messages, which are public parts of records — Email addresses in the

From/To/Cc/Bcc were withheld in at least the emails of Sutton, Tiffany (POL), Stevenson, David (POL), McEachern, Greg (POL), Francisco Da Costa, and others. No justification was provided. Respondents failed to indicate that the email addresses had in fact been withheld.

9. Respondents violated SFAC 67.26 and 67.27; and must provide hyperlinks in the messages and attachments, which are public parts of records — Hyperlinks were withheld in at least the emails of Sutton, Tiffany (POL), McEachern, Greg (POL), and others and in the attachment of Chief Scott’s “Implementation Memo - Executive Directive to Support People of All Gender Identities” and others. No justification was provided. Respondents failed to indicate that the hyperlinks had in fact been withheld. By printing some messages and scanning them, the hyperlinks have been withheld.

10. Respondents violated SFAC 67.21(k), incorporating CPRA, as interpreted judicially in *City of San Jose v Superior Court (2017)*; and must provide all records on personal accounts/devices that are “about the conduct of public business,” which are public records — Sgt. Andraychak requested custodians turn over only a subset of all records deemed public under *City of San Jose v Superior Court (2017)*. Andraychak told custodians: “If you do not use your personal email and/or mobile phone for work purposes, you would not have any responsive documents for items 2 and 3 below. ” and “IF you do not use any of these accounts for work related purposes, please reply to that effect.” That is not what the precedent requires; instead the Supreme Court held “when a city employee uses a personal account to communicate *about the conduct of public business*, the writings may be subject to disclosure under the California Public Records Act (CPRA or Act).” (emphasis mine) Communications *about the conduct of public business* is a wider universe of records than what Andraychak requested. Some custodians may not use their accounts for “work purposes” or “work related purposes” but may have still have communications “about the conduct of public business.” The custodians must be instructed to search for all such records, and provide a determination of whether or not such records exist, whether or not they are exempt. For example, a custodian may not personally use their phone for work purposes, but a coworker may still send to their personal phone a text message about the conduct of public business. Such recipient must still search for and disclose such record.

11. Respondents violated SFAC 67.26 and 67.27; and must provide names of email headers in the messages, which are public parts of records — Email header names were withheld in all emails. No justification was provided. Respondents failed to indicate that the header names had in fact been withheld. Withholding header names is analogous to withholding the *name* of a form field “Social security number” instead of just redacting the SSN itself.

12. Respondents violated SFAC 67.26 and 67.27; and must provide values of email headers in the messages, which are public parts of records — Email header values were withheld in all emails. No justification was provided. Respondents failed to indicate that the header values had in fact been withheld. I ask that you determine one or more of the following headers are public parts of records and order their disclosure:

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the [MuckRock.com](https://www.muckrock.com) service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the SFPD.

Similar requests were recently made of the Board of Supervisors, Clerk, and Mayor's Office. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from various SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SFPD)
RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the SFPD.

Similar requests were recently made of the Board of Supervisors, Clerk, and Mayor's Office. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from various SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SFPD)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the [MuckRock.com](https://muckrock.com) service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the SFPD.

Similar requests were recently made of the Board of Supervisors, Clerk, and Mayor's Office. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from various SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

** Please redact your responses correctly! This is a public mailbox, and all of your responses (including emails, attachments, file shares, and the disclosed records) may be automatically and instantly available to the general public on the [MuckRock.com](https://muckrock.com) service used to issue this request (though I am not a MuckRock representative). Once you send them to us, there's no going back. **

SFPD,

Is your response for 76435 (your #P008260-071519) complete? I would like the final determination of whether or not responsive documents exist (regardless of whether they were exempt) for each request. I would also like all of your redaction & withholding justifications. Remember SFAC 67.26 requires: "Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and **keyed by footnote or other clear reference to the appropriate justification** for withholding required by section 67.27 of this article." (emphasis mine) -- you need to be clear which justification is for every redaction and withholding.

Finally I would like the full set of disclosed documents sent by email please.

Sincerely,

Anonymous
