Mr. [REDACTED]

The San Francisco Sheriff's Office is in receipt of your electronic mail message dated November 4, 2019, requesting public records under the California Public Records Act (the "Requests"). We are responding to the Requests within the ten (10) day window set out by California Government Code section 6253(c). We note that the Requests are limited only to records maintained in the normal course of business by the County and records that are in the County's custody and control.

Please note that we will not produce records that are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. v. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where “the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record” under California Government Code section 6255.

Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. The disclosure would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f). In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, and 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, upon a review of your request, the San Francisco Sheriff’s Office responds as follows:

In accordance with the California Government Code, Section 6254(f), records of investigations conducted by, or investigative files compiled by, any local police agency for law enforcement purposes are exempt from disclosure. To the extent that records were located, they are either investigative records themselves or properly part of an investigative file. Therefore, we are denying your request at this time.

We are writing response to your PRA request received on 10/21/19. After a thorough search, we only have the attached emails for the listed individuals per your request. All other responsive documents maybe found with the Department of Public Works. This JFIP document request should be forwarded to Director Nuru as his Project Management team (Charles Higuera) ran the JFIP (Justice Facilities Improvement Projects) for the "relocation" of the HOJ. We were but one client department that was slated for the movement out of the hall. I hope this will be helpful for you. If you have any other requests, please contact us. Thank you.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, and 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, upon a review of your request, the San Francisco Sheriff’s Office responds as follows:

In accordance with the California Government Code, Section 6254(f), records of investigations conducted by, or investigative files compiled by, any local police agency for law enforcement purposes are exempt from disclosure. We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. v. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where “the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record” under California Government Code section 6255.

Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. The disclosure would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f). In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, and 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, upon a review of your request, the San Francisco Sheriff’s Office responds as follows: Under 6254(c) of the Government Code- Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

Sincerely,

Ret. Dep. James Wilson #1093
