

October 9, 2020

Dennis Herrera
Attn. General Government Team
City Attorney/Supervisor of Records
City Hall, Room 234
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102
Via email to supervisor.records@sfcityatty.org

Supervisor of Records Dennis Herrera,

This is an SFAC 67.21(d) petition against the Department of Technology. Please determine, in writing, within 10 days, whether each of the contested parts of records in Appendix A are public, and order their disclosure.

The City's response to electronic calendar records requests, at least in this case, has come a long way since summer 2019. There is, however, still some work remaining to achieve full compliance that is reflected in this petition.

Appendix A lists the contested redactions.
(Appendix B is not included.)
Appendix C has Bates numbered records produced thus far.

Sincerely,

Anonymous

NOTE: Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature (signature.asc attachment), if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the government all be disclosable public records.

APPENDIX A - Challenged Redactions

All examples are non-exhaustive. We do not waive production of any record or part of record not mentioned below, nor do we concede that unmentioned records or parts of records are exempt or not public records.

1. City Govt email addresses (@sfgov.org, @sfwater.org) have been improperly withheld under Privacy (GC 6254(c, k), Art I Sec 1 Cal. Constitution). These addresses are owned by the City, and not the employee and are a matter of public business, not personal privacy. Examples:
 - a. Bates 000004, all Privacy redactions except the very first
 - b. Bates 000028, “MAILTO” redactions (mailto indicates an email address, source: <https://tools.ietf.org/html/rfc2368>) for the ORGANIZER/ATTENDEEs
 - c. Bates 000031, “MAILTO” redactions for the ORGANIZER/ATTENDEEs
 - d. Bates 000038, “MAILTO” redactions for the ORGANIZER/ATTENDEEs
 - e. Bates 000041, “MAILTO” redactions for the ORGANIZER/ATTENDEEs
 - f. Bates 000106-000112, “MAILTO” redactions for the ORGANIZER/ATTENDEEs
 - g. Bates 000122, “MAILTO” redactions for the ORGANIZER/ATTENDEEs
2. Names of businesses, entities, or public agencies cannot be withheld under Privacy as they possess no personal privacy interests. Example: Privacy withholding on Bates 000007. The entity or agency named in that subject line must be disclosed.
3. Names of private individuals (without personal phone number, personal email, or home address) or business representatives who attend meetings with city officials cannot be withheld under Privacy. Note I am not arguing such names must be *recorded* outside of Prop G SFAC 67.29-5 requirements - but if information such as attendee names *are* recorded beyond the requirements of Prop G, they must be provided (SOTF 19047, SOTF 19112), unless for example there is some specific privacy implication (such as a medical condition) in that meeting. Examples:
 - a. Privacy redactions on top of Bates 000013. In Bates 000013, the meeting is about City business (cybersecurity), and not a personal issue.
 - b. “CN” redactions on Bates 000028 (CN means “Common Name” i.e. the visible name of the attendee, source: <https://tools.ietf.org/html/rfc5545#section-3.2.2>)
 - c. Privacy redactions on Bates 000095
4. Descriptions/bodies of meetings about City business cannot be withheld under Privacy, unless they implicate a specific individual’s protected privacy interest (such as medical condition). Example:

- a. Meeting body on Bates 000013-000025,
 - b. Bottom of Bates 000133
 - c. Bottom of Bates 000136
 - d. Bottom of Bates 000139
 - e. Bottom of Bates 000142
 - f. Bottom of Bates 000146
 - g. Bottom of Bates 000149
 - h. Bottom of Bates 000164
 - i. Both sections at bottom of Bates 000167 and top of Bates 000168
 - j. Bottom of Bates 000172, top of 000173
 - k. Top of Bates 000204
5. Unknown information completely removed from Bates 211-234. At least the names of the metadata should be preserved so it is known what was withheld.
6. Makstman message bodies generally withheld under GC 6254.19. Only that portion that would reveal vulnerabilities or increase the potential for an attack on an IT system of a public agency is exempt. Makstman email content is not automatically exempt, even as CISO, notwithstanding the statement in his email footer that his messages are exempt under GC 6254.19. Examples:
 - a. Bottom of Bates 121,
 - b. bottom 104 & top of 105,
 - c. bottom of 094,
 - d. bottom of 055 & top of 056,
 - e. bates 049 through 053
7. Business/public agency email addresses cannot be withheld under Privacy as businesses and public agencies do not possess personal privacy interests. Examples:
 - a. Privacy withholding on Bates 000008. If Gavriely's email is a business one - it must be disclosed as it does not implicate *personal* privacy.
 - b. Privacy withholding on Bates 000012 for Matthew Shade.
8. TRIGGER indicates when an alarm (reminder) for a meeting will ring, such as "RELATED=START:-PT00H15M00S" (i.e. a 15 minute-early alarm). Source: <https://tools.ietf.org/html/rfc5545#section-3.8.6.3> It cannot be withheld under GC 6254.19 Info Security record. (Moreover DT did sometimes provide it proving that it has no infosec risk, like Bates 000116). Examples:
 - a. Bates 000112
9. X-ALT-DESC and DESCRIPTION is the description (body) of the meeting. Source: https://docs.microsoft.com/en-us/openspecs/exchange_server_protocols/ms-oxcical/d7f285da-9c7a-4597-803b-b74193c898a8 and <https://tools.ietf.org/html/rfc5545#section-3.8.1.5> It cannot be generally withheld under GC 6254.19 Info Security record as it is the body of the meeting (except if the description is itself exempt under that provision). Examples:

- a. Bates 000179, 183, 186, 190, 193, 197, 198, 199, 200, 202, 203,
10. X-MICROSOFT-CDO-REPLYTIME indicates the timestamp when a person replied to a meeting invite, such as 20200310T000641Z (which is March 10, 2020, around midnight UTC). Source: https://docs.microsoft.com/en-us/openspecs/exchange_server_protocols/ms-oxcical/574496e5-5e5a-4f59-9028-0a8f49ab999c It cannot be withheld under GC 6254.19 Info Security record. (Moreover DT did sometimes provide it proving that it has no infosec risk, like Bates 000031). Examples:
 - a. Bates 000009.
11. LAST-MODIFIED indicates the timestamp when a person modified a meeting invite, such as 20200310T000641Z (which is March 10, 2020, around midnight UTC). Source: <https://tools.ietf.org/html/rfc5545#section-3.8.7.3> It cannot be withheld under GC 6254.19 Info Security record. (Moreover DT did sometimes provide it proving that it has no infosec risk, like Bates 000037). Examples:
 - a. Bates 000034.
 - b. Bates 000082.
 - c. Bates 000091.
12. RECURRENCE-ID indicates a specific instance of a recurring entry, such as “TZID=“Pacific Time (US & Canada)” :20200924T143000” which reflects Sept 24, 2020, 230pm . Source: <https://tools.ietf.org/html/rfc5545#section-3.8.4.4> It cannot be withheld under GC 6254.19 Info Security record. (Moreover DT did sometimes provide it proving that it has no infosec risk, like Bates 000082). Examples:
 - a. Bates 000091.
 - b. Bates 000194
13. CREATED indicates the date and time that the calendar information was created. Source: <https://tools.ietf.org/html/rfc5545#section-3.8.7.1> It cannot be withheld under GC 6254.19 Info Security record. (Moreover DT did sometimes provide it proving that it has no infosec risk, like Bates 000082). Examples:
 - a. Bates 000194

SUMMARY:CCD - Risk Assessment Review
DESCRIPTION:Update: Changing time at the request of the Chancellor.
\n\n
\n\nHello Chancellor Dianna Gonzales,\n\n\n\n\nWe will use this time
to
review the Risk Assessment for the City College of San Francisco.
\n\n
\n\nPlease let me know if this time doesn't work for you since I
don't have vision into your free/busy schedule.\n\n\n\n\nWe look
forward to this discussion and completing your risk assessment.\n\n\n
\n\nThank you,\n\n\n\n\nStanley\n\n\n

SUMMARY:Morning stand up to review project key activities
DESCRIPTION:Added the following link to our Project/Staff Tracking Sheet
which provides more info on upcoming project needs – per request from
Network Team!\n\n \n\nThese Wednesday and Friday mornings are to do a
quick run through of any hot items for the next few days. This is not
meant to be a status meeting but instead a checkpoint to escalate any
items requiring immediate attention\, highlight resource impacting tasks
for the week\, and raise any questions that need answers.\n\n\n\nPlease
visit our Project/Staff Tracking Sheet to get more info on upcoming

DT19119-000044

project needs!\n\n \n\nIf you have a topic you want to discuss – add it to the day’s list in: Meeting Notes.\n\n

SUMMARY:Government Technology/Tanium Webinar with Teri Takai -
Coordination Call
DESCRIPTION: This message is from outside the City email system. Do
not
open links or attachments from untrusted sources.\n\nTime to
discuss
upcoming webinar with Teri Takai for Tanium. \n\nPromotional info:
\n\n\nTitle: How San Francisco and Sacramento County Improved IT
Operations and Security\n\n\nWhen the COVID-19 pandemic forced
much

DT19119-000059

of the world to stay at home overnight\, state and local government leaders swiftly pivoted their workforces remote so they could continue to deliver critical citizen services. But this rapid shift opened new cybersecurity vulnerabilities. Suddenly\, attack surfaces expanded and endpoints became widely distributed\, leading to an increase in cyber threats. \n\n \n\nIn this second webcast in a three-part series\, Government Technology will be joined by leaders from San Francisco and Sacramento County to discuss how they improved central IT operations and security in this new environment. Register now to learn:\nHow they were able to address their most immediate security challenges with speed \nHow they optimized costs while enhancing endpoint protection\nHow they plan to scale capabilities for the future\n

SUMMARY:Text Q&A: Avanan
DESCRIPTION: This message is from outside the City email system. Do not
open links or attachments from untrusted sources.\n\nHello,\n\nPlease hold this time for Text Q&A following your Case Study at Security & Risk. It is important you are on time so you are prepared to
answer questions from attendees. Instructions to access your session are
below. \n\nYour session recording will begin playing at 1:15 PM EST. Be aware all sessions will cut off automatically at 1:40 PM

DT19119-000069

EST.

This will immediately prompt a feedback survey so please be cautious of

time as you answer questions. \n\n \n\nAll questions submitted during

your session will only be accessible from the session within the platform. These transcripts will not pull into your Data Portal Session

Report following the session. These will be visible in the platform during the 90-day on-demand period.\n\n \n\nInstructions for Live Day

Q&A:\nLog into S&R Virtual Platform. Only those that registered for the

event can participate in Q&A.\nGo to the Sessions Tab\, then click Case

Studies. All Sessions will appear in chronological order. \nFind your

session and click Watch or Early Entrance button.\nChat window will show

on left hand side of window. \nOnce you arrive in your session\, we highly recommend posting to attendees and encouraging them to submit questions during the presentation. \nFor example\, " Hello everyone – thank you for being here! We would love to hear from you. Please submit any questions in the chat field below".\nYou can start answering questions right away. You do not need to wait until the session concludes.\nOnce the pre-recording stops playing at 24:43\, the

video will stop playing\, but you can still chat with attendees in the

chat window until 25 minutes is up.\n \n\nIf you have any questions\,

please reach out to your Logistics Contact for assistance. \n\nGood luck!\n

Redaction Log

Reason	Page (# of occurrences)	Description
Information Security Cal. Govt. Code 6254.19	1 (5)	We have withheld records responsive to your request [and/or redacted parts of the records provided in response to your request] on the basis that the information contained may reveal vulnerabilities to, or otherwise increase the potential for an attack on, an information technology system of a public agency.
Passwords	1 (1)	We have withheld records responsive to your request [and/or redacted parts of the records provided in response to your request] per California Evidence Code 1040.
Privacy	1 (1) 2 (2)	Due to privacy concerns, personal information, such as personal phone numbers, cell numbers and email addresses, has been redacted from the documents that we are making available to you. We redacted this personal information pursuant to Section 6254(c) and Section 6254(k) of the California Public Records Act and Article 1, Section 1 of the California Constitution.

DESCRIPTION:Added the following link to our Project/Staff Tracking Sheet
which provides more info on upcoming project needs – per request from
Network Team!\n\n \n\nThese Wednesday and Friday mornings are to do a
quick run through of any hot items for the next few days. This is not
meant to be a status meeting but instead a checkpoint to escalate any
items requiring immediate attention\n, highlight resource impacting tasks
for the week\n, and raise any questions that need answers.\n\n\n\nPlease
visit our Project/Staff Tracking Sheet to get more info on upcoming

DT19119-000171

project needs!\n\n \n\nIf you have a topic you want to discuss – add it to the day’s list in: Meeting Notes.\n\n
