July 5, 2020

9 CHIEF WILLIAM SCOTT AND SAN  
10 FRANCISCO POLICE  
11 DEPARTMENT,  
12 Respondents

SOTF No.  
\_\_\_\_\_

13 **COMPLAINT**

14 1. This is a petition and complaint under the Sunshine Ordinance and California  
15 Public Records Act regarding requests<sup>2</sup> from [88199-65424898@requests.muckrock.com](mailto:88199-65424898@requests.muckrock.com) and  
16 [94249-71576778@requests.muckrock.com](mailto:94249-71576778@requests.muckrock.com) for records of text and chat messages between  
17 Respondent Scott and Mayor London Breed and other communications by Scott.

18 2. Complainant alleges Respondents responded in an incomplete or untimely manner  
19 to requests for public records (SF Admin Code 67.21(b) and Cal. Govt. Code 6253(c)), withheld  
20 more than the minimum exempt portion of records (SFAC 67.26), withheld information without a  
21 lawful justification (SFAC 67.27), and (as to Respondent Scott only) failed to maintain and  
22 disclose in a professional and businesslike manner his correspondence (SFAC 67.29-7(a)).

23 <sup>1</sup> NOTE: There are multiple distinct anonymous requesters sending requests using  
24 MuckRock.com, using similar request templates and form - do not assume that the same  
25 individual is sending all anonymous requests. Complainant is an anonymous user of MuckRock,  
26 but does not represent MuckRock, nor any other MuckRock user, whether anonymous or not.

3. SOTF rules require that “all inferences and evidence [] be viewed in the light most favorable to the petitioner” (SOTF Complaint Procedure, ¶1). The Chair has stated that “it is presumed that all documents are public records until Respondent cites that it is not and that it can be withheld” (SOTF 19093 *Petrelis v. Elsbernd*) and “if a record is withheld, then it is presumed it is a violation” (*ibid*). Therefore, the burden of proof<sup>3</sup> that a record or portion thereof is exempt from disclosure is on Respondents, and this Task Force should accept every allegation below as true, unless explicitly denied by Respondents.

4. Both the California Public Records Act and the San Francisco Sunshine Ordinance govern Respondents’ conduct in this complaint. If they conflict, whichever provision demands that Respondents provide “faster, more efficient, or greater access to records” (Cal. Govt. Code 6253(e)) controls.

5. The public interest in disclosure of these records is significant. Complainant’s requests at issue in this petition and Respondents’ partially disclosed records have been widely covered in San Francisco media<sup>4</sup> with significant public comment both in support and in opposition to the actions by Respondent Scott and non-party public official Breed described in the records so-far disclosed.

---

<sup>3</sup> The Sunshine Ordinance also requires that “In any court proceeding pursuant to this article there shall be a presumption that the record sought is public, and the burden shall be upon the custodian to prove with specificity the exemption which applies.” (SF Admin Code 67.21(g)).

6. Furthermore, because Mayor Breed has claimed on multiple occasions<sup>5</sup> that she has no text messages to disclose in response to Complainant's requests to Breed for her text messages, Respondents' records of their conversations may be the only copy available to the public, and may even be the only copies that have not been destroyed.

## BACKGROUND

7. The requests at issue in this complaint derive from a series of prior requests (which are not at issue in this complaint) investigating the electronic communications of various City public officials. The prior requests and responses are described below for context.

8. On September 13, 2019, Respondents disclosed text messages for Scott, with certain electronic metadata, such as the ThreadId and MessageId, in response to Complainant's request P008260-071519, in tab-separated format (a type of simple spreadsheet), demonstrating that Respondents have a professional electronic record management system for Respondents' text messages (unlike most other City agencies, which keep such public records solely on the employee's cell phones, and thus permit deletion of those messages at the whim of the individual employee).

<sup>5</sup> In July 2019 a request to Breed for, *inter alia*, "an electronic copy, in the original electronic format, with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the most recent 10 conversations (whether individual or group chats) of all PERSONAL account(s) of [Breed and various Breed employees] in [ text/SMS/MMS messaging ], solely to the extent that such conversations are regarding the public's business and disclosable under relevant statute and case law, including but not limited to City of San Jose v Superior Court (2017)" was made. In response to that request, Breed's Compliance Officer Hank Heckel stated that there were no responsive records for Breed.

9. On February 4, 2020, Respondents disclosed public records of text messages that appeared to involve Mayor Breed in response to Complainant's request P008985-091119 of records related to the raid by SFPD of journalist Bryan Carmody:

Date (UTC)	Sender	Recipients	Body
2/22/19 17:59	[REDACTED]	[REDACTED]	"Good Morning Mayor, FYI - if you haven't seen it yet: <a href="http://www.ktvu.com/news/sfpd-arrests-50-suspects-in-tenderloin-sweep">http://www.ktvu.com/news/sfpd-arrests-50-suspects-in-tenderloin-sweep</a> "
5/7/19 23:42	[REDACTED]	[REDACTED]	"Hi Mayor, FYI on a news worthy homicide arrest: We just arrested film maker Kevin Epps in Oakland on a San Francisco homicide warrant that was originally discharged by the SF DA. The SF DA has now filed the case and a warrant for Epps was issued. The attached article is related to the 2016 homicide. This will garner media attention based on Epps ties to the community in the Bayview. SF filmmaker Kevin Epps says deadly shooting was ?self-defense? <a href="https://www.sfgate.com/news/article/Self-defense-seen-as-possible-factor-in-killing-10415771.php">https://www.sfgate.com/news/article/Self-defense-seen-as-possible-factor-in-killing-10415771.php</a> "
5/12/19 4:36	[REDACTED]	[REDACTED]	"Good Evening Mayor, see the below summary of a fatal traffic collision where a person was run over at Golden Gate/Hyde. This will likely get media coverage: The Victim, possibly [REDACTED] in the street, then was run over by a vehicle. A MUNI Bus driver, who stopped at the scene, did not believe he ran over the victim. Victim had tire marks on his body. SFPD Officer administered CPR and [REDACTED] to victim. Victim transported to [REDACTED] and subsequently was pronounced deceased. The traffic investigation is on going."

10. Respondents revised on Feb. 26, 2020 these disclosures in P008985-091119 to include the identity of the participants, confirming Breed's involvement:

Date (UTC)	Sender	Recipients	Body
2/22/19 17:59	Chief Scott	London Breed	"Good Morning Mayor, FYI - if you haven't seen it yet: <a href="http://www.ktvu.com/news/sfpd-arrests-50-suspects-in-tenderloin-sweep">http://www.ktvu.com/news/sfpd-arrests-50-suspects-in-tenderloin-sweep</a> "

This will likely get media coverage: The Victim, possibly [REDACTED] in the street, then was run over by a vehicle. 5/7/19 23:42	Chief Scott	London Breed	"Hi Mayor, FYI on a news worthy homicide arrest: We just arrested film maker Kevin Epps in Oakland on a San Francisco homicide warrant that was originally discharged by the SF DA. 11. These responses were peculiar because Mayor Breed had in July 2019 through her Compliance Officer Hank Heckel stated that "No such responsive texts were located" for Breed (see footnote 5 above). Complainant made an additional request to Breed on Feb. 4, 2020 for the text messages seen above from February 2019, to which Heckel replied "No responsive records."

12. Complainant's requests to Respondents at issue in this Complaint were made in part to help continue to investigate whether or not non-party Breed had violated the Sunshine Ordinance and California Public Records Act by refusing to provide any responsive records nor a justification for withholding in response to records requests directed to her for her text messages. Proof that Respondent Scott and others had indeed communicated regarding the conduct of public business with Breed over text could help show that either Breed unlawfully withheld in entirety those messages without justification (SFAC 67.21, 67.27) or, if they have been destroyed by

1 Breed, that she failed to maintain and disclose her correspondence in a professional and  
2 business-like manner (SFAC 67.29-7(a)). Breed is not a Respondent in this complaint and is  
3 being pursued separately.

### 5 THE REQUESTS AT ISSUE

6 13. On February 16, 2020, Complainant issued a request for public records (the “First  
7 Request,” labeled P011148-022520 by SFPD) from Respondents for, *inter alia*:

8 All text or chat messages in any form or application (SMS, MMS, WhatsApp,  
9 WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent  
10 by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott,  
11 timestamps between June 1, 2019 and Aug 30, 2019 (inclusive), including a  
12 personal search under City of San Jose vs Superior Court (2017). Please also  
13 include any group messages where more than Chief Scott and Breed are on the  
14 message. While the phone numbers are not needed, the following must be  
15 preserved: the timestamps, the textual content, attachments, and images, and  
16 also ALL sender and recipient names (including groups). Pursuant to SF Admin  
17 Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do  
18 not print and scan.

19 14. On February 18, 2020, SFPD acknowledged the First Request, refusing to treat it as  
20 an immediate disclosure request (IDR). On February 25, 2020, SFPD “forwarded [the request] to  
21 the appropriate department(s) for processing.” On February 27, 2020, SFPD declared a 14-day  
22 extension. On March 12, 2020, SFPD indicated a further delay to March 26, 2020.

23 15. On March 26, 2020, Respondents provided a cover letter from their Legal Division  
24 (Exhibit B), a response from the Office of the Chief of Police (Exhibit C), and a copy of  
25 responsive records (Exhibit D) for the First Request.

26 16. On April 3, 2020, Complainant made an additional request (the “Second Request,”  
27 labeled P011562-040320 by SFPD) for, *inter alia*:

28 All text or chat messages in any form or application (SMS, MMS, WhatsApp,  
WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent  
by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott,  
timestamps between Jan 1, 2020 and Apr 1, 2020 (inclusive), including a  
personal search under City of San Jose vs Superior Court (2017). Please also  
include any group messages where more than Chief Scott and Breed are on the  
message. While the phone numbers are not needed, the following must be  
preserved: the timestamps, the textual content, attachments, and images, and  
also ALL sender and recipient names (including groups). Pursuant to SF Admin  
Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do

1 not print and scan. Please provide rolling responses.

2  
3 17. On April 3, 2020, SFPD “forwarded to the appropriate department(s) for  
4 processing” the Second Request and determined it was not an IDR.

5 18. On April 13, 2020, Respondents provided a cover letter from their Legal Division  
6 (Exhibit E), a response from the Office of the Chief of Police (Exhibit F), and a copy of  
7 responsive records (Exhibit G) for the Second Request.

8 19. On April 14, 2020, Complainant filed a related Supervisor of Records petition  
9 under SF Admin Code 67.21(d). No acknowledgment or response to that petition has been  
10 received as of July 5, 2020.

11 20. On June 3, 2020 Complainant issued another request (the “Third Request,” labeled  
12 P012129-060320 by SFPD) for:

13 1. Each email, text, or chat message SENT by the Chief to: (at least one Police  
14 Commissioner, the Mayor, DPA Executive Director) from May 25, 2020 to  
15 June 2, 2020 (inclusive). Personal property pursuant to City of San Jose v  
16 Superior Court (2017) must be searched. PLEASE NOTE WE NEED THE  
17 ORIGINAL EMAILS SENT OR RECEIVED BY THE EMPLOYEES  
18 INCLUDING ANY "BCC" RECIPIENTS. If you instead "forward" the email  
19 from Commissioner to staff, it may unlawfully withhold certain headers like the  
20 BCC. Include all attachments and images. Text or chat messages must preserve  
21 timestamps, sender and recipient names, message content and all attachments  
22 including photos.

23 2. Each email, text, or chat message RECEIVED by the Chief from: (any Police  
24 Commissioner, the Mayor, or DPA Executive Director) from May 25, 2020 to  
25 June 2, 2020 (inclusive). Personal property pursuant to City of San Jose v  
26 Superior Court (2017) must be searched. PLEASE NOTE WE NEED THE  
27 ORIGINAL EMAILS SENT OR RECEIVED BY THE EMPLOYEES  
28 INCLUDING ANY "BCC" RECIPIENTS. If you instead "forward" the email  
from Commissioner to staff, it may unlawfully withhold certain headers like the  
BCC. Include all attachments and images. Text or chat messages must preserve  
timestamps, sender and recipient names, message content and all attachments  
including photos.

29 21. On June 3, Respondents declared a 10-day deadline instead of immediate  
30 disclosure. On June 12, Respondents invoked a 14-day extension pursuant to Gov Code 6253(c).  
31 On June 29, Respondents stated they were “still consulting with other divisions of the agency for  
32 responsive records.” See Exhibit H.

33 22. As of July 5, 2020, Respondents have not provided any records nor justification for  
34 withholding for the Third Request.

**ALLEGED VIOLATIONS OF LAW**

**A. Respondents withheld non-exempt information in messages about COVID-19 (SF Admin Code 67.26, 67.27)**

23. Page 7 of Respondents’ records responsive to the Second Request describe a conversation between Respondent Scott and Mayor Breed regarding a person (potentially an SFPD employee) who tested positive for COVID-19. Mayor Breed wonders whether “he use[s] [her] gym.”

Sender Name	Recipients	Recipient Name	Body
Chief William Scott	[REDACTED]	Mayor London Breed	"Good Afternoon Mayor, we have a [REDACTED] t who works out [REDACTED] who has was confirmed COVID-19 positivd by their Doctor. I am getting more information and will update. We have not made this information public yet as we just learned of this information. "
Mayor London Breed	[REDACTED]	Chief William Scott	"Dang, does he use my gym?"
Chief William Scott	[REDACTED]	Mayor London Breed	"I am pretty sure he does not. He [REDACTED] There is gym [REDACTED] . We rarely get anyone outside of those who work in the building here using this gym. "
Chief William Scott	[REDACTED]	Mayor London Breed	"Good Evening Mayor, the other two suspects from the March 16th Mission District murder in the restaurant were just arrested. For your awareness. Also, I talked to the [REDACTED] who tested positive for COVID-19. He has not worked out at the gym at HQ. "
Chief William Scott	[REDACTED]	Mayor London Breed	"Good Morning Mayor, just got confirmation of a positive COVID-19 test of the [REDACTED] r [REDACTED] who tested COVID-19 positive yesterday. For your awareness. The good news is at least two officers who were quarantined from other potential exposures have been cleared to return to work. For your awareness. "

24. None of the redactions in the “Body” column above are justifiable under Gov Code 6254(c) as cited by Respondents. That subsection exempts only “Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy” (emphasis added). Disclosing the currently redacted text would not cause an “unwarranted invasion of personal privacy” -- except for those portions which would identify a particular city employee or other person.

25. Because some or all of the redacted portions of the above records are not actually exempt, Respondents failed to withhold only the minimal exempt portion of the records.

**B. Respondents responded incompletely to a public records request by not providing attachment and images records for the First and Second Requests, failed to justify**

1 **withholding those records, and/or Respondent Scott failed to maintain and disclose**  
2 **his correspondence (SF Admin Code 67.21(b), 67.27, 67.29-7(a))**

3 26. Both the First and Second Requests explicitly requested, *inter alia*, “the  
4 timestamps, the textual content, attachments, and images, and also ALL sender and recipient  
5 names (including groups)” (emphasis added).

6 27. No attachments or images for any messages were provided to Complainant in either  
7 Request.

8 28. The following records have no textual content in the “Body” column and also no  
9 visible redactions or justification for withholding stated. It is thus assumed these are image or  
10 media messages, yet no image records whatsoever were provided to us:

- 11 a. 8/23/19 0:55 (multiple)
- 12 b. 8/23/19 2:09
- 13 c. 7/9/19 15:43
- 14 d. 8/24/19 14:33
- 15 e. 8/22/19 17:53
- 16 f. 1/20/20 5:50
- 17 g. 3/6/20 4:25
- 18 h. 3/29/20 22:40 (multiple)
- 19 i. 3/29/20 23:53 (multiple)

20 29. Below is an example of the blank records. From the context it is clear that the  
21 Mayor is sending Respondent Scott pictures of the “guy walking around sea cliff.”

3/29/20 22:40	██████████	Mayor London Breed	██████████	Chief William Scott	
3/29/20 22:40	██████████	Mayor London Breed	██████████	Chief William Scott	
3/29/20 22:40	██████████	Mayor London Breed	██████████	Chief William Scott	"Someone just sent this to me: There is a guy walking around sea cliff looking for money and checking doors."
3/29/20 22:40	██████████	Mayor London Breed	██████████	Chief William Scott	"He just tried our door as well and asking for money saying he is part of the release program."
3/29/20 23:51	██████████	Chief William Scott	██████████	Mayor London Breed	"Hi Mayor, the message won't open. "
3/29/20 23:53	██████████	Mayor London Breed	██████████	Chief William Scott	

22 30. Note that these are only the obviously missing records; it is possible that messages  
23 for which body text was provided *also* contained additional images and attachments, none of  
24 which were disclosed. Those images and attachments, if they exist, must also be provided.

25 31. If these messages did contain images or attachments but they were not retained or it  
26 is now impossible to disclose them as public records for some reason, then Respondent Scott, as

department head of Respondent SFPD, has failed to maintain and preserve his correspondence and to disclose it as a public record.

**C. Respondents withheld non-exempt information in messages sent by Mayor Breed (SF Admin Code 67.26, 67.27)**

32. In various messages, words that Mayor Breed texted to Respondent Scott and various other individuals have been redacted under a Gov Code 6254(f) exemption as an “investigative file:”

Mayor London Breed	[REDACTED]	Chief William Scott CoS Sean Elsbernd	"We have a real problem with the line on McAllister and market [REDACTED]. It's outrageous "
Mayor London Breed	[REDACTED]	Chief William Scott CoS Sean Elsbernd	"People are packed on the sidewalk standing in line and not social distancing "
Chief William Scott	[REDACTED]	CoS Sean Elsbernd Mayor London Breed	"Ok. Will have someone go there right now. "
Mayor London Breed	[REDACTED]	Unknown Chief William Scott Unknown CoS Sean Elsbernd Unknown	"Market st looks clean and I'm grateful, but the [REDACTED] and the entire block of market between 7th and 8th continued to be a problem including UN plaza with illegal activity including drug dealing and buying and selling stolen goods. There is also a problem with public drug use. We really need to concentrate on the area with law enforcement and asst from public health. It's the same area every day and this should not be difficult. Enforcement is key."

33. None of the redactions in the “Body” column above are justifiable under Gov Code 6254(f) as cited by Respondents. London Breed is a part of the Office of the Mayor. The Office of the Mayor is not a law enforcement agency protected under Gov Code 6254(f), and her text messages are not a law enforcement “investigative file.”

34. In various messages, words Mayor Breed texted to Chief Scott and various other individuals have been redacted under a Gov Code 6254(c) exemption as “personal information:”

Mayor	[REDACTED]	Chief, unknown, unknown	"Someone is sleep at [REDACTED] market st And someone is posted at 8th and market"
Mayor	[REDACTED]	Chief, Sean Elsbernd, unknown, unknown, unknown	"From [REDACTED]: Dore Street is a mess again, your help is needed, also there is an encampment across from our front entrance, right across from 1000 Brannan Thanks. right at the corner. "

35. None of the redactions in the “Body” column above are justifiable under Gov Code 6254(c) as cited by Respondents. That subsection exempts only “Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy” (emphasis added). Contrary to the City’s frequent contention, all personal information is not

1 exempt under this subsection. Disclosing the currently redacted text would not cause an  
2 “unwarranted invasion of personal privacy,” nor do the words in these texts constitute personnel or  
3 medical files, nor is it clear how these words are “similar” to such files.  
4

5 **D. Respondents must not withhold the identity of the participants in the conversations**  
6 **(SF Admin Code 67.26, 67.27)**

7 36. Both the First and Second Requests explicitly requested, *inter alia*, “the  
8 timestamps, the textual content, attachments, and images, and also ALL sender and recipient  
9 names (including groups)” (emphasis added). Numerous participants in records disclosed to  
10 Complainant have been named “Unknown.” There is no cited exemption to not provide this  
11 public information.

12 37. Furthermore, all phone numbers have been withheld throughout all records.  
13 However, only phone numbers that are *personal* phone numbers should be withheld. Phone  
14 numbers owned by the City should not be withheld. For example, Gov Code 6254.3(a) exempts  
15 “home addresses, home telephone numbers, personal cellular telephone numbers, and birth dates  
16 of all employees of a public agency.” Work phone numbers, whether landline or cellular, should  
17 not be withheld (comparably: personal email addresses of public employees are exempt, but  
18 City-owned email addresses are not generally redactable). Disclosure of City-owned phone  
19 numbers also does not constitute “an unwarranted invasion of personal privacy” since those  
20 numbers are, by definition, not private to the City employee.

21 **E. Respondents responded in an untimely and incomplete manner to the Third Request**  
22 **(SF Admin Code 67.21(b) and Cal Govt Code 6253(c))**

23 38. Neither records, nor a justification for withholding of records, were provided by  
24 Respondents within 24 days of the Third Request.

25 39. Govt Code 6253(c) requires that Respondents provide a response to the request  
26 within 10-days and permits one 14-day extension. No further extensions are contemplated by  
27 either the CPRA or the Sunshine Ordinance.  
28

**REQUEST FOR RELIEF**

1  
2 40. Complainant requests the Task Force to find that some or all of the records or  
portions thereof withheld from disclosure are public and order Respondents to disclose them.

3 41. Complainant requests the Task Force find Respondents violated:

- 4 a. SF Admin Code 67.21(b) and Cal. Govt Code 6253(c) for responding to the  
5 requests in an incomplete or untimely manner;
- 6 b. SF Admin Code 67.26 for withholding more than the minimum exempt portion of  
7 records;
- 8 c. SF Admin Code 67.27 for not providing a lawful justification for withholding  
9 information;
- 10 d. (as to Scott only) SF Admin Code 67.29-7(a) for not maintaining and disclosing  
11 Scott's correspondence in a professional and business-like manner.

12 42. Complainant requests the Task Force to issue all appropriate orders and refer  
13 Respondents to the District Attorney, Attorney General, and Ethics Commission if Respondents  
14 refuse to comply.

Subject: California Public Records Act Request: Interagency Text Messages (SFPD) - Immediate Disclosure Request

[Email](#)**To Whom It May Concern:**

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by Feb 13, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

**Your non-exhaustive obligations:**

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

\*\*\*\*\* We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. \*\*\*\*\*

1. All text or chat messages in any form or application (SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott, timestamps between June 1, 2019 and Aug 30, 2019 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where more than Chief Scott and Breed are on the message. While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do not print and scan.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the [MuckRock.com](https://www.muckrock.com) FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other

damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

Dear Anonymous,

You have submitted a public records request for...

All text or chat messages in any form or application (SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott, timestamps between June 1, 2019 and Aug 30, 2019 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where more than Chief Scott and Breed are on the message.

as an immediate disclosure request ("IDR" ). The purpose of an IDR is for "simple, routine, or otherwise readily answerable request." Admin. Code 67.25(a). The Sunshine Ordinance does not bestow on requesters the right to transform any or every public records request into an immediate disclosure request simply by so designating it. Rather, the Sunshine Ordinance specifies that for more extensive or demanding requests, the maximum deadlines under the Public Records Act and the Sunshine Ordinance for responding to a request apply. Admin. Code Â§ 67.25(a). Subject: RE: California Public Records Act Request #P01148-022520

Email

To Whom It May Concern:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by Apr 6, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

\*\*\*\*\* We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the

City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. \*\*\*\*\*

1. All text or chat messages in any form or application (SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott, timestamps between Jan 1, 2020 and Apr 1, 2020 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where more than Chief Scott and Breed are on the message. While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do not print and scan. Please provide rolling responses.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the [MuckRock.com](https://www.muckrock.com) FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

Sincerely,  
Anonymous

Subject: RE: California Public Records Act Request #P011148-022520

Email

Sup of Records Herrera,

This is a SFAC 67.21(d) petition against SFPD and Chief Scott for a written determination that records or parts thereof are public and an associated Order to disclose.

I appeal against an April 13 2020 response re texts between Chief Scott and Mayor Breed. Links are included below.

1. There are attachments or other media illegally withheld and without justification at least rows: 1/20/20 5:50, 3/26/20 4:25, 3/29/20 22:40 and 23:53. Note these are just the obvious missing media. All attachments must be provided. Even if the IT Department cannot get them from a central server, they must be provided off Chief Scott's phone if that is the sole place they are retained.

2. I challenge all redactions on the attached column Body. These are discussions of how the Mayor may or may not have interacted with someone with COVID at her gym.

3. I also challenge the redactions of the Mayor's own words (an office not listed in GC 6254(f)) as an investigative file, including but not limited to the Body redactions of 2/24/20 4:48 and 4/1/20 18:06.

Sincerely,  
— Anonymous

RE: Public Records Request, dated February 25, 2020, Reference # P011148-022520

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated February 16, 2020.

You requested, "To Whom It May Concern:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by Feb 13, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

\*\*\*\*\* We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. \*\*\*\*\*

1. All text or chat messages in any form or application (SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott, timestamps between June 1, 2019 and Aug 30, 2019 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where more than Chief Scott and Breed are on the message. While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(1), please provide a spreadsheet format or if you will use PDF, do not print and scan. Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.”

On February 18, SFPD, Media Relations acknowledged your request, and informed you that your request was not considered an Immediate Disclosure request, the 10-day maximum deadline to respond applies. Please refer to California Government Code Section 6253(c).

On February 27, SFPD invoked the extension of time to respond to your request pursuant to Government Code section 6253(c) because of the need to consult with another division of the agency.

On March 12, SFPD informed you that we were still consulting with other divisions of the agency for responsive records to your request.

Responsive records are included in this correspondence.

Thank you for your courtesy in this regard.

Sincerely,

Lt. R. Andrew Cox #287  
Officer in Charge  
Risk Management - Legal Division

1. Pursuant to SF Admin Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do not print and scan.

In response to the above referenced Public Records Act Request, a search for SMS/MMS text messages was completed. The below messages were extracted by the department's Information Technology team.

There were no responsive documents in WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams.

**Please note:**

The enclosed documents have been redacted per the following:

**California Government Code Section 6254(c):** Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

**California Government Code Section 6254(f):** Records of complaints to, investigations conducted by, intelligence information or security procedures of, and investigatory or security files compiled by local police agencies... Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation.

**Evidence Code Section 1040**

(2) Disclosure of the information is against the public interest because there is a necessity for preserving the confidentiality of the information that outweighs the necessity for disclosure in the interest of justice; but no privilege may be claimed under this paragraph if any person authorized to do so has consented that the information be disclosed in the proceeding. In determining whether disclosure of the information is against the public interest, the interest of the public entity as a party in the outcome of the proceeding may not be considered.

## **Columns “Sender” and “Recipients”**

The cell phone numbers have been redacted per Gov. Code §6254(f) and Evidence Code §1040(2).

However, a search of the “Contact” folder on Chief William Scott’s department-issued cell phone was completed and the name of the contact associated with a redacted number has been listed in the column next to both “Sender” and “Recipients” if the name appeared in the “Contact” folder.

If a name is not in the “Contact” folder of Chief William Scott, “unknown” was used.

Additional redactions are indicated below.

The two shootings are not believed to be connected. The El Paso shooter wrote a manifesto indicating the shooting was racially motivated. The Dayton shooter killed his sister among other victims so the motive is not known at this time. Both shooters used assault rifles. In the Dayton shooting a quick response by police officers who were nearby and armed with rifles saved lives. There does not appear to be a connection with either Dayton or El Paso with last week's Gilroy shooting. RE: Public Records Request, dated April 03, 2020, Reference # P011562-040320

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated April 03, 2020.

You requested, "To Whom It May Concern:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by Apr 6, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

\*\*\*\*\* We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. \*\*\*\*\*

1. All text or chat messages in any form or application (SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent by Chief Scott to Mayor Breed OR sent by Mayor Breed to Chief Scott, timestamps between Jan 1, 2020 and Apr 1, 2020 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where more than Chief Scott and Breed are on the message. While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), please provide a spreadsheet format or if you will use PDF, do not print and scan. Please provide rolling responses. Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.”

On April 3, SFPD acknowledged your request, and informed you that the 10-day maximum deadline to respond applies. Please refer to California Government Code Section 6253(c).

Responsive records are included in this correspondence.

Thank you for your courtesy in this regard.

Sincerely,

Lt. R. Andrew Cox #287  
Officer in Charge  
Risk Management - Legal Division

**California Government Code Section 6254(f):** Records of complaints to, investigations conducted by, intelligence information or security procedures of, and investigatory or security files compiled by local police agencies... Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation.

I have been out for several hours checking the city today for compliance with the Public Health order and verifying our deployment. People out are very small in numbers. The following hot spots were noted (these are social distancing challenging locations): Marina- people were out walking and exercising. No large groups of people observed; Embarcadero- people out and exercising - no large groups observed; Mid Market; Crowds are small overall. Officers posted and visible at 8th, 7th and 6th and Market; UN plaza was thick with people not practicing social distancing. Capt. Fabbrì handling and I will go back by there in a bit to recheck. Homeless population is still challenging. Footbeat officers engaging. In the Bayview, 3rd Street is challenging at Quesada, Revere, Paulou, and Newcomb. Groups of people hanging out. Officers are engaging, educating and messaging on social distancing. Potrero hills housing developments was very quiet with very few people out. Fillmore/Golden Gate has been a problem for the past few nights with groups 30 or so deep hanging out and not practicing social distancing. We have engaged with the groups (including me personally Friday night) and educated people on social distancing to help prevent the spread. Today no one was out at 4:30 p.m. at Fillmore/Golden Gate Note: [REDACTED] Liquor was closed by the time I got there today so that may have contributed to no one being out. I was all over the City today and overall, people are listening and complying. For your awareness. "

3/26/20 4:24	[REDACTED]	Chief William Scott	[REDACTED]	Mayor London Breed	<p>"Good Afternoon Mayor, This evening's status of the City re: COVID-19: Assistant Chief Redmond personally went out and checked the following locations around the City from a out 2 p.m. to 5 p.m. People out are very small in numbers again today. The following hot spots were noted (these are social distancing challenging locations): Mid Market; Crowds are small overall when checked but I was told that earlier today the Officers posted and visible at 8th, 7th and 6th and Market. UN Plaza gatherings were light and manageable over all with officers messaging social disting when checked. However, I was told the Farmer's Market was thick today and social distancing was an issue. We either need to work with the vendors to help with the social distancing or I recommend restrictions or shutting it down. The HSOC team was focus on engagement with the street population and homeless population. They made some progress with spreading people out and clearing some of the problem streets. We have to keep going back to continue pt.make progress. Capt. Homeless population is still challenging with the tents in the Tenderloin but it reportedly looked a little better today with the HSOC outreach. Footbeat officers engaging in Mission Bay and Embarcadero reported a lot less people out that week and a lot less socializing. People were mainly walking and exercising. The exercise park near the food trucks in Mission Bay continues to be a problem with social distancing. Officers were sent there today and gave warnings. People complied but we need to stay on it. In the Mission District we have officers posted at 24th/Mission and 16th/Mission. These have been social distancing challenges. 24th was thinned out this afternoon. 16th was a bit more challenging with [REDACTED]. We put [REDACTED] out to [REDACTED]. In the Bayview, 3rd Street was a little better today.</p>

					<p>Fewer people at Mendell Plaza but still a problem with gatherings and social distancing along 3rd at Quesada, Revere, Paulou, and Newcomb. The liquor store at [REDACTED] is a problem with groups of people hanging out. Officers are still engaging, educating and messaging on social distancing. I recommend restricting their hours or shutting them down altogether if restricting their hours doesn't solve the problem. The City Attorney is on board and has provided advice on how we can make that happen.</p> <p>Fillmore/Golden Gate looked great tonight. I will send you a picture that was taken in front of [REDACTED] liquor. Early this evening no one was out there on either side of the street. As to enforcement, now that the City Attorney's Office has helped put out clear enforcement protocols officers shut down two businesses that were opened and none essential in the last couple of days. These were officer initiated shut downs (a wine bar and the other was a businessman who was open for business and was determined by officers to be non essential (not exactly sure what the business nature was but the City Attorney who reviewed the report said the shutdown was appropriate) . Both business owners complied with the officers orders to close. An incident report was taken for each incidents and routed to the City Attorney's Office. If a decision is made to go forward with prosecution we can go the criminal or civil route. We will have officers follow up to make sure they stay closed and certainly push for prosecution if they reopen. We have put systems in place and are tracking all such reports. Businesses still mostly in compliance from what has been reported. For your awareness. "</p>

3/27/20 4:26	[REDACTED]	Chief William Scott	[REDACTED]	Mayor London Breed	"Good Evening Mayor, Here is the status of the City today for COVID-19. I spent the last 5 hours in the field around the City to get eyes on: Bayview- 3rd Street look much better (early evening from 4:45 to 5:45) the gatherings along 3rd Street were much smaller than last week. The [REDACTED] had no one in front when I was there. Mendell Plaza, LaSalle, Paulou, and Revere were much lighter than normal and the people who were out there were keeping some distance between them for the most part. There were a few pockets of people that has to be addressed. Bayview officers reported that the outreach teams from the EOC flood the area with COVID-19 pamphlets and they believe that has made a difference. Alice Griffith was very quiet. No gatherings at all. Ingleside- Mission St. from Geniva to Ocean all non essential businesses were closed. Very light pedestrian traffic and people at the bus stops were social distancing. We saw one group of 5 people not social distancing and out playing dominos in the bed of a pickup truck. They were warning and complied immediately. Along Ocean Avenue all non essential businesses were closed. Very light pedestrian activity no social distancing issues. West Portal, Traval, Clement were all the same with no non essential businesses open, very light pedestrian activity. Problem areas observed were Haight Between Masonic and Stanyan. All non essential businesses were closed but there were pocket of homeless people sitting on the sidewalks in groups of two to about 10 along Haight. We engaged most of them and they mostly claimed that they lived together and therefore they were not practicing social distancing. This will be a challenge. Not sure they lived together but that seems to be what they all were saying along the block about 40 to 50 in all in different groups. At Balboa Park, the park was empty except for the skate board park. Lots of young kids 10 years old or so, some teens and a few adults. About 30 in all.
3/27/20 15:31	[REDACTED]	Mayor London Breed	[REDACTED]	Chief William Scott	This is a constant issue since the Public Health Order went out I'm told. We are working with Ginsberg to post Park Rangers and/or Officers or at least regular check. From my understanding the kids and teens climb over the fence even when the park is closed. I didn't get eyes on Market or the Tenderloin tonight but the reports that I recieved were that the people gathering at the hotspots were less hostile today and there seemed to be fewer people along Market. Officers are still being posted along Market and other areas of the Tenderloin still challenging. For your awareness "

3/28/20 3:51	[REDACTED]	Chief William Scott	[REDACTED]	Mayor London Breed	"Good Evening Mayor, Here is the status of the City re: COVID-19 public health order related issues this evening: Officers shut down two smoke shops [REDACTED] [REDACTED]). There was a discussion about whether they at the essential business criteria and once ruled non essential we advised the owners and shut it down. An incident report were taken. And we will follow up to ensure the business stay closed. At [REDACTED], there was a restaurant/Bar selling alcohol to people waiting in the take out restaurant lines allowing people to drink while they waited in line. We shut down the illegal alcohol sales and an incident report. Central officers will monitor the restaurant this weekend. In the Mission District we had officers walking through Dolores Park this evening and right now. Not a big crowd but some Social Distancing issues. Same at Washington Square. We are engaging with the people out there. Park Station officers just did a walk through on Haight Street. We had been advised today that homeless advocates will be giving out tents along Haight and encouraging homeless persons to pitch their tents on the sidewalks. As of 20 minutes ago the officers did not see any tents. Park Station Captain Pagano trying to keep this situation from becoming a new or worse public health and social distancing issue with encampments along the sidewalks on Haight Street. Captain Dangerfield has assigned a team of officers to work 3rd Street. That along with the education and messaging by the Community Branch dispatched from the EOC is making a difference we believe. There were not issues at Mendell Plaza today and 3rd Street, although not totally there, is looking much better than this past weekend. We sent out the update from the newest order you approved today. We emphasized new restricted liquor store hours.
3/29/20 22:40	[REDACTED]	Mayor London Breed	[REDACTED]	Chief William Scott	Tonight our officers will start engaging and messaging with Liquor and convenience store owners and managers to get compliance starting now. Tenderloin Captain Fabbri and our HSOC Commander Fong reporting that less people were out today than earlier in the week and we are making slight progress getting some social distancing compliance in the Tenderloin but we still have a uphill climb and a lot of work to do. For your awareness. "

3/30/20 4:26	[REDACTED]	Chief William Scott	[REDACTED]	Mayor London Breed	"Good Evening Mayor, Status of City today re: COVID related issues: Dolores park looked good today. Panhandle looked good. People out walking but no basketball. Haight and Clayton hroup an issue today. Park officers engaged them. Haight and ashbury and Masonic was clear today. Mission Street looked better today. Officers engaged groups at 16th and were able to prevent groups from gathering and sidewalk panhandling on Mission between 15th and 16th. The markets were not as crowded but still need to be addressed. We are working with The Community Branch from the EOC on this. Most of the dispatched public health calls today were about recreational locations (parks, public spaces) and essential businesses (groceries stores mainly) not promoting social distancing. There were 28 such calls by early evening. The assessment overall was good compliance even at the parks and open spaces but still sporadic non compliance. For your awareness. "

All co acted were compliant except for two stores that tried to stay open past 8 pm: One at [REDACTED] It was shut down by officers. The other was on [REDACTED] They were claiming to be delivery only after 8 pm but were observed serving in-store customers also. Officers also shut that o w down.
