Re streetlights,

1. AI will triple check but we both believe the minimum quals are pass/fail.
2. The LBE points apply at all stages of the evaluation that are subjective (as opposed to min quals which is objective) thus they apply to the raw score at the quality evaluation and cost evaluation stages.
3. There were 4 of 31 proposals that initially we thought did not pass min quals; however, now we believe we will salvage 2 of the 4 maybe 3 proposals. AI can speak with Mary tomorrow and provide you more details.

Thanks
