Subject: Frick Building After Hours Access Swipe Cards

Folks,

We have swipe cards assigned to you for you to use if you need to gain entry to the Frick Building after hours. I am the keeper of the cards and you must pick the card up from me.*

The building is open between _____ Monday through Friday. If you wish to come into the building at other times you can use the assigned swipe card at the Fifth Avenue handicapped entry. When you enter the building you must inform the guard at the desk of the floor to which you are going. You then can take the elevator and enter our office using the keypad as normal.

The swipe card is assigned to you only and will record your entry. Do Not lend your card to any one else.

Just an update, we are requesting that all parties entering our courtroom wear a mask. We are utilizing TEAMS as much as is possible. Also, although the TEAMS invites say 10:30, the court requires all parties, who are in person, check in with our staff no later than 9 a.m. Thank you for your cooperation.

I understand that John is off this distribution list but I was told to send this now to just you two. So here is the latest edition.

Happy weekend and Father's Day if appropriate.

Thanks,
Lisa

 Subject: Frick 19th Floor Door

Folks,

As you may or may not be aware, the locking mechanism on the door has not been engaging uniformly. I was informed of this this morning. A technician from the lock vendor came out and worked on the lock for about an hour. He adjusted and fine-tuned the lock as much as he could. And, if you pull/push the door into alignment (might take a little 'fiddling', he showed me and I could get it to lock), it will lock. Listen for the sound of the lock engaging and then double check that it has engaged. Obviously this is a temporary fix. The main issue is that the door panels are out of 'perfect' alignment. I have contacted Frick Building management to arrange for the door vendor to come out and make that adjustment as soon as possible. I will inform you when that is scheduled/has been completed.

Thanks,
 Becky

Hi Christa,

I stopped into your courtroom about 20 min ago and saw there is a homicide trial going on. We have that above named defendant scheduled for a non-jury this wednesday. We have to fly in our expert tomorrow and get a hotel room for him for two days. It is very expensive. Will that homicide trial carry through wednesday? If so we don't want to shell out \$5000.00 to bring our expert in if it will be continued.

Can you please check with the judge and see before we buy airfare and hotel this afternoon. Thanks Christa.

We have to fly in our expert tomorrow and get a hotel room for him for two days. It is very expensive. Will that homicide trial carry through wednesday? If so we don't want to shell out \$5000.00 to bring our expert in if it will be continued.

Can you please check with the judge and see before we buy airfare and hotel this afternoon. Thanks Christa.

Sincerely,

October is no good for us, and November is not really clear for our expert. Thanks Christa.

Can we status with the Court on 8/9? Emily, we can meet with you beforehand. Randy and I just don't want any issues with the Court, especially when we may need to fly our expert in from Vermont. We are also considering changing this case to a Jury trial. I just want to keep the Court in the loop.

Brent, why don't we meet and talk about it before we go into a status in front of the Judge. We can see if there even is an issue.

Any chance we can schedule a status conference with the Court prior to trial in an abundance of caution, considering the expert witness issues in the case?

Yes, but PVSEC said you had to get the bill. But they sent it the wrong address and I said I would keep you informed, so I am sending you the chain of emails. There is a problem with the price they quoted and what they charged.

Perhaps you have some insight on this as I am guessing you deal with them more frequently than either of us, but I can take you off the email chain. If you can help with anything, just let me know.

Hi

The bill for the gunshot dog is almost twice the original estimate.

Does the city or DA's office have any way to help get this bill taken care of?

I can submit this for payment but also might expect the board to balk at the total amount.

Ultimately going forward we will need to discuss sending a solicitation to the city dog owners with a license for AARRF! donations.

Karen

The final bill for this abuse case is much higher than the estimate.

The bill to the city and district attorney was \$12,000.

AAARF! Was to pay the bill but we hoped to stay at or under the high amount listed.

Can you review this with Dr Pardo before I discuss the total with the AAARF! Board

Can we status with the Court on 8/9? Emily, we can meet with you beforehand. Randy and I just don't want any issues with the Court, especially when we may need to fly our expert in from Vermont. We are also considering changing this case to a Jury trial. I just want to keep the Court in the loop.

Hi Em!

I have attached a supplemental report from our expert who reviewed the 8 pages of the dog's past vet records you gave us a week ago. It's only one page. Please review it and let your vet expert see it. In summation, according to our expert the additional 8 pages are irrelevant and have no effect on his opinion. -sigghh- He still believes this dog suffered no trauma from everything he reviewed and that your vet could not have come to that conclusion based on the evidence. We still love you Em! Any other courtroom we would not have to to be concerned over time and scheduling.

Sincerely, Your boys
Randall T. Ricciuti

What's up Em!

Regarding the animal cruelty case, have you received a response yet from your vet/expert regarding our vet/expert's opinion about the matter? With Judge Mariani on the case we have to pay attention to time for both sides. We need to know if we have to fly our expert here for live testimony. And if that trial date is clear for our expert. Hopefully that won't be necessary. Anyway, can we please get an update status.

Thanks em!

Sincerely,
Randall & Brent

Emily and Christa:

Can we status with the Court on 8/9? Emily, we can meet with you beforehand. Randy and I just don't want any issues with the Court, especially when we may need to fly our expert in from Vermont. We are also considering changing this case to a Jury trial. I just want to keep the Court in the loop.

Brent, why don't we meet and talk about it before we go into a status in front of the Judge. We can see if there even is an issue.

Hi Emily:

Any new information on your end regarding prior vet records or a supplemental report from your expert? We sent you our expert report a while ago, and need to know if we need to fly this man in from Vermont to testify.

The only thing that makes me nervous is being "unprepared" in front of Judge Mariani. Can we set up a status conference with the court in the next few weeks just to try and troubleshoot any potential problems?

Hope you had a great 4th!

Hello,

While I have not heard from everyone on their availability and those individuals are not on this email, not everyone has given me their October availabilities. Please send me those if you have not. It is fairly clear so far that all witnesses needed for the case and so far reporting, are available on September 26, 27, and 28. These are the only dates with overlap so far. For now please make sure to keep those dates free.

Thank you,

Meagan Montmeny got back to me yesterday. She said that she is still actively job hunting, so any days are available. Meagan told me that Mr. Genco definitely needs to be held accountable and that she is glad that there are other professional voices that agree.

Hi Emily:

Any new information on your end regarding prior vet records or a supplemental report from your expert? We sent you our expert report a while ago, and need to know if we need to fly this man in from Vermont to testify.

The only thing that makes me nervous is being "unprepared" in front of Judge Mariani. Can we set up a status conference with the court in the next few weeks just to try and troubleshoot any potential problems?

Hope you had a great 4th!

<https://www.justiceclearinghouse.com/online-course-building-winning-animal-welfare-case/>

In many jurisdictions, resource limitations mean that all aspects of investigation and courtroom process are handled by a single humane law enforcement officer. Would you be ready to handle one of these investigations?

This five-part series will walk you through the five major elements of an animal control investigation, using real-life examples and conversations with sworn officers to give you multiple perspectives on handling a case, start to finish.

The five part series, hosted by Loudoun County Animal Services' Nina Stively, includes interactive segments on the following topics:

- Documenting the Scene
- Documenting Animal Evidence
- Talking to the Key Players
- Writing Your Report
- Testifying in Court

Join us for this engaging series, and have access to sample forms and materials and listen to tips and tricks from the pros, to help you work an animal welfare investigation, nose to tail.

This online course is pre-approved for 5 CEU credits by the National Animal Care and Control Association.

The course is entirely online and students can proceed through the course at their own pace and have a FULL YEAR to complete the sessions.

The total cost of this 5-hour online course is \$186 per student and we are offering a 20% discount for JCH and NACA Members and group registrations with three or more personnel.

Regarding the animal cruelty case, have you received a response yet from your vet/expert regarding our vet/expert's opinion about the matter? With Judge Mariani on the case we have to pay attention to time for both sides. We need to know if we have to fly our expert here for live testimony. And if that trial date is clear for our expert. Hopefully that won't be necessary. Anyway, can we please get an update status.

Thanks em!

Thanks Dr. Gerson!

Once I receive the dog's records I will send them to you. The plan will probably be to have you write a report in response after reviewing those and his expert. I will let you know as soon as I receive them and we can go from there.

Thanks,
Emily

What's up Em!

Regarding the animal cruelty case, have you received a response yet from your vet/expert regarding our vet/expert's opinion about the matter? With Judge Mariani on the case we have to pay attention to time for both sides. We need to know if we have to fly our expert here for live testimony. And if that trial date is clear for our expert. Hopefully that won't be necessary. Anyway, can we please get an update status.

Thanks em!

Sincerely,
Randall & Brent

I just spoke to Mr. Erzen. He has not contacted Lou Emmi yet because he can't afford to pay the \$500 that Mr. Emmi requested. I encouraged Mr. Erzen to call Mr. Emmi regardless and see if a payment agreement can be worked out.

Mr. Erzen informed me that he has a long work day today, but he will call Mr. Emmi tomorrow and then let me know that he called.

Larry likes the idea of an educational series as a "print" edition might be difficult to distribute and could be costly. Electronic edition is easier to share.

Recently I have provided veterinary consultation to the shelters and district attorney in prosecutions of animal cruelty. The subject needs more exposure to both the public and the veterinary profession. The Ohio VMA has produced a comprehensive

Can we discuss a similar educational campaign for our state?

The Animal Care PA together with PVMA would be a good team to help stop animal abuse.

Subject: Proposal to Fight Animal Cruelty

Dear PVMA and ACPA

Recently I have provided veterinary consultation to the shelters and district attorney in prosecutions of animal cruelty. The subject needs more exposure to both the public and the veterinary profession. The Ohio VMA has produced a comprehensive

publication that can serve as a blueprint for the Pennsylvania VMA.

Can we discuss a similar educational campaign for our state?

The Animal Care PA together with PVMA would be a good team to help stop animal abuse.

DEATHS: There were two (2) deaths reported this week. To date, there have been 3,259 COVID-related deaths.

VARIANTS: Based on limited county case specimen sequencing, Omicron remains the circulating variant, with the subvariant BA.2 accounting for about 72 percent and the sublineage B.2.12.1 accounting for about 21 percent of COVID cases in the week ending April 16. The CDC's Nowcast estimates that in Region 3 (in which PA is located), the BA.2 subvariant comprised 58 percent and the BA.2.12.1 subvariant comprised 41 percent of all COVID cases in the week ending April 30

WASTEWATER TESTING: Viral counts in wastewater samples from Allegheny County doubled from the third to the fourth week of April. The Omicron variant is the dominant variant, with the BA.2 subvariant accounting for most of the detected virus, up to 85%. For CDC wastewater data, go to <https://covid.cdc.gov/covid-data-tracker/#wastewater-surveillance>. Note: The Health Department continues to work on a public-facing wastewater dashboard with its regional partners and will announce when it is added to the county's dashboard page.

Subject: RE: Penn Vet | Graduate Certificate-Animal Welfare & Behavior

The courses don't look like they directly deal with it but maybe tangentially through animal behavior -- only 4 classes and none mention cruelty exactly

Course Descriptions

VCSN 639 Animal Welfare Science (6 Credits) – Dr. Meghann Pierdon, Course Director

This course covers the basic principles, history, and application of animal welfare science. Over a series of video modules, online discussions, assignments and quizzes, this course will teach students to assess the welfare of animals in a variety of settings using science-based methods and reasoning. Students will learn current welfare issues by species. The class will engage in activities that build the skills to find and assess scientific sources of information. Finally, the link between science and ethics will be explored such that students understand various ethical frameworks and how they relate to animal welfare. The objective of the course is to provide students with the background and application of animal welfare science which will facilitate their ability to successfully engage in welfare deliberations and welfare science in a variety of fields.

VCSP 639 Animals and Society (6 Credits) — Dr. James Serpell, Course Director

This course describes the changing roles and status of animals in society. It will examine the history of human-animal relationships through the lens of subsistence hunting, animal domestication, farming and pastoralism, animal research, and pet keeping. The historical development of ambivalent/oppositional attitudes to animal exploitation will also be described and discussed, and the remarkable diversity of contemporary human-animal relationships and their impacts on animal welfare will be explored across cultures. The influence of science, government, business and non-governmental organizations in defining and influencing animal-related laws and policies will also be addressed. The goal

of the course is to provide the necessary background and information to enable students to understand and engage with the current public debate on the welfare and 'rights' of nonhuman animals.

VCSP 633 Fundamentals of Animal Behavior (6 Credits) – Dr. Carlo Siracusa, Course Director

This course provides students with a basic understanding of animal behavior as a foundation for understanding animal welfare. Examples from species relevant to animal welfare concerns will be used to illustrate amongst other principles Tinbergen's four questions of behavior: causation, development, evolution, and function. Students will learn about the anatomical and physiological bases of behavior; the ecology and its influence on animal behavior; the social, ingestive, reproductive and parental behavior of animals. The goal of this course is to provide students with the tools to interpret animal behavior and then apply the inferred information to assess animal welfare.

VCSN 650 Applied Animal Welfare and Behavior (6 Credits) – Dr. Tom Parsons, Course Director

This course aims to provide students with practical skills helpful in the study of animal welfare and in the future offers a bridge to our proposed master's program. Students will be exposed to critical reading of the scientific literature, development and testing of hypotheses, as well as typical experiment paradigms for examining animal welfare and behavior. The goal of the course is for each student to conceive, develop, write and present a research proposal on a question of interest in animal welfare that could provide the foundation for a future capstone project.

That is a good question. I do not know the answer. I think at this point charging decisions are still being made.

Avets should also send a report as well as their records.

Please add the results of the pathology reports to your report so that we can clearly establish starvation (or not, depending on the results).

You can send it to me. I will scan it and make sure everyone who needs it gets it.

I don't know about photos or bills, but they will need to be part of the file.

Thank you for all your work on this, especially when handicapped without a word processor.

Thanks

Will change that

Big question-

If the woman charged starved the puppy

WHY would she contact authorities?

I spent a half hour with the body and AVETS spent 4 days with a live dog. Will anyone from AVETS testify?

The \$4000 bill for care - was it paid ?

Who paid it?

AVETS took pictures / do you have photos?

I was going to add the pathology to my report. If the pathologist did not find any disease process and the bloodwork did not disclose organ failure, starvation is the most likely cause.

I will print a clean copy on the clinic letterhead. Who should I mail it to?

Summary of Findings: severe malnutrition to the point of abuse

Cause of injury: neglect due to proper feeding and care

Mechanism of Death / Cause: severe malnutrition

It would take weeks of a lack of food or a longer period of restricted calorie intake to have a dog go from a normal body condition score of 5 (normal) to get to a 1 on a body condition score

Starvation with resulting hunger and pain is animal abuse.

Contributing facts: The medical heroics at the Emergency / Specialty hospital (AVETS) could not stabilize the severe malnutrition and low blood sugar. Once a dog is severely malnourished a series of fatal events are often irreversible

Conclusions: Severe neglect by the caretaker of this puppy led to a series of irreversible events that contributed to a fatal outcome

Subject: Re: GENCO CASE

Hello,

I just spoke to Mr. Erzen. He has not contacted Lou Emmi yet because he can't afford to pay the \$500 that Mr. Emmi requested. I encouraged Mr. Erzen to call Mr. Emmi regardless and see if a payment agreement can be worked out.

Mr. Erzen informed me that he has a long work day today, but he will call Mr. Emmi tomorrow and then let me know that he called.

Hey Randy,

I just looked at the discovery that was sent to you and there were only three photos. It was scanned in double sided so the back of the picture that were blank was also scanned in.

Thanks!

Great! Thanks, Emily. I'll ask Tim for 6/2.

I spoke with Mr. Contreras this morning. Apparently there was an arrangement for him to do BIP for a summary at the magistrate, but he didn't get his classes done. Since the prelim, he restarted BIP and told me that he has 8 of the 24 classes done and is continuing to go to class every week. If you think this is something that we could work out with BIP for a summary, we would be on board with that. Just let me know!

Thanks,

Joe

Thanks! I have the vet statement, but defense counsel wanted to know if the sister or anyone else made a statement. The first judge thought he should go to mental health court and recused himself. Defense counsel was appointed to get this guy evaluated to see if he is a candidate for mental health court. I don't know why she is doing anything other than that.

Talk to you soon.

Ok I will advise all parties of the postponement. Did you receive any of the written statements from the vet Dr. Lange? PD Nina Martinelli spoke with me last week. I advised her that I feel Whewell definitely needs some mental health help however I could not be the one that states that this trial should go to mental health court. Not sure your position or the position of your office either. I think he needs to be held accountable as well as some mental health. Please feel free to reach me at any time. UPDATE TO SHARE.

I just received a text from a woman named "Eronda". I know her from the animal rescue community. Eronda informed me that Kori Ford told her that the people at 422 Charles Street moved back into the house in the middle of the night and are currently unpacking a Uhaul.

I retrieved a voice mail today from Kori Ford (lives across the street from 422 Charles Street). Ms. Ford reported that the dogs were NOT removed from the house and her son gave her wrong information.

According to Ms. Ford, the dogs are still there. She said that she was leaving work early yesterday to go in person to the Mayor's office.

Can these dogs please be removed?

Ok I will advise all parties of the postponement. Did you receive any of the written statements from the vet Dr. Lange? PD Nina Martinelli spoke with me last week. I advised her that I feel Whewell definitely needs some mental health help however I could not be the one that states that this trial should go to mental health court. Not sure your position or the position of your office either. I think he needs to be held accountable as well as some mental health. Please feel free to reach me at any time. My cell is you need it is 412-523-8440. Or call the station 412-921-2016. I am working daylight shifts currently with Friday and Saturday off.

Thanks. I double checked and you are right, the dogs are back. Both Officer Luffy and Officer Fry are aware. I am not sure what we can charge right now as the dog looks healthy. The owners keep complying with the citations left on the door. Maybe noise ordinance when he barks at night?

Thank you for keeping me informed on this and we will see what we can do.

I know it is frustrating and for that I apologize; but our hands are tied because the statute doesn't give us much to work with.

Attachments: PTC.docx; DA Assignment List 3-18-22 partial.pdf

Good afternoon!

If you are receiving this email you are, or were at one time, listed as representing a client that we have listed for PTC this week with Judge Lazzara.

Attached is a list of available dates for Judge Lazzara's PTC's scheduled for 3/18/22 along with a partial list of the assigned ADA on each case. Please discuss dates with opposing counsel, who have been cc'd on this email, and if you'd like to waive your clients appearance, if they are not incarcerated, please submit along with the selected date the Waiver of PTC found on the 5th Judicial website, a verified address, phone number and email if they have it so that we can send out a subpoena. If dates are not selected by the scheduled PTC date and time, please plan on being here in person.

Thanks!

Tim

FYI: Subpoenas are for 8:30am, when the door opens. Judge Lazzara expects parties to be here and have cases ready to go when she takes the bench.

Hi Em!

Regarding the David Kasprzyk case we have at CC: 202106711, I have attached photos that were provided in the discovery. As you can see they are completely discernable. Could you please email us color copies or have someone in your discovery unit copy them in color so we can make out what the pictures depict. We need these for our expert to review and to determine what else it is we need from your Vet / expert. Just a heads up your vet's necropsy report is missing alot. Yikes!! If we can find out from our expert what is missing, then that will give your vet a chance to clarify or explain what's missing or why. Any other courtroom we could relax crossing our T's or dotting our I's. But no relaxing in our chosen courtroom. Grrrr!

Just so you know we still lov you Em and yer Bills who lost me alot of money!!

I talked to Judge Bicket's staff and all the matters are scheduled for a status conference. I have emailed defense counsel to make sure that is his understanding as well.

We will likely need to pick a new date so please gather and send me any dates that will NOT work based on your availability. You can attend the status conference with me if you have time.

Hi Lisa,

I saw yesterday that the trial for [REDACTED] was moved from 02/24/22 to 03/01/22 to have all her open cases with the same judge. The vet, Dr. Samson, is out of town that week for a conference and is not available for trial.

Can we get a new date?

Although this may seem to be overkill, be aware that the US Dept of Justice has issued 'advice' to businesses to increase their cyber security in anticipation of Russian 'cyber' action ahead of a Ukraine invasion. There's nothing to say local government agencies won't be targeted. We were 'hacked' once before by a foreign actor who was caught and prosecuted by the local US Attorney's Office. So don't think it can't happen here, it has. And, the recent increase in phishing may be a coincidence, but I don't believe in the tooth fairy or coincidences.

Hi Em!

Regarding the David Kasprzyk case we have at CC: 202106711, I have attached photos that were provided in the discovery. As you can see they are completely discernable. Could you please email us color copies or have someone in

your discovery unit copy them in color so we can make out what the pictures depict. We need these for our expert to review and to determine what else it is we need from your Vet / expert. Just a heads up your vet's necropsy report is missing alot. Yikes!! If we can find out from our expert what is missing, then that will give your vet a chance to clarify or explain what's missing or why. Any other courtroom we could relax crossing our T's or dotting our I's. But no relaxing in our chosen courtroom. Grrrr!

Just so you know we still lov you Em and yer Bills who lost me alot of money!!

Sincerely,
Randall T. Ricciuti

Utah bill would allow protective orders to cover pets

Dan,

The DAs office informed me that 8271-2021 is not assigned to an ADA. Do you have someone listed?

Also, they told me case no, 8270-2021 is now assigned to ADA Lauren Sowko. Not that it makes any difference for you right now but I'm trying to coordinate a combined plea on the three cases.

Case no. 7443-2021 is still listed with Lisa Borelli.

Please let me know if your information is different.

Thanks.

OFFICE OF THE CONTROLLER

County of Allegheny
 104 COURTHOUSE * 436 GRANT STREET PITTSBURGH, PA 15219-2498 (412) 350-4699 FAX: (412) 350-4635

Dear Employee of Allegheny County,

The Controller's Office is pleased to provide you with your W-2 for the 2021 tax year. Please remember your W-2 is a tax document; as such, taxable wages may not match the gross wages per your paystub.

Federal, FICA/Medicare, and State/Local wages reported on the W-2 may not be identical because of certain deductions that you paid in 2021. These possible deductions are listed below. "YES" means that your gross wages have been reduced by the deduction noted.

Amounts that you have paid for Union Dues and Local Service Tax (LST) do not appear on your W-2. If you need these amounts, you can obtain them from the final pay stub you received in 2021.

ITEMS THAT MAY ADJUST TAXABLE WAGES

W-2 REPORTING	FEDERAL WAGES AND TAX			FICA AND MEDICARE WAGES AND TAX				STATE AND LOCAL	
WAGES AND TAX	Retirement Contributions			Box 14 - RET	YES	NO	NO	457 B Plan	Box
12 - G	YES	NO	NO	Healthcare Paid by Allegheny County	Box 12 - DD	NO	NO	NO	NO
Flexible Spending	Box 14 - FSA			YES	YES	YES	Parking Fees	See Final Pay	
Stub	YES	YES	NO	EZ Gold Bus Passes	See Final Pay				
Stub	YES	YES	NO	Union Dues and Local Service Tax (LST)			See Final Pay		
Stub	NO	NO	NO	Health Fees	Box 14 - HLT	YES	YES	YES	Concordia Flex Dental
& Davis Vision Premiums	Box 14 - HLT			YES	YES	YES			

When filing your local tax return you only need to report the wage once, even though it appears in Box 18 twice, and add the two tax amounts together that appear in Box 19. In this example the local wage to be reported on your local tax return would be \$6,000.00 and the total tax would be \$60.00 (\$30.00 + \$30.00).

Please call 412-350-4699 if you have any questions regarding the amounts on your W-2.

The PDAA provides GREAT social content in your feeds! We need your support and your 'like': please like or follow the PDAA on Instagram, Facebook and Twitter! Information of Interest Rule Proposal - Bail, Probation and Parole Violations, Appointment of Counsel and Municipal Court Cases

The Criminal Procedural Rules Committee is proposing extensive amendments to the rules governing Bail in addition to amendments to Rule 708 governing Probation and Parole Violations, Rule 122 governing the Appointment of Counsel and Rule 1003 which governs Procedure in Non-Summary Municipal Court Cases. Please take the time to review the proposed amendments, particularly those governing Bail. We have begun a review of the proposed amendments and it is clear that the amendments will have a significant effect on the existing bail system. By way of example, it would likely significantly reduce cash bail and would encourage the release of defendants with minimal nonmonetary conditions.

PDAA normally weighs in on recommendations and proposals as expansive and significant as these. If you have any questions or comments, please do not hesitate to reach out. Again, we have begun our review process, but any perspective or comments you have would certainly be helpful.

Because we must submit formal comments to the Committee by March 8, please send anything to us that may be useful by emailing Maureen Flannery Spang at mspang@pdaa.org by Friday, February 18, 2022

You can find the proposed rule changes here.

Thank you in advance for your time and input on this important matter.

Greg Rowe, Esq.
 Executive Director
 New Questions Expert: Geographic Information Systems

We have a death penalty case from 1994 where the 3rd Circuit Court of Appeals overturned the death sentence, and we are proceeding forward with a new penalty phase. The defendant committed a violent armed robbery of a local coin shop and then murdered a police officer. The defense team just sent us an expert report and CV. This report is from a purported expert in the field of Geographic Information Systems and appears to use a statistical analysis of the defendant's childhood address. I do not believe this expert has ever interviewed our defendant nor anyone from his childhood. Her name is Amy Brown Nguyen and she is based in Texas.

Has anyone seen this type of report before? If yes, what did you use to combat it or prevent its admission? I don't believe it would be admissible under the Frye standard but am looking for guidance and we do not have the best forum with our assigned judge.

Thanks!

Hey Emily!

I just wanted to email you and let you know I hate snow.

I also wanted to give you a heads up on the Kasprzyk case that you have with Randy and I. We received the Necropsy report, and I am sorry to say we have some problems with it. There just isn't enough information or detail in it for us to take to our own expert for a second opinion. The body is not preserved, and I don't know how we are going to be able to effectively retain a defense expert's opinion on such a bare bones medical record. There's no conclusion or cause of death or opinion. The report references photos and radiographs. Can we have those? There is also a reference to a "correlation with the history". Can we know what that history is?

In light of the fact that we have Judge Mariani, I'm probably going to file some sort of motion to compel and another motion to extend time for pretrial motions.

Don't hate the messenger! We gotta do what we gotta do.

Hi Dr. Gerson,

I received this from the defense and was hoping I could get additional information:

"The body is not preserved, and I don't know how we are going to be able to effectively retain a defense expert's opinion on such a bare bones medical record. There's no conclusion or cause of death or opinion. The report references photos and radiographs. Can we have those? There is also a reference to a "correlation with the history". Can you provide any of this additional information?

Thank you,
Emily

That is a good question. I do not know the answer. I think at this point charging decisions are still being made.

Avets should also send a report as well as their records.

Please add the results of the pathology reports to your report so that we can clearly establish starvation (or not, depending on the results).

You can send it to me. I will scan it and make sure everyone who needs it gets it.

I don't know about photos or bills, but they will need to be part of the file.

Thank you for all your work on this, especially when handicapped without a word processor.

Emily

I have been in court twice recently

Once for ADA Lisa Borrelli and just last month for Sargent Luffey

While on the State Board of Veterinary Medicine I heard dozens of cases that came before us.

I am no longer the owner of the Point Breeze Veterinary Clinic as that has been transitioned to my daughter.

An addition to the CV can include

A co Vice President of the Friends of Mellon Park

My computer software needs to be updated and I will send hard copy of the corrected CV and necropsy by mail soon.

What's up Em!!!

Attorney Brent McCune and I represent the above named defendant. You are assigned to his case. It is scheduled on April 28, 2021. He is charged with animal cruelty.

We received the discovery on December 14, 2021. However missing from the discovery is the full necropsy report on the animal. We plan on consulting with a vet expert and the expert will need the full necropsy report. Also, the photos we received in discovery are in black and white and you can't make out what is in the photos. Could you please email the color photos to us, so we can get them printed out in color for our expert.

We just want to be prepared in Mariani's courtroom, because you know how he can be about postponement requests.

I can be reached at 412-999-6637 by cell. And Brent McCune can be reached at 412-400-8001.

Thanks Em!

Sincerely,
 Randall T. Ricciuti, Esq.

Hi,

I hope you had a wonderful Christmas. I was wondering if you could give me David's email address so that I can remind him of the preliminary hearing on 01/06/22 at 1000 hours in Bellevue for the rabbit that was emaciated with maggots in his wounds. I will need him to be present and testify at preliminary.

Thanks
 Angie

Hi,

I hope you had a wonderful Christmas. I was wondering if you could give me David's email address so that I can remind him of the preliminary hearing on 01/06/22 at 1000 hours in Bellevue for the rabbit that was emaciated with maggots in his wounds. I will need him to be present and testify at preliminary.

Thanks
Angie

What's up Em!!!

Attorney Brent McCune and I represent the above named defendant. You are assigned to his case. It is scheduled on April 28, 2021. He is charged with animal cruelty.

We received the discovery on December 14, 2021. However missing from the discovery is the full necropsy report on the animal. We plan on consulting with a vet expert and the expert will need the full necropsy report. Also, the photos we received in discovery are in black and white and you can't make out what is in the photos. Could you please email the color photos to us, so we can get them printed out in color for our expert.

We just want to be prepared in Mariani's courtroom, because you know how he can be about postponement requests.

I can be reached [REDACTED] cell. And Brent McCune can be reached at [REDACTED]

Thanks Em!

Sincerely,

Hi Lisa

I thought you might be interested in this webinar on Thu Jan 20, 2022 at 3:00 PM EST.

Animal cruelty investigations benefit from the participation of a veterinarian trained to forensically evaluate the animal, the environment, and the facts of the case. This presentation will introduce the Animal Legal Defense Fund's new program designed to match enforcement agencies with a community veterinarian, provide training and support to both

parties, and address veterinary forensic deficits so frequently encountered when investigating and prosecuting animal cruelty cases.

Take care,

Aaron

We have been doing this for a long time.....sometimes I wonder if there are any non-suspended drivers out there and then I remember there's me and most of the people I know.....or when we don't have a lot, I think maybe we found them all, but, no, there always seems to be more.

Carol

I have always tried to promote a good relationship between shelters and the veterinary profession. Imagine my confusion when I learned that you are introducing a regulation of veterinary procedures without consultation of Pittsburgh veterinary practices, the local veterinary association or the Pennsylvania Veterinary Medical Association.

To be clear, many offices no longer do the procedure. Declaw bans regulate the profession and that is the responsibility of the State Board of Veterinary Medicine.

I served on that board as vice chair for 8 years.

The information you provided in the preamble has questionable "facts".

For years I have tried to get the city to have an animal care advisory committee to "vet"

legislation before it is introduced. The city fails miserably in even basic animal control responsibility like licensing dogs.

Although declawing is rarely done, mandating a ban is poorly advised as many veterinarians might ask what is next. A ban puts us in a terrible light as declawing had been done successfully with few complications by many practices for decades. I will grant you that some veterinarians did the procedure better than others with good pain control, strict infection control and very rare behavior problems.

I find it hard to believe that no one brought the legislation to the veterinary profession for our opinion prior to introducing it to council. The ban, even to veterinarians who support not declawing cats will be upset with a legislation initiative without any input.

Hello,

I cc'd my supervisors and ADA Borrelli on my response to you, so they are aware of this.

I have enforced the pet limit law in the city of Pittsburgh many times over the years. This law has helped us in many cases involving animal neglect and abuse, especially hoarding cases. I believe that pet limit law is a good thing. A maximum of 5 dogs/cats are permitted per residence in the city of Pittsburgh. Other municipalities allow only 2 or 3 pets.

I hope this helps.

I just read the case and it is here in case you wish to as well: <https://www.animallaw.info/case/commonwealth-v-creighton>

The case was remanded to obtain facts that would substantiate the residence as a nuisance. The law is good but there has to be facts established on the record to verify that the ownership of many cats is a nuisance and a violation of the public health.

That would explain why it usually stands if there are code enforcement violations or neglect or cruelty. To use the ordinance properly, you need to establish why having more than the allowed number of animals is impacting the health and safety of the community. Ammonia readings, photos of piles of feces, complaints by verifiable neighbors would all go to the weight of the case.

As I read it, a head count alone is insufficient to prove that the situation is a nuisance.

Does that help?

I read it a long time ago so I can't remember the specifics, but I believe Angie is right - there has to be more than just the number of animals. It has to be proven that it's creating a collective nuisance/hazard to the community or that the necessary standard of care isn't being met.

It reminds me of the anti gun laws adopted by some places. They enact them and charge them, but they're easily overturned if challenged by someone with a decent attorney or knowledge of the law.

It's still on the books but probably not legal at this point, from what I understand. It can be challenged using Commonwealth v. Creighton if the person is familiar with the law.

Hi Lisa

I thought you might be interested in this webinar on Tue Aug 3, 2021 at 1:00 PM EDT.

Have you had too much success with animal cruelty case investigation and prosecution, and just really want to mess one up? Are you tired of keeping track of your evidence, interviewing the right witnesses in the right manner, and keeping up with important case law developments? Would you just love to gain a reputation with your local prosecutor for incompetence? Oregon Animal Cruelty Deputy District Attorney Jake Kamins will tell you the ten best ways to accomplish these dubious goals. However, for anybody interested in doing a good job with their investigation and

prosecution, Kamins will also show how these all too common mistakes can be avoided! From investigation to live evidence handling and all the way through to trial, you will learn from a prosecutor with years of experience working exclusively with animal cruelty cases what is needed to build a bulletproof animal cruelty case.

Take care,

Aaron

I've tried to review the records but they seem incomplete to me.

They don't list what diet is being fed and what is the dog eating (not always the same).

What antibiotics are being given, dose and duration, and are they still being given?

What pain meds are being given, dose and frequency and duration, still being given? Have muscle relaxants been given?

What other meds are or have been given and their dosages and frequencies?

There is no blood work shown, what values are elevated and what are the values, slightly high, markedly high; no idea from this?

This is the dog that she wanted to do the dental on, and I had them get an opinion from Dr. Mendoza. They have an appointment for the 23rd. Can you please review this and let me know what you think? Also, I may need a non-shelter vet to provide a second opinion. Larry, can you do that if needed?

Dear Lisa,

One of our HI case dogs "Tulip" has been declining sharply during the past two weeks. She is now to the point where she is crying in pain throughout the night despite pain medication. I drafted a request for euthanasia today and have attached it to this email along with additional reports which reference her various ailments. She is currently existing in a state of chronic pain. I have consulted with other veterinarians who agree that euthanasia is the most humane outcome for Tulip at this time.

Please let me know how you would like me to proceed. My cell phone is [REDACTED]

Larry Gerson VMD reviewed the record and would agree that with multiple medical issues it would be impossible to resolve them to make Tulip comfortable. Humane euthanasia would be a reasonable choice and would be better than chronic suffering.

The cost of dental surgery and closing the fistula added to the continued medical care would be difficult and expensive. Even with advanced specialty care the prognosis for a reasonable quality of life is poor.

RE: Police camera footage  
Request No.

Dear Mr. Ettinger:

Today, the City of Pittsburgh Open Records Office received your request for a video recording made by the Pittsburgh Bureau of Police pursuant to Pennsylvania's Right-To-Know Law (RTKL), 65 P.S. §§67.101-3104. However, recent amendments to the Judicial Code, 42 Pa.C.S. 101 et. seq., exempt law enforcement recordings from public access under the RTKL. Section 67A02(a) of the Judicial Code provides the following:

The provisions of this chapter, and not the act of February 14, 2008 (P.L. 6, No. 3), known as the Right-to-Know Law shall apply to any audio recording or video recording made by a law enforcement agency.

42 Pa.C.S. § 67A02(a).

Accordingly, the City of Pittsburgh Open Records Office will not process your request under the RTKL. We are returning your request to you.

However, the Judicial Code does provide a procedure by which an individual may request an audio or video recording made by a law enforcement agency. Section 67A03 provides the following:

§67A03. Requests for law enforcement audio recordings or video recordings.

The following shall apply:

1. An individual who requests an audio recording or video recording made by a law enforcement agency shall, within 60 days of the date when the audio recording or video recording was made, serve a written request to the individual who is designated as the open-records officer for the law enforcement agency under section 502 of the act of February 14, 2008 (P.L.6, No.3), known as the Right-to-Know Law. Service is effective upon receipt of the written request by the open-records officer from personal delivery or certified mail with proof of service.
2. The request under paragraph (1) shall specify with particularity the incident or event that is the subject of the audio recording or video recording, including the date, time and location of the incident or event.
3. The request shall include a statement describing the requester's relationship to the incident or event that is the subject of the audio or video recording.
4. If the incident or event that is the subject of the audio recording or video recording occurred inside a residence, the request shall identify each individual who was present at the time of the audio recording or video recording unless not known and not reasonably ascertainable.

Should you follow the procedures outlined above, the Bureau of Police will process your request in accordance with the law. Send your request for camera footage to:

Thomas Stangrecki, Deputy Chief of Police

Pittsburgh Bureau of Police

 Subject: Re: Agenda 1/6/2021

Hi Meagan

I wanted to touch base briefly on the Training for Animal Care & Control Staff Topics from your 1st meeting agenda:

1. NACA Training--Officers John Lapp, Leo Mincin, James Genco, Tracy Gray, Darryl Dwyer, Jeff Iley, Steve Costa, Patrick Corcoran, Dina Serpa and Karen Jones have all attended and passed this training. The following officers still must go Duane Eagan, Russell Haley, Ray Kranak and Jarvis Kane. In addition, Officers Darryl Dwyer, Patrick Corcoran, Dina Serpa & Karen Jones have all attended and pass the Humane Police Officer training. Finally, all officers except R. Haley, R. Kranak and Jarvis attended hands on dog training at Animal Friends this year before the Pandemic hit.
2. Case confidentiality--we are working on this topic together
3. Dog & cat body language--NACA, HPO and AF training and on the job training

4. Correct use of safety equipment--I'm guessing you are talking about control poles and cat tongs, correct? If yes, then we have a difference of opinion here that I'm not sure how it can be resolved, but I'm willing to discuss options
5. Defensive handling techniques--I'm not sure what you are referring to here
6. Microchip scanning--thanks to Wendell we had 5 scanners donated to us back in October 2016. My live and dead animal truck officers use our scanners a lot. However, I have instructed them not to try to scan any aggressive, fearful, or unsafe animals, because the animal may escape and/or injure them. I know that most of my officers need to remember to scan animals whenever safe to do so
7. Medical Emergencies--when I was told that my officers were going to need to decide whether an injured and/or sick animal needed to go to the PVSEC instead of HAR, I said that I was very concerned about their decisions because none of them are Vet techs and even with their years of experience as an AC&C Officer they would probably make some mistakes, Dr. Samson and I have spoken about many injured and/or sick animals and I believe this will continue to be a work in progress. If possible, it would be a huge help when Dr. Samson has the time to provide some signs/symptoms for the 18 + injuries and/or illnesses that won't be treated at HAR.
8. Search & Seizure--I agree a meeting with Angela, ADA, Christine Luffey and you will help provide answers needed
9. SI and Animal Control Forms--I had my officers go through cross out ARL/Animal Rescue League on any forms for now until we can get new forms printed. We are still behind the times when it comes to technology, but we are working on it
10. Dog Bites--I have informed my officers again on how important bite case forms are and that the forms are to be completed as much as possible especially when bringing biter animals to you via a signed "SI" form
11. Wildlife Harassment techniques--my officers aren't directly involved with providing these different techniques to the residents because they are either delivering a trap or picking up a trap. Coralie and I do our best to discourage every resident that calls us for a live trap by informing them of various harassment techniques they can use. About 1/3 of these residents will listen to us. The other 2/3rds will start yelling at us or just go out and buy their own live trap. I estimate that about 50% of the residents now have their own live traps and will set them on their properties as they see fit. However, if they want my officers to come and remove the wildlife, they trapped then they must follow our rules (listed on our website) and Coralie and I will tell them the rules just to be sure that they know them. If they violate any of my rules, then I'm legally allowed to seize their traps and not return them to the residents. I have worked very hard at reducing the numbers of wild mammals my officers have taken from live traps over the years. I also severely limit the number of traps that I will lend to residents, but many of these residents call their council rep, the mayor or even Wendell to complain that I wouldn't lend them a trap.
12. Community Cats--we must figure out ways we can help each other with this topic
13. Biosecurity--I need to know what you mean for this topic

In addition to the NACA, PHO and AF training, my officers also have had the following additional training/certifications:

1. Swiftwater Rescue--land-based
2. Humane Wildlife Euthanasia--taught by a Veterinarian
3. Animal Behavior
4. Reptile handling techniques
5. Zoo/exotic animal handling techniques--Pittsburgh Zoo Staff
6. Raptor, fowl, and other kinds of birds handling techniques--Pittsburgh Zoo Staff
7. Police Tactical training
8. ASP Baton & pepper spray training--Pittsburgh Police
9. Verbal Judo/Crisis Intervention
10. CPR & Basic 1st Aid
11. Wildlife training--PA Game Wardens

Finally, the following is a list of my current officers (by seniority) and the number of years each has been an AC&C Officer:

1. John Lapp = 35 yrs.
2. Leo Mincin = 32 yrs.
3. James Genco = 23 yrs.
4. Tracy Gray = 13 yrs.
5. Darryl Dwyer = 10 yrs.
6. Jeff Ley = 10 yrs.
7. Steve Costa = 10 yrs.
8. Duane Eagan = 4.5 yrs.
9. Patrick Corcoran = 4.5 yrs.
10. Dina Serpa = 4.5 yrs.
11. Russell Haley = 4 yrs.
12. Karen Jones = 3.5 yrs.
13. Ray Kranak = 2.3 yrs.
14. Jarvis Kane = in training, just hired on 11/23/2020

I have been the Supervisor of Pittsburgh Bureau of AC&C since 6/1/2016, but I also bring with me over 35 years of animal shelter experience

Thanks

Dave

Hello Lisa,  
I will be retiring September 11th. Detective Kevin Logue will be in my position from that date on. I have cc'd him on this email so would you please send him further sheet listings?  
Thank you and very nice to have worked with you.  
Stay safe,  
Harold

We have been doing this for a long time.....sometimes I wonder if there are any non-suspended drivers out there and then I remember there's me and most of the people I know.....or when we don't have a lot, I think maybe we found them all, but, no, there always seems to be more.

Subject: Animal Cruelty Task Force - Meeting Day and Working Groups

Hi everyone!

As promised, I wanted to send an update regarding the meeting day poll and interest in the working groups.

The results of the poll showed that the majority of members would prefer meetings to happen on Wednesdays, so we will plan to scheduled meetings that day. Of course, I will always send out meeting minutes in case anyone can't make it to a meeting.

As far as interest in the working groups, this is what I have so far:

Operations/Investigations – 9 interested  
Education/Training – 2 members  
Legislation/Government – 3 members  
Shelter Resources – 3 members  
Social Services – 1 member

I will be sending out emails later this week to for the individual working groups. If you haven't had a chance but are interested in joining any of the working groups, please let me know.

Thanks!

 Subject: Animal Cruelty Task Force - Meeting Availability Poll

Hey everyone!

A few people had contacted me requesting Task Force meetings be held on a different day. In order to figure out what day works for the most people, please take this quick poll and mark what day(s) would work best for you. If you could take complete the poll by the end of the week, I would really appreciate it.

Best Day to Hold Meetings (View/vote in browser)

Also, I have not gotten a ton of responses as to working group interest, so if you are still interested in being part of a working group but haven't let me know yet which one, please send me an email. I'll be sending out an email at the end of this week with what we have so far, so that the working groups that do have interest can at least meet and get started planning.

If anyone has any questions, please let me know.

Thanks!

 Subject: Larry Gerson Day in Pittsburgh

Hi AAARF! Board members,

I wanted to let you all know I approached Councilwoman Strassburger about a proclamation for Larry Gerson and she was kind enough to make it happen. One thing Larry said to me recently was that he's heartbroken that he didn't get to say goodbye to his patients due to Covid restrictions and then finally retiring during that time. Well this is his chance! He's done so much for the animals and families of not just Pittsburgh but the entire state. He's served on

countless boards, did so much to educate the public and children about our dear pets. A radio show, a column, awards, a pioneer in emergency care for the regions animals — what hasn't he done?

I hope you all can make it to the presentation of the proclamation. June 7 at 9am on Reynolds St in front of his beloved Pt Breeze Vet. (6742 Reynolds). This is a SURPRISE! Larry deserves the recognition so I hope you all can make it!

Warm regards,

Mary

PS Miranda Micire of Erika's office—you did an amazing job!!  
Thank you!

We have been doing this for a long time.....sometimes I wonder if there are any non-suspended drivers out there and then I remember there's me and most of the people I know.....or when we don't have a lot, I think maybe we found them all, but, no, there always seems to be more.  
Have a good weekend!

Hi ADA Borrelli and Dr. Overall,

I wanted to introduce you to each other. I met Dr. Overall as part of a beyond restraint lab at the annual VMX conference in Orlando, FL. I was lucky enough to bring cats from the shelter and work alongside some highly talented Veterinarians. ADA Borrelli is our main point of contact for animal crimes and is deeply passionate about finding voices for the voiceless. ADA Borrelli's husband is also a practicing Veterinarian in Dormont so she has an appreciation for the field.

Hi AAARF! Board members,

I wanted to let you all know I approached Councilwoman Strassburger about a proclamation for Larry Gerson and she was kind enough to make it happen. One thing Larry said to me recently was that he's heartbroken that he didn't get to say goodbye to his patients due to Covid restrictions and then finally retiring during that time. Well this is his chance! He's done so much for the animals and families of not just Pittsburgh but the entire state. He's served on

countless boards, did so much to educate the public and children about our dear pets. A radio show, a column, awards, a pioneer in emergency care for the regions animals — what hasn't he done?

I hope you all can make it to the presentation of the proclamation. June 7 at 9am on Reynolds St in front of his beloved Pt Breeze Vet. (6742 Reynolds). This is a SURPRISE! Larry deserves the recognition so I hope you all can make it!

Warm regards,

Mary

 Subject: Larry Gerson Day in Pittsburgh

Hi AAARF! Board members,

I wanted to let you all know I approached Councilwoman Strassburger about a proclamation for Larry Gerson and she was kind enough to make it happen. One thing Larry said to me recently was that he's heartbroken that he didn't get to say goodbye to his patients due to Covid restrictions and then finally retiring during that time. Well this is his chance! He's done so much for the animals and families of not just Pittsburgh but the entire state. He's served on countless boards, did so much to educate the public and children about our dear pets. A radio show, a column, awards, a pioneer in emergency care for the regions animals — what hasn't he done?

I hope you all can make it to the presentation of the proclamation. June 7 at 9am on Reynolds St in front of his beloved Pt Breeze Vet. (6742 Reynolds). This is a SURPRISE! Larry deserves the recognition so I hope you all can make it!

Warm regards,

Mary

PS Miranda Micire of Erika's office—you did an amazing job!!  
 Thank you!

Yes. Once all his conditions are met, and found satisfactory, I will provide that document to defense counsel for his clients signature. Once that is signed, then we can begin the process of chipping and returning the dogs. Does that make sense?

Hi Angie,

Thank you for allowing us the time to speak with our fosters prior to moving forward with the home check. We have been able to notify all fosters. We will not microchip until the dogs are brought back prior to transport. And we will definitely share that information with you.

We need the signed surgical consent form for Kapnono ASAP, so we can get him neutered prior to his return. Lisa, I know you had that. Would you be able to facilitate that portion?

We have been doing this for a long time.....sometimes I wonder if there are any non-suspended drivers out there and then I remember there's me and most of the people I know.....or when we don't have a lot, I think maybe we found them all, but, no, there always seems to be more.  
Have a good weekend!

Attachments: WPACTF Meeting Minutes 4.30.2021.docx; Task Force Meeting 4.30.2021 PPT.ppt

Hello everyone,

Attached are the meeting minutes and the slides presented during the latest task force meeting. Please review them and let me know if there is a working group you would be interested in joining.

The response we get regarding the working groups will determine the topic of the next meeting and if we want to allow time for the working groups to meet over this next month and possibly present goals they would like to begin tackling at the next meeting. I will send out a poll later this week after I have gotten some responses back regarding dates for the next meeting.

If anyone has any questions, comments, ideas, etc., please let me know.

Thank you!

Morning Krista

Sorry that I had to miss our last meeting, but I have been dealing with an officer shortage here (down 5 officers which is 35% of my work force) and some ongoing personal health problems

Did anyone take meeting notes?  
if yes, can you send them to me?

Has our next meeting been scheduled yet?

Thanks

Dave

We have been doing this for a long time.....sometimes I wonder if there are any non-suspended drivers out there and then I remember there's me and most of the people I know.....or when we don't have a lot, I think maybe we found them all, but, no, there always seems to be more.

Have a good weekend!

Subject: Are colony cats protected?

More

Kathryn PatakiShadyside • 1 hr ago

Cat Lovers- Help; TW Animal Cruelty. There is a feral cat colony that has been taken care of for years in Lawrenceville that the neighborhood is very fond of. They are great cats. Recently, one particular neighbor decided he did not want them there & has thrown away their shelters, food plates, & most recently, put cayenne pepper in their food. Yes, cayenne pepper in these innocent animals' food. The other neighbors are upset & love the cats & so he is completely alone in wanting them gone. Does anyone know of any action that can be taken against him? In my opinion, putting cayenne pepper in their food is animal abuse. I'm worried that he will escalate things & innocent cats will suffer. Any advice would be appreciated. Thank you to my fellow animal lovers. ALSO, PSA: If you or anyone you know have house cats in the Lawrenceville area please don't let them roam around outside because a neighbor is going out of his way to hurt cats.

Hey Dan, any luck making contact? If not, per the Admin Order, the CW would be entitled to call off its witnesses for tomorrow's habeas hearing and this would either be a defense PP if he does appear in the courtroom or a BF if he doesn't appear.

I'm fine with keeping this remote, the only problem is my calls to Mr. Weathers have gone unanswered. I just left another voicemail. Can we schedule it remote since the plan is only to do the habeas? If he shows, we do the hearing and I request a continuance for all cases thereafter, if not BF? Please let me know how the Court would like to proceed. Thank you.

So the only days I have for a motion prior to trial would be 4/9 or 4/15 unless we use the 4/23 trial date as a motions date and a postponement is entered for the trial.

Thanks!

Good Morning!

I see that Dan just filed this habeas petition for a case that is scheduled for a NJ on 4/23. Tim will attach a list of good dates for this motions hearing.

Dan – is your client ok with proceeding remotely on this? Lisa – are you supplementing the preliminary hearing transcript with any witness testimony?

Thanks and have a great day!

As long as everyone else is fine with treating the trial date as a motions date that works for me as well. Thank you

So the only days I have for a motion prior to trial would be 4/9 or 4/15 unless we use the 4/23 trial date as a motions date and a postponement is entered for the trial.

Thanks!

Good Morning!

I see that Dan just filed this habeas petition for a case that is scheduled for a NJ on 4/23. Tim will attach a list of good dates for this motions hearing.

Dan – is your client ok with proceeding remotely on this? Lisa – are you supplementing the preliminary hearing transcript with any witness testimony?

Thanks and have a great day!

Expert Witness - Domestic Violence

I am reaching out looking for an expert in Domestic Violence, specifically to address the increased risk of fatality when a victim leaves a DV relationship. We have multiple pending homicides in Luzerne County that are the result of ongoing domestic violence relationships. In the end the abusers in these cases ultimately killed their victims when the victims left. Any guidance on experts that have been used in this field before would be helpful. Thank you in advance.

By far the best expert I have ever used is: Dr. Veronique N. Valliere. She is based out of the Lehigh Valley and puts on an amazing program (right from the start) once a year regarding domestic violence, sexual violence, victims, etc. I used her in a case as an expert for sexual violence and I had 5 jurors come up to me (after returning guilty on 18 Felony crimes) and tell me that she not only taught them something but she totally made them get passed any reasonable doubt. I would HIGHLY suggest her. You can find her website here.

I suggest that you contact your local agency that gives support and advocacy to victims of domestic violence. Our group is called "Transitions"; I have consulted them on several issues like the effect of sexual violence upon a victim's response, like not reporting promptly or having other stereotypical reactions that might be expected by a jury. They offered but I did not have to use them as experts in the field. I am betting that they could also speak to this subject. If you don't have such a group I can put you in touch with mine.

Our office is looking into creating a records retention policy and is determining how long we need to keep our files and what (if anything) we can convert to a digital file. We are looking at how long we have to keep physical files and when we can dispose of things. As part of our project, we are looking at what other counties are doing. Could you please let us know if your office has a record retention policy for Criminal and/or Juvenile records, whether that policy came from the county or the DA's Office itself, and whether it covers what information can be digitized. The Pennsylvania District Attorneys Institute in collaboration with the Villanova University Charles Widger School of Law, would like to invite you to participate in a 4-session series of short, high-level, informative briefs, each focusing on a different aspect of procedural justice. Research has demonstrated that procedural justice is critical for building trust within our communities, which directly impacts public safety. This series brings together a healthy mix of presentations by elected District Attorneys, a former First Assistant District Attorney who continues to work with victims, and a handful of inside and outside individuals who are subject matter experts on the various topics.

Through this briefing series, participants will be exposed to varying and diverse criminal justice topics. The briefings are intended to foster robust thought and dialogue, among us as colleagues and among you and members of your staff and communities. Recent events have highlighted the changing and complex methodologies in criminal justice law and policy that prosecutors must understand. This series is designed to provide a fundamental understanding of some of the most widely discussed, analyzed, and debated criminal justice issues of the day.

This FREE FOUR-PART VIRTUAL SERIES is available only to members of the Pennsylvania District Attorneys Association. Emily,

Just touching base about this case, scheduled for 4/23 in Lazzara. I watched the video and see a struggle although some is out of view of the camera (when D on the ground). I don't see too much there so I wanted to gauge your thoughts and see if we could potentially do the 1543(a) + a couple other summaries. However, I also wanted to let you know that I've been unable to get a hold of my client since getting the video, so I haven't been able to discuss his preferred course of action. – was just thinking we could have a meeting of the minds in the even I hear from him/he shows for court the day of. Thank you.

Hi John,

Just touching base on the data I am sending you tomorrow. I plan to send you an excel spreadsheet with just the new data unless you tell me otherwise. Also, I plan to send it off before lunch unless you want it at another time of day.

Thanks,  
Lisa
