In re: Open Records Request dated May 19, 2023

To Val Martin,

I am the Open Records Officer for the District Attorney of Allegheny County. On May 19, 2023, I received your May 19, 2023, request asking for:

“Emails for Assistant District Attorney Lisa Borrelli, Emily Shanahan and Rachel Fleming between January 1, 2022 thru current date.”

I have forwarded your request to the members of my office that I believe may possess such records and we are in the process of identifying the potentially relevant records and responding to your request. As of today, our response to your request has not yet been completed. Accordingly, I am invoking a statutorily-designated 30 day extension, until Monday June 26, 2023, to respond to your request (June 25, 2023 is a Sunday). We are invoking this 30 day extension because the extent and nature of your request precludes a response within 5 business days as it encompasses a potentially voluminous number of records and, moreover, your request for access to these records would likely require significant time to make redactions to those records. Accordingly, I anticipate that reviewing these records, conducting legal research, and determining our response to your request will likely take until June 26, 2023, if we were to grant the request.

Sincerely,

/s/ Keaton Carr  
Keaton Carr
