REQUEST FOR PUBLIC RECORDS

New Jersey Law (N.J.S.A. 47:1A-1. At seq.), effective July 8th, 2002, provides that certain government records shall be made available to the public for inspection, examination, and copying. A request for public records must be submitted on this form to the Monmouth County Sheriff's Office via email at opra@mcsonj.org or postal mail to Monmouth County Sheriff's Office, Attn: OPRA Custodian of Records, 2500 Kozloski Road, Freehold, NJ 07728. If your request is approved, it will take some time to compile the records and make the copies requested, but they will normally be available within seven business days pursuant to statute. If a document or copy which has been requested is not a public record pursuant to statute or if it can not be provided within seven business days, you will be provided with a response with that information within the seven business days. Fees for copying public records are established by statute as follows: first page to tenth page, \$0.75 per page; eleventh page to twentieth page, \$0.50 per page; all pages over twenty \$0.25 per page. Pursuant to N.J.S.A. 471A-5c., this office may impose a reasonable special service charge if the nature, format, manner of collation, or volume of a government record is such that it cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate your request.

The terms "public record" and "government record" in New Jersey do not include:

- ✧ Criminal investigatory records
- ✧ Victim's records
- ✧ Inter-agency or Intra-agency advisory, consultative, or deliberate material
- ✧ Emergency or security information regarding computer hardware, software, and networks which, if disclosed, would jeopardize computer security
- ✧ Information regarding labor-management negotiations including statements of strategy or negotiating position
- ✧ Pension and personnel records in possession of this office
- ✧ Personal information including address, phone numbers, credit card information, or social security numbers

Evening Sheriff,

Hope this finds you doing well. My team and I saw you speaking on the news today and we would like to offer our support to get you and the people of New Jersey some answers.

Attached is thermal imaging of a drone in-flight from my thermal HUD during a recent mission in Texas where cartel "ghost" drones were flying in US Airspace. The ability to triangulate and interrogate an airborne object from the ground is not all that complicated with the appropriate training and technology. This is something that we have been training agencies to do since the creation of our international public safety UAS best practice program in 2018. You and I first spoke about this potential for chaos in Louisville years ago at NSA.

Apart of our team are 2 of the 7 people to ever be granted FAA flight authorization to fly Group 2+ UAVs in NJ Airspace. We can bring to bear a rapid intervention capability to interrogate this issue. All personnel and assets would come from US-trusted manufacturers (e.g. DoC and DoD recognized). To date no one has called any of us to address this matter which is why I would be grateful for your attention.

Please let me know if there is anything we can do, and I would be happy to come speak with you in person to answer any questions.

Josh
