RE: SF Sunshine Ordinance petition against Mayor, ref 72902

To the Supervisor of Records of the City and County of San Francisco:

NOTE: Every response you send or provide (including all responsive records) may be automatically and immediately visible to the general public on the MuckRock.com web service used to issue this request. (I am not a representative of MuckRock)

This petition is addressed to you in your capacity as Supervisor of Records, with regards to the actions of the Office of Mayor with regards to a Sunshine Ordinance / California Public Records Act request.

On May 8, 2019, I made an anonymous, Immediate Disclosure, request (see Attachment 1) for public records to Office of Mayor.

Unsatisfied with the Mayor's response, I filed an anonymous complaint with the SF Sunshine Ordinance Task Force (see Attachment 2) regarding my experience, which has been captioned by the Task Force as File 19047, *Anonymous v. Mayor London Breed and Hank Heckel, Office of the Mayor*. Included in the attachment are exhibits detailing the request, the Mayor's responses, and my reasoning that the response of the Mayor was inadequate under the Sunshine Ordinance and the California Public Records Act, all of which I incorporate into this petition.

As the complaint describes, the rights under the Sunshine Ordinance that I wish to vindicate are similar, but not identical (calendar vs. email content, and other minor differences), to those of my pending complaint against your office in its capacity as City Attorney in Task Force File 19044, *Anonymous v. Dennis Herrera, Elizabeth Coolbrith* and the related petition I filed with your office

as Supervisor of Records. Please however note the distinct email addresses used for each of these proceedings and keep communications separate.

While there is a City Attorney opinion¹ entitled "Providing Electronic Records In PDF Rather Than Word Format When Responding To A Public Records Request," I believe that the opinion does not apply to the Mayor's request for two reasons because the calendar data I have requested, unlike Word documents, do not contain 'track changes' metadata that includes prior revisions. Furthermore, if you do believe the opinion is applicable, I believe, though I am not an attorney, the opinion's interpretation of Govt Code 6253.9(f) in section "Protecting The Text Of The Electronic Record" is wrong for the reasons detailed in my Attachment 2, Section D.2. Regardless, none of that justifies a public agency not providing a justification for withholding the portions of the records I requested, but were not withheld. I also ask that you consider any potential conflict of interest in these various cases.

In parallel with Task Force complaint 19047, I am anonymously petitioning you under SF Admin Code Sec 67.21(d)² to, within 10 days, direct the Mayor to: (1) provide us with the full public records requested as specified in Attachment 1, (2) provide in writing any justifications for withholding specific parts of the responsive records, and (3) provide us all other relief requested of the Task Force in Section E of Attachment 2, to the extent compatible with your powers as Supervisor of Records.

²"(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the supervisor of records for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the supervisor of records shall notify the district attorney or the attorney general who shall take whatever measures she or he deems necessary and appropriate to insure compliance with the provisions of this ordinance."

Attachment 1 - request sent to mayorsunshinerequests@sfgov.org

May 8, 2019

This is an Immediate Disclosure Request under the San Francisco Sunshine Ordinance, made before close of business May 8, 2019.

** Note that all of your responses (including disclosed records) may be automatically and instantly available to the public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). **

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA):

"1. an electronic copy, in the original electronic format, with all calendar item headers, email addresses, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the Mayor's calendar, with all items, from April 28 to May 4, 2019 (inclusive)."

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, calendars exported in the .ics, iCalendar, or vCard formats with all non-exempt headers, metadata, attachments, etc. are best. Such formats are easily exportable from Google Calendar, Microsoft Outlook, Microsoft Exchange or other common calendaring/email systems.

However, if you choose to convert calendar items, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original calendar item record (as specified in request "1"), which contains many detailed headers beyond the ones generally printed out. If you instead provide PDFs or printed items with only a few of the headers or lacking attachments/images, and therefore withhold the other headers/attachments without justification, you may be in violation of SF Admin Code 67.26, 67.27, Govt Code 6253(a), 6253.9, and/or 6255, and we may challenge your decision.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous

B. NARRATIVE:

On May 8, 2019 we sent a San Francisco Sunshine Ordinance (Ordinance) and California Public Records Act (CPRA) request to the Office of Mayor (enclosed herein as Exhibit A, which also includes the communication back and forth with the Mayor's office and Heckel) for, *inter alia*:

"1. an electronic copy, in the original electronic format, with all calendar item headers, email addresses, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance, of the Mayor's calendar, with all items, from April 28 to May 4, 2019 (inclusive)."

On May 8, 2019 Heckel acknowledged the request and on May 9, 2019 Heckel replied on behalf of Breed with records responsive to the request in relevant part:

Re: Public Records Request received May 8, 2019

To whom it may concern:

This responds to your Immediate Disclosure Request below.

Response Dated April 24, 2019 *[sic]*

Thank you for your inquiry. Please see attached the requested information.

This information has been provided in a PDF format for its ease of transferability and accessibility, consistent with Cal. Gov. Code 6253.9(a)(1). Moreover, pursuant to Cal. Gov. Code 6253.9 (f), an agency is not required to provide an electronic record in an electronic format that would jeopardize or compromise the security or integrity of the original record. The PDF format ensures the security and integrity of the original record.

and attached a PDF form (Exhibit B – the PDF file itself can also be downloaded at https://cdn.muckrock.com/foia_files/2019/05/09/MuckRock_Calendar_Request_4-27_-_5-4.pdf) of the requested calendar including only: times, physical locations, and titles of events and names or descriptions of some attendees, to which I replied on the same day in relevant part:

We do not believe your arguments re: the acceptability of PDF format are valid and intend to contest them at the Sunshine Task Force. First, 6253.9(f) protects the integrity and security of the *original* record, not the copy of the record you provide to the public. Regardless, PDFs which are not digitally signed can be quite easily edited by anyone, no differently than editing say the .ics calendar file you could have provided to us. Second, 6253.9(a)(1) plainly requires provision of the *[sic]* in "any electronic format in which it holds the information" and we asked for the original format. Our understanding of computer systems indicates that format is not PDF.

In the mean time, I will point out that the original electronic format of the Mayor's calendar may contain substantial additional information (such as email addresses, conference call numbers, actual names of attendees instead of group descriptions, the acceptance/rejection of individual attendees to the invite, etc.) than that which was printed out for us. In addition to, and separately from, not being in the original format, by converting to PDF, you may have withheld such portions of the record from us, without pointing out to us that the portions were in fact withheld nor providing statutory justification for exemption (required by CPRA and the Sunshine Ordinance) nor providing the name and title of the official responsible for such withholding. Please provide all such information, if any information was withheld in the PDF you released to us, as compared to the original format.

Since I had previously requested the entire calendar items in their original electronic format, I proceeded to file this complaint.

C. COMPLAINTS:

I make the following allegations. I am not an attorney, so my understanding is associated with proper sections of the law to the best of my (lay) ability.

1. Violations of SF Admin Code Sec. 67.27. Justification Of Withholding

On May 9, 2019, Heckel's response did not justify withholding portions of the responsive calendar records (namely the headers and metadata, which we had specifically requested in our original request). No statutory nor case law authority was provided. Note Heckel provided an argument (which we believe to be wrong, see below) for why he had not provided the original format. He did not provide any justification for withholding the header and metadata information, even in PDF format. Our original request did indicate that if the Mayor were to convert the calendar to PDF format, we still wanted the entire record with all headers, metadata, etc.

We specifically asked for calendars in the original electronic format. Calendars are not stored in PDF format by calendaring systems. From the City's SB 272 enterprise systems list, it appears the

City¹ uses Microsoft Exchange/Outlook as its email and calendaring system. Such a system should be able to export a full copy of calendar items in iCalendar/.ics format, which preserves most if not all of the item's content. This could be done by simply printing out the .ics/iCalendar exported file and redacting as needed.

2. Violations of SF Admin Code Sec. 67.26. Withholding Kept To A Minimum

On May 9, 2019, responsive records as provided in an attachment to Heckel's response (Exhibit B) did not withhold the minimum necessary portions of the calendars requested. While it may be argued that some of the headers of a calendar item could be withheld for privacy reasons (though we do not concede such point), that does not mean the Mayor can withhold all portions of the calendar items other than Time, Title, Physical Location, and (sometimes) Attendee Names/Descriptions.

3. Violations of SF Admin Code Sec. 67.21. Process For Gaining Access To Public Records; Administrative Appeals.

67.21(b) ("...If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance....") was violated by Heckel's May 9, 2019 response wherein he did not indicate that the Mayor was withholding the remaining portions of the full calendar item records, with headers and metadata.

67.21(1) ("Inspection and copying of documentary public information stored in electronic form shall be made available to the person requesting the information in any form requested which is available to or easily generated by the department...") was violated on May 9, 2019 since Heckel provided the calendars requested in PDF format and not the raw/original format stored by the email servers. This original format (which we specifically requested) contains those additional headers we requested. As described in Complaint 1, paragraph 2, we believe exporting of calendar items in iCalendar/.ics format should be easy given the City's systems.

4. Violations of CA Govt Code 6253.9

6253.9(a)(1) ("...The agency shall make the information available in any electronic format in which it holds the information....") was violated for reasons stated under the second paragraph of complaint #3.

5. Violations of CA Govt Code 6253

6253(a) ("Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law.") was violated for reasons stated under complaint #2. Portions of the responsive email records (headers, metadata) that are not exempt under the law were deleted by using the PDF print-out formats that the Mayor chose.

¹For some reason, it appears only SF Public Health has listed its email system, not the Mayor, so this is an extrapolation.

6. Violations of CA Govt Code 6255

6255(a) was violated for reasons stated under complaint #1.

D. REBUTTALS:

1. CA Govt Code 6253.9(a)(1) does not permit use of formats for “transferability and accessibility”

In Heckel’s May 9 response, the Office of the Mayor argued “This information has been provided in a PDF format for its ease of transferability and accessibility, consistent with Cal. Gov. Code 6253.9(a)(1).”

By its plain language, that is not what 6253.9(a)(1) requires. CA Govt Code 6253.9(a) reads:

(a) Unless otherwise prohibited by law, any agency that has information that constitutes an identifiable public record not exempt from disclosure pursuant to this chapter that is in an electronic format shall make that information available in an electronic format when requested by any person and, when applicable, shall comply with the following:

- (1) The agency shall make the information available in any electronic format in which it holds the information.
- (2) Each agency shall provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. The cost of duplication shall be limited to the direct cost of producing a copy of a record in an electronic format.

Since there is no ambiguity in the statute’s language, 6253.9(a)(1) should be given its plain meaning. Nothing in this clause refers to conversion of files for transferability and accessibility.

2. CA Govt Code 6253.9(f) protects the security and integrity of originals, not copies

In Heckel’s May 9 response, the Office of the Mayor argued “pursuant to Cal. Gov. Code 6253.9 (f), an agency is not required to provide an electronic record in an electronic format that would jeopardize or compromise the security or integrity of the original record. The PDF format ensures the security and integrity of the original record.”

This argument fails for two reasons.

Most importantly, 6253.9(f) states (emphasis mine) “Nothing in this section shall be construed to require the public agency to release an electronic record in the electronic form in which it is held by the agency if its release would jeopardize or compromise the security or integrity of the *original record* or of any proprietary software in which it is maintained.” The Mayor appears to believe that the PDF format makes it harder for someone to modify the file. However that would be (if it was true) a protection of the integrity of *the copy*. That is not what the statute requires.

Otherwise, physical copies could not be provided under the CPRA, as they can be easily altered in writing/printed, and recopied, and passed off as the originals.

Secondarily, the PDF format, in the form that the Mayor has used it to provide the responsive record on May 9, does not even protect the security and integrity of *the copy*. Anyone can modify a PDF file with, among many other products, Apple's Preview app (a free default app that comes with Mac OS X computers), Adobe's Acrobat or Photoshop. Persons could also of course modify the iCalendar/.ics exported file copies just as easily. If the Mayor wants to use the PDF format to protect the copies (even though that is not what the statute requires), they would need to be, for example, digitally signed, which is an information technology solution that uses cryptography to make it extremely difficult to pass off an altered version of the copy as identical to the original. My examination of the PDF file provided by Heckel (https://cdn.muckrock.com/foia_files/2019/05/09/MuckRock_Calendar_Request_4-27_-_5-4.pdf) shows no indication of a standard PDF digital signature.

E. RELIEF REQUESTED

I have a parallel pending complaint (*Anonymous v. Dennis Herrera, Elizabeth Coolbrith*, SOTF File No. 19044) against the Office of the City Attorney for similar (but not identical) claims regarding alleged failure to disclose emails (not calendars) in their full, original electronic format. I ask the Task Force to keep in mind the possible conflicts of interest apparent in an attorney from the Office of City Attorney assisting the Task Force on this complaint, for which a ruling in my favor would tend to also favor finding against the City Attorney in case 19044 as well.

I ask the Task Force to find that the Office of the Mayor violated the Sunshine Ordinance (including any requirements of the CPRA incorporated by reference in SF Admin Code) on May 9, 2019.

I ask the Task Force to direct the Mayor or her delegate to produce the full calendars we originally requested, with redaction of only those headers or metadata (if any) that can be justified legally and explicitly.

I ask the Task Force to direct that calendars be produced by San Francisco agencies subject to the Sunshine Ordinance in their original format, preserving headers and metadata, except those that can be withheld with explicit justification.

I ask for a hearing, to the extent possible given my desire to remain anonymous.

I reserve my right to petition the Supervisor of Records and/or any judicial remedies that may be available.
