Please do not include spam or draft emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the

generally used From/To/Subject/Sent/etc. If you instead provide PDFs or printed emails with only a few of the headers or lacking attachments/images, and therefore withhold the other headers/attachments without justification, you may be in violation of SF Admin Code 67.26, 67.27, Govt Code 6253(a), 6253.9, and/or 6255, and we may challenge your decision.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous
