Subject: QUICK FOLLOW UP QUESTIONS...

Good afternoon Lt. Lockard, I hope all is well. I'm so sorry to bother you, especially on a Monday, but just wanted to ask a few follow up questions as our group attempts to wrap up our project. If you have time, would you be so kind to provide your feedback? If not, I completely understand. Thank you again for your time and have a wonderful day.

1. You'd mentioned that most department members were either introduced to Ring through social media or from personal use, but how/where was the department introduced to the product? Was the introduction at a conference, an MCSA convention, or did Ring come to the police department to present the product?

When we saw other departments joining on social media and through the neighbors app, we inquired.

2. Did Ring provide any incentives to the department (i.e. free doorbell cameras)?

To my knowledge no member of our Department has received a free device.

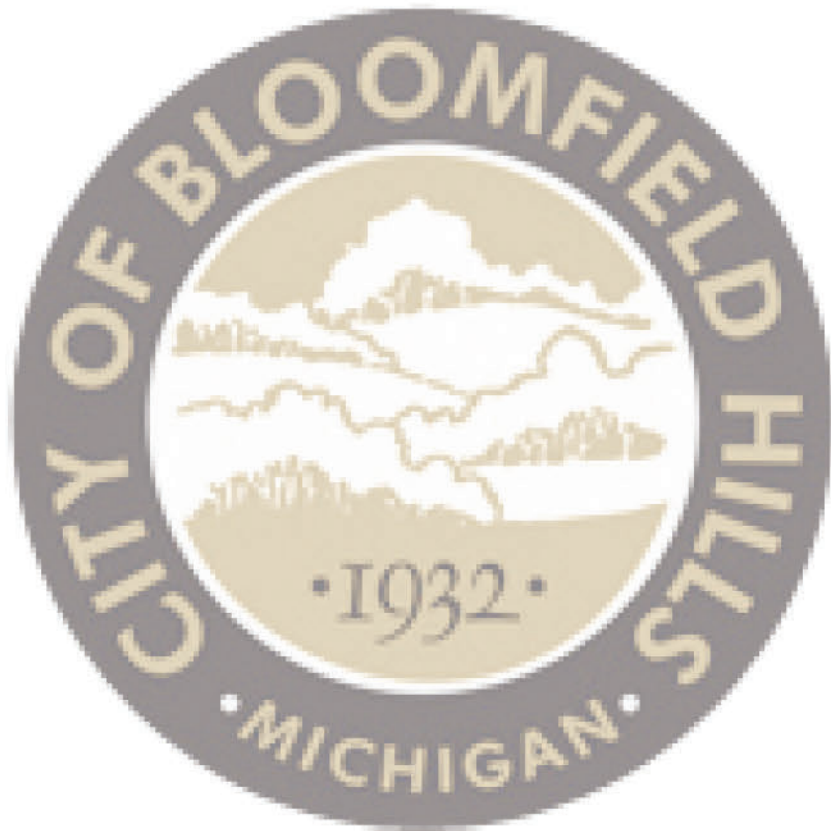

3. Does Ring offer training and education to the department to ensure the department is getting maximum benefit of the service?

Yes, they offer initial training, have a resource and training area for the portal, and will provide ongoing training if needed.

4. With Ring being a resourceful tool for police departments throughout the country, can you share one benefit from the utilization of Ring in your department?

With the use of the law enforcement portal being so new to us, we have not had to actively use it in criminal investigation but it is good from a community engagement standpoint.

Subject: Bloomfield Hills Public Safety using Neighborhoods by Ring

Good afternoon Chief Clason,

My name is Torri Mathes and a student at Oakland University. I am reaching out because I am working on an assignment for my MPA class and we are studying the results of the use of the Neighbors by Ring app and how police departments/residents are implementing it.

I noticed that Bloomfield Hills is one of the cities that use the app and I have a few questions below we are asking all the departments we are reaching out to. I would love to have Bloomfield Hills' insight on the application.

Here are the following questions:

1. How did you hear about Ring?
2. How does the process with Ring work? i.e. Do you get a tip or do you request first?
3. What did you know about Ring before joining the network?
4. Does this create more collaboration with surrounding police departments?
5. Are there any concerns for privacy with accessing the information later on for an investigation?
6. Does the resident who owns the Ring doorbell system have a right to withhold recordings from their personal device? - (if yes) Can this data be Subpoenaed from Ring Servers if a resident refuses?
7. Although this technology is new, has the use of Ring had any impact on arrests?
8. Are there any negative implications from the use of this technology (i.e. functionality is slow)?
9. What is the public's perception regarding the use of this service?

Thanks,
Torri

Subject: Ring's Law Enforcement Program - Neighbors Portal By Ring

Lieutenant Lockard,

Thank you for your interest in our law enforcement program - Neighbors Portal by Ring. Please find a summary of our program, below.

Program Summary

Our platform combines the deterrent value of a visible security system (devices) with the power of an actively engaged community ([via a free app](#)) to reduce criminal activity and to help solve open investigations.

Neighbors Portal is Law Enforcement's access to our platform. Highlights include:

1. **No Cost** - Neighbors Portal by Ring is a free service offered to Law Enforcement.
2. **Community Engagement** - Law Enforcement's ability to join the conversation on the [Neighbors](#) app (in response to videos or comments posted by the Neighbors community).
3. **Alerts** - Ability to post alerts based on proximity to the recipient, in the [Neighbors](#) app.
4. **Video Request** - Ability to request videos from Ring device owners who may have captured footage, that may be of help to you for new or active investigations.

We would love to share information on the program through a live webinar, as per your convenience and availability. Please have a look at the link below and book a time that works for you. The webinar shouldn't take us more than 1 hour.

Booking Link: <https://rohitmurti.youcanbook.me>

While we encourage the participation of as many officers as are interested, the presence of the following personnel would be essential to ensure optimal experience and results with Neighbors Portal by Ring:

- Partnership Coordinator
- Public Information Officer / Social Media Liaison
- Investigative - CID / Crime / Property Crime
- Community Outreach Officer
- Social Media Coordinator

Please ensure you have the following:

- Screen, so that we may share our screen with you
- Speakers (desktop, laptop or external)
- Mic

Acquaintance with the [Neighbors](#) app, prior to our meeting, would be beneficial for engagement. Please feel free to call or email me if you have any questions. Thank you for your time. We look forward to speaking with you soon!

Sincerely,

[Rohit D. Murti](#)

The webinar shouldn't take more than 45 minutes. While we encourage the participation of as many officers as are interested, the presence of the following personnel is essential to ensure optimal experience and results with Neighbors Portal by Ring:

- Primary Point of Contact
- Public Information Officer / Social Media Liaison
- Investigative - CID/Crime/Property Crime
- Community Outreach Officer
- Social Media Coordinator

Acquaintance with the Neighbors app (<https://shop.ring.com/pages/neighbors>), prior to our webinar, would be beneficial for engagement. Please contact me in case of any questions. Thank you for your time.

Lt Lockard,

Great news! The MOU agreement is fully signed. Attached, is the document for your records. I've copied your Partner Success Manager, Barry Parker, who will set up a 15 minute call with you to discuss the next steps of Bloomfield Hills Police Department's Neighbors Portal onboarding.

Thank you for your time. We look forward to working with you!

Sincerely,

Danny

The webinar shouldn't take more than 45 minutes. While we encourage the participation of as many officers as are interested, the presence of the following personnel is essential to ensure optimal experience and results with Neighbors Portal by Ring:

- Primary Point of Contact
- Public Information Officer / Social Media Liaison
- Investigative - CID/Crime/Property Crime
- Community Outreach Officer
- Social Media Coordinator

Acquaintance with the Neighbors app (<https://shop.ring.com/pages/neighbors>), prior to our webinar, would be beneficial for engagement. Please contact me in case of any questions. Thank you for your time.

Neighbors Year In Review

Thank you for your commitment to protect and to serve. By joining Neighbors, you've brought communities together to make neighborhoods safer. Below are a few of those examples.

Reunited With The Help Of Neighbors

A community in California worked together through Neighbors to identify and locate a missing person. A detective with San Bernardino County Sheriff's Department (SBCSD) used Neighbors to create a post, which included a photo and description of the missing person, as well as the detective's

contact information.

A community member saw the post on Neighbors and recognized the person. SBCSD was able to utilize the information provided by the community to safely reunite the missing resident with his family. Lastly, the detective was able to provide the community with peace of mind by commenting on his original post with the update.

Staying Informed During Hurricane Dorian

The Winter Park Police Department utilized Neighbors to prepare their community for the storm and help keep them safe. The agency's post kept the community informed and connected with real-time updates during the natural disaster, and residents showed their appreciation of the information shared.

Hurricane Preparation

We're ready to help and respond to calls for service in #OurCommunity during this unpredictable storm. Officers met earlier this morning to discuss plans ahead of the storm and city officials are actively monitoring hurricane conditions in the Emergency Operations Center. We ask our citizens to be prepared. Prepare for the worst, but hope for the best! As always, please don't hesitate to call us at  for assistance. ...[Show Less](#)

Thank you all for the kind words :) We are grateful that the storm didn't affect the city in a major way. We still have until the end of November until we are officially out of the woods this hurricane season. Have a great day all :)

Community Works Together on Neighbors to Identify a Serial Car Burglar

Multiple reports were posted on Neighbors of a car burglar in El Portal and surrounding areas. The El

Portal Police Department saw those videos and made the connection with neighboring agencies. Two days later, the suspect was located.

“The Neighbors App does seriously help with us connecting with the community.”

- Officer Paul Battaglia, El Portal Police Department, Florida

We appreciate you connecting with your communities through Neighbors. When communities work together, safer neighborhoods become a reality.

Barry,

Can we get our logo on the announcement? I noticed Birmingham has theirs.

Hi Dustin ,

Reaching out to confirm that the in-app announcement has gone out and your Neighbors portal features are now fully active. Coordinators and Early Adopters should receive email invitations so they can log in and begin using Neighbors Portal.

Key Facts about the Neighbors app & local law enforcement are available [here](#) for reference. Ring's PR team is copied on this email (neighborspr@ring.com) please be sure to connect with us if you receive any media inquiries.

Guidelines

- **All public facing messaging and materials that mention Ring and/or the Neighbors app must be approved by both parties**
- **Media inquiries and public requests for information about Ring or the Neighbors app should be flagged with both parties by contacting Ring's PR team via neighborspr@ring.com**

That's it for now! We'll be on standby for any questions and keep us posted on any plans for outreach.

Thank you,

Barry Parker

1. How was Ring introduced to the police department?
2. What is the process or procedure of obtaining video?
 - Does the resident usually have a complaint/concern, which grants the police permission to access to the video?
 - Do the police have access to virtual maps of residence who have the service?
 - Can the police request access to a residents' video if there is a person of interest?
3. What did you know about Ring before joining the network?
4. Does this create more collaboration with surrounding police departments?
5. Are there any concerns with privacy for accessing information later for an investigation?
6. Does the resident who owns the Ring doorbell system have a right to withhold recordings from their personal device?
 - If the resident chooses to withhold the recording, can this data be subpoenaed from Ring/Amazon servers if a resident refuses access
7. Although this technology is new, has the use of Ring had any positive impact on arrests.
8. What is the public's perception regarding the use of this service?

9. With Amazon purchasing Ring, are police departments more apt to recommend this security system over others
10. Are there any negative implications from the use of this technology (i.e. functionality is slow)?

1. How was Ring introduced to the police department?

Social media, department member's personal use of the devices/neighbors application.

2. What is the process or procedure of obtaining video?

- Does the resident usually have a complaint/concern, which grants the police permission to access to the video?
- Do the police have access to virtual maps of residence who have the service?
- Can the police request access to a residents' video if there is a person of interest?

<https://support.ring.com/hc/en-us/articles/360031595491-How-Law-Enforcement-Uses-the-Neighbors-App>

3. What did you know about Ring before joining the network?

As a Department we were aware that the Ring was the supplier of doorbell cameras and other camera devices. Several members have Ring devices at their homes and so there was some knowledge of the neighbor's application and features.

4. Does this create more collaboration with surrounding police departments?

It has not yet, but certainly has the potential to.

5. Are there any concerns with privacy for accessing information later for an investigation?

The Bloomfield Hills DPS takes the privacy of all individuals involved in a case very seriously. We protect information to the extent allowed by law.

6. Does the resident who owns the Ring doorbell system have a right to withhold recordings from their personal device?

Through the Ring Law Enforcement Portal, we would not know that a Ring owner has declined to share a video. Ring has given their users that prerogative.

- If the resident chooses to withhold the recording, can this data be subpoenaed from Ring/Amazon servers if a resident refuses access

If the department became aware of the existence of a Ring device through other investigative methods and felt there was evidence critical to a case we could use

legal process to compel the production of that evidence. This would be similar to compelling the production of any other type of evidence, i.e. documents.

7. Although this technology is new, has the use of Ring had any positive impact on arrests.

We have not needed to use the system since going live in September 2019.

8. What is the public's perception regarding the use of this service?

We have received no feedback to date either way.

9. With Amazon purchasing Ring, are police departments more apt to recommend this security system over others

We cannot speak for other Departments, but no this does not make us more likely to recommend their product over another. It has the potential to be a useful tool but is just one of many tools used by investigators.

10. Are there any negative implications from the use of this technology (i.e. functionality is slow)?

Not that we have found.

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 21 day of August, 2019 by and between Ring LLC ("Ring") and Bloomfield Hills Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Bloomfield Hills, MI ("City") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to City residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.
