Hi Sue,

Can we do June 4 at 10am? I will send out an invite to the NEPA team if it is good.

As far as the answers to the questions, I have to write Chapter 2 of the EA before I leave on the 6th and am waiting for your answers to questions....If you wait does that mean you won't have answers in writing that you can send me?

Also, is the information that you will provide the answers to the questions we sent?

Thanks,

Hi Donna

I think after going through these questions one by one last night and today, it is more important than ever to get these folks up to speed on seismic operations. I cant help but think a lot of these question could be set aside after our presentation. Were you able to get the meeting set up for that date? I would really like you there.

Also I would like to put off submitting our answer until after that date, maybe tues or wed so that we don't get questions back. Thoughts?
